THE SPRAGUE-GENERAL ELECTRIC SYSTEM

of MULTIPLE UNIT CONTROL for ELECTRIC TRAINS

Challenges comparison with other systems on the following points :

1. The Sprague-General Electric System is neither in an experimental nor an untried stage, but is to-day in satisfactory operation on 1,162 cars running on twenty-three roads in the United States, Great Britain, France, Germany and Italy.

2. Contracts for additional Sprague-General Electric Control equipments are now being filled which will bring up the total number of cars to 2,243 and the number of roads to forty. A list of these roads will be sent on application.

3. The Sprague-General Electric System of Control is entirely independent of the brake system, so that should the air brakes fail, the train could still be started, stopped or reversed by the motorman.

4. The Control apparatus of the Sprague-General Electric System, is operated direct by line current without the intervention of storage batteries working a more or less complicated system of electro-pneumatic valves. As long as there is power to move the train, the same power will operate the Sprague-General Electric System of Control.

5. The Sprague-General Electric System of Train Control is the fruit of eleven years of unrivalled experience in the manufacture of controllers for over 50,000 cars operating on over 25,000 miles of road in all parts of the world.

Note.—In the above classification those roads whose statements are grouped under the head of Class 1 comprise all lines that may be designated "common carrier railroads" in the full sense of the expression; Class 2 is made up of railroads that are engaged in carrying passengers only; and Class 3 those exclusively engaged in the transportation of freight; Class 4 comprises switching, belt, terminal, connecting, and toll railroads; Class 5 consists of private, logging, ore, and other railroads used in conjunction with the enterprises with which they are connected; and Class 6 includes roads not fully brought into operation, and those whose operations are not fully reported. Class 4 is omitted because the traffic operations of these switching and transfer railroads is merely a duplication of figures contained in Class 1; omitting these transportation statistics necessarily causes the omission of all returns responsive thereto.

NOTE.—The "annual increase in mileage" usually represents the net increase within the year named. Above will be found a detailed statement of railroad construction for the three years 1900–1902, and similar statements for preceding years will be found in the past numbers of the MANUAL. The total mileage of all lines in the country at the end of 1901, as shown by the revised statements presented herewith, was 198,768.08 miles; construction during the year, as per construction table above, 5,120.88 miles—total, 203,888.96, from which deduct sundry lines reported abandoned, transferred to side track, and equipped with electricity, aggregating 757.35, leaving mileage, Dec. 31, 1902, 203,131.61 miles.

Statement showing mileage of railroads by States and Groups on 31st of December, each year, at various periods since 1850 (excluding all elevated city passenger railways):

NOTE.—The mileage operated in 1897–1902, as above, is exclusive of switching railroads, which in 1897 were 741.37 miles, in 1898, 338.85 miles, in 1899, 310.61 miles, in 1900, 350.72 miles, in 1901, 462.28 miles, and in 1902, 448.88 miles; these roads not reporting details of passenger traffic or earnings, as also the mileage of railroads doing a freight business exclusively. (See class 3 in table on p. iii.) For the same reason the mileage of switching railroads is omitted from the group tables following.

7. Capital Stock.—The authorized capital stock is $2,378,000 in $100 shares—10,500 shares of common stock and 13,280 shares of preferred stock, the latter being entitled to 5 p. c. non-cumulative dividends. All of the common stock and 12,466 full-paid shares of the preferred stock were issued, besides a small amount of preferred stock scrip. Provision was made for the retirement of the preferred stock, in the mortgage securing the consolidated refunding bonds, and up to June 30, 1902, all except $64,400 of such stock had been retired.

8. Funded Debt.—The funded debt outstanding on June 30, 1902—total, $9,283,000, as per general balance sheet—consisted of the following issues:

$3,360,000 1*st gold* 5*s of Jan.* 1, 1943; authorized issue, $16,000 per mile. Secured on the main line, Fort Fairfield Branch and Ashland Branch, a total of 211.35 miles.

$157,000 2*d gold* 5*s of July* 1, 1945. Secured on the same property as, but subject in lien to, the 1st mtge. bonds.

$1,500,000 *Piscataquis Division* 1*st gold* 5*s of Jan.* 1, 1943. Secured by 1st mtge. on the line from Oldtown to Greenville, Me., 76 miles, on the repair shops in Oldtown, and on the improvements and new work provided for in the mortgage.

$500,000 *Van Buren Extension* 1*st gold* 5*s of Jan.* 1, 1943. Secured by 1st mtge. on the line from Caribou to Van Buren, Me., 33 miles, and on the equipment and appurtenances thereof.

$2,813,000 *consol. refund. gold* 4*s of July* 1, 1951, out of a total of $20,000,000 of such bonds authorized. Of the unissued bonds, $12,687,000 are reserved for the retirement of the preferred stock, the underlying mortgage bonds and the car trust obligations, as well as to provide for additions and improvements, the bonds reserved for additions and improvements being issuable at not exceeding the rate of $250,000 a year. The remaining $4,500,000 of bonds are to be used only for extensions, and for the acquisition of, and to discharge any liens on, other railroads; the issue for either of the purposes mentioned not to exceed the rate of $25,000 per mile of road, including equipment. The mortgage covers the entire property of the company, whether now owned or hereafter acquired through the issue of the bonds it secures; subject, however, to prior liens. It is provided that old bonds taken up shall not be canceled until at least 99 p. c. of the class to which they shall respectively belong shall have been retired, but that in the meantime they shall be stamped "not negotiable" and deposited with the trustee under this mortgage as additional security therefor.

$225,000 *Aroostook Northern RR.* 1st 5s *of Oct.* 1, 1947, assumed by Bangor and Aroostook RR. Co. Secured on the line from Caribou to Limestone, Me., 15.91 miles.

$500,000 *Aroostook County* 4½s *of Sept.* 1, 1912, guaranteed by Bangor and Aroostook RR. Co., both principal and interest.

$228,000 *Aroostook County* 4½s *of July* 1, 1915, guaranteed by Bangor and Aroostook RR. Co., both principal and interest.

9. **Car Trust Bonds.**—The $860,000 outstanding on June 30, 1902, consisted of $180,000 (original issue, $400,000) 6 p. c. Series A bonds, dated Oct. 1, 1896, payable $20,000 each 1st of April and Oct.; and $680,000 (original issue, $800,000) 5 p. c. gold Series B bonds, dated July 1, 1900, payable $40,000 each 1st of April, and Oct., beginning April 1, 1901. The "Series A" bonds cover 758 flat, 425 box, 20 stock and 15 caboose cars; "Series B" bonds cover 800 flat, 770 box, 50 stock and 6 caboose cars. The $210,000 equipment notes were retired during the year ending June 30, 1902.

10. RAILROAD LEASED BY THE BANGOR AND AROOSTOOK RR. CO.

FISH RIVER RR.—Ashland to Fort Kent, Me., 52.5 miles. Gauge, 4 ft. 8½ in. Rail (steel), 70 lbs.

BOSTON AND MAINE RAILROAD SYSTEM.

The system of railroads owned, leased or operated by the Boston and Maine RR. on June 30, 1902, aggregated in length of main track 2,326.67 miles, as follows:

Boston and Maine Railroad and Leased Lines	2,265.50	miles.
Sullivan County Railroad	26.00	"
Vermont Valley Railroad	24.00	"
York Harbor and Beach Railroad	11.17	"
Total mileage of system operated by B. & M. RR.	2,326.67	miles.

Although the Sullivan County RR., the Vermont Valley RR., and the York Harbor and Beach RR. are operated directly by the Boston and Maine RR., their operations are not included in the report of the operating company, which simply acts as agent for the owners. The Vermont Valley and the Sullivan County are controlled in the interest of the Connecticut River RR. Co., a leased company of the Boston and Maine RR.

The Boston and Maine RR. owns and operates an electric branch over the principal streets of Portsmouth, N. H., and through the towns of Rye and North Hampton to Rye Beach Station. An electric branch of the Concord and Montreal RR. is projected from Concord to Nashua, N. H. The section between Concord and Manchester, 18 miles, was opened for traffic on Aug. 11, 1902.

The following statement shows in detail the mileage (exclusive of trackage rights) of the system, and its capitalization, on June 30, 1902. The amounts of stocks and bonds afloat represent the securities outstanding, the difference between such amounts and the total capitalization being the amounts of capital stock and of funded debt held by companies of the system:

1. History.—Consolidation, May 9, 1890, of the Boston and Maine RR., Eastern RR. Co., and Portsmouth, Great Falls and Conway RR. Co. The Eastern RR. in New Hampshire was absorbed on June 1, 1899; the Portsmouth and Dover RR., Portland, Saco and Portsmouth RR., and Portland and Rochester RR. on Jan. 1, 1900; and the Central Massachusetts RR. on April 1, 1901 (see MANUAL for 1897, page 318, and MANUAL for 1901, page 4). During the year ending June 30, 1902, the Portsmouth Electric Branch was extended 1.87 miles, and the Asbury Grove Branch, 1.06 miles, was abandoned and dismantled.

Purchase of Central Mass. RR. Stock.—During the year ending June 30, 1902, the company purchased 1,234 shares of preferred stock and 389 shares of common stock of the Central Massachusetts RR. Co., at a cost of $86,878.96. The shares thus acquired, together with those previously purchased, made a total of 39,216 of the preferred stock and 34,105 of the common stock. Between June 30, 1902, and the date of the annual meeting, Oct. 8, 1902, a few additional shares were purchased, and there remained outstanding on the latter date 216 shares of the preferred stock and 684 shares of the common stock.

Additional Stock and Bonds Authorized.—At the annual meeting held Oct. 8, 1902, the stockholders voted to issue $1,000,000 of additional common stock and $2,000,000 of new 20-year bonds, for the purpose of funding floating indebtedness of the company and to provide for its future needs for abolishing grade crossings, purchasing additional equipment, making permanent improvements to the road, and other necessary and lawful purposes. As of January 1, 1903, the company issued $1,000,000 of the bonds, bearing interest at the rate of 3½ per cent. per annum, and 2,000 shares of the stock.

(now leased to the New York, New Haven and Hartford RR. Co.) and the Concord and Montreal RR. (now leased to the Boston and Maine RR.). The annual rental is $3,082.20, being 6 per cent. on the cost of the line, $51,370. The contract for use of the line from Sherbrooke to Lennoxville, Que., 2.95 miles, is between the Grand Trunk Ry. Co. and the Connecticut and Passumpsic Rivers RR. Co. It is dated Sept. 23, 1873, and provides for a fixed annual rental of $1,750 for use of track and buildings. Trackage rights over the Troy Union RR. are secured through one-quarter ownership by the Fitchburg RR. Co. of the capital stock of the Troy Union RR. Co., another one-quarter being owned by the Delaware and Hudson Co. and the remaining one-half by the New York Central and Hudson River RR. Co. The entire expenses of the Troy Union RR. are divided between the three proprietary companies on the basis of ownership.

A statement of operations and income for the seven fiscal years ending June 30, 1895 to 1901, inclusive, is in the MANUAL for 1902, on page 8. A change in the method of distributing the items of earnings, etc., introduced in the report for the year ending June 30, 1902, makes a true comparison with the years previous to 1901 impossible. For this reason, and because of the fact that the statistics of the Fitchburg RR. are included in the reports for the last two fiscal years only, it has been decided to discontinue the publication of the statistics for years previous to 1901.

It should be understood that the obligations of the Boston and Lowell RR. Corp., Concord and Montreal RR., Fitchburg RR. Co. and Northern RR. on account of the lines leased by them, are assumed by the Boston and Maine RR. only during the continuance of its leases of the parent roads. The dates and terms of the leases of such subordinate leased lines given in the preceding statement refer in most cases to the agreements with the direct lessees. In the cases of the Manchester and Keene RR., Nashua, Acton and Boston RR., Whitefield and Jefferson RR. and the Northern RR. leased lines they refer to the agreements between the direct lessees of those roads and the Boston and Maine RR. The reasons for varying from the rule in these cases will be seen by referring to the separate statements for the roads named.

The Manchester and Keene RR. (which see) is owned jointly by the Concord and Montreal RR. and the Boston and Lowell RR. Corp.

HISTORY.—The Concord and Montreal RR. is a consolidation, Sept. 19, 1889, of the Boston, Concord and Montreal RR. and the Concord RR. Corporation. The constituent companies retain a nominal corporate existence so as not to impair the validity of certain leases and contracts which cannot legally pass to the consolidated corporation; and so long as they continue corporations the Concord and Montreal RR. is obliged to pay to the Concord RR. Corporation $500 a year, and to the Boston, Concord and Montreal RR. $300 a year, for organization expenses. The railroads owned, leased, and controlled by this corporation are leased to the Boston and Maine RR. for 91 years from April 1, 1895, the lessee assuming all liabilities of this company, and agreeing to pay as rental dividends of 7 p. c. per annum on the capital stock. The lease further provides, that in the event of the termination of the lease of the Boston and Lowell RR. to the Boston and Maine RR. the former shall become entitled to the remaining term of the lease of the Concord and Montreal RR. (See Manual for 1902, page 10.)

At a special meeting, held April 8, 1903, the stockholders voted to acquire the property of the Concord Street Ry., and to issue for that purpose not exceeding 5,000 shares of capital stock. It has been decided to issue at once 1,000 shares of Class 4 stock.

7. Funded Debt.—Funded debt consists of 1st gold 4s of May 1, 1920. The amount authorized by the mortgage and shown as a liability on the general balance sheet is $12,000,000, but there are only $11,000,000 of bonds outstanding, $1,000,000 being reserved in the hands of the trustee to be issued only for betterments and improvements under proper restrictions. The bonds are secured on the entire property and assets of the company. The bondholders have the privilege of electing three members of the board of directors, and for that purpose voting power attaches to the bonds—one vote for every $100 thereof.

The Grand Trunk Ry. Co. owns more than $2,000,000 of the capital stock, and guarantees the interest on the bonds under a traffic contract by the terms of which it agrees to provide for any deficiency up to an amount equal to 30 p. c. of the gross receipts from business interchanged between it and this company.

2. Water Lines.—A regular marine service for distributing and collecting summer travel is maintained between the road's terminus at Rockland and Islesboro and Castine; also between the terminus of the Bar Harbor Branch at Mt. Desert Ferry and Hancock Point, Sorrento, Sullivan, Bar Harbor, Northeast Harbor, Seal Harbor, and Southwest Harbor. In 1901 the company added to its fleet used in this service the steamboat Pemaquid, at a cost of $50,000, and in 1902 it built and put in operation the steamboat Norumbega, costing $62,000. The fleet now consists of the Sappho, 137 tons; the Sebenoa, 44 tons; the Pemaquid, 225 tons; and the Norumbega, 142 tons. The company also operates a steam ferry across the Kennebec River between Bath and Woolwich, which supplies a connection between the Bath Branch and the Rockland Branch. The company controls the Portland, Mt. Desert and Machias Steamboat Co.

3. History—Consolidation, Oct. 28, 1862, of the Androscoggin and Kennebec RR. Co. and the Penobscot and Kennebec RR. Co. The Portland and Kennebec RR., the Somerset and Kennebec RR. and the Leeds and Farmington RR. were absorbed on Nov. 16, 1874; the Maine Shore Line RR. (Mt. Desert Branch) in 1888, and the Knox and Lincoln Ry. (Rockland Branch and Woolwich Ferry) in Feb., 1901. (See MANUAL for 1885, page 6; MANUAL for 1890, page 38; and MANUAL for 1901, page 17.) The old Knox and Lincoln RR. Co. (see MANUAL for 1892, page 358) retained a nominal corporate existence until Aug 9, 1901, when it was absolutely dissolved by a decree of the Supreme Judicial Court of Maine, its powers passing to the Maine Central RR. Co.

Consolidated Mortgage Bonds.—Secured by first mortgage on the main line from Portland to Bangor, and on the Bath, Farmington, Lewiston and Waterville Branches, an aggregate of 305.25 miles. (See Manual for 1900, page 22.) The authorized amount is $9,000,000, to be issued in four classes—Class A for $1,000,000, Class B for $3,975.000, Class C for $2,850,000 and Class D for $1,175,000. On June 30, 1901, there were outstanding $991,500 of Class A, $3,968,500 of Class B, all of Class C, and $1,174,000 of Class D. The rate of interest was originally 7 p. c., but bonds have been placed at lower rates when they could be sold. The issues to June 30, 1902, were as follows: Class A, $991,500 at 7 p. c.; Class B, $1,515,500 at 7 p. c., $8,500 at 5 p. c., $1,100,000 at 4½ p. c., and $1,344,500 at 4 p. c.; Class C, $1,307,000 at 7 p. c., $261,000 at 5 p. c., and $1,282,000 at 4 p. c.; Class D, $110,000 at 7 p. c., $425,000 at 4½ p. c., and $639,000 at 4 p. c.

Collateral Trust Bonds.—Secured by deposit with the American Loan and Trust Co., Boston, Mass., trustee, of an equal amount of the 1st mtge. bonds of the Maine Shore Line RR. Co. (See following paragraph.) The Maine Central RR. Co. pays to the trustee the interest on the Maine Shore Line bonds, and from the amount thus received the trustee pays the interest on the collateral trust bonds, and applies the remaining 1 p. c. to a sinking fund for the retirement of those bonds at maturity. The fund amounted, July 1, 1902, to $176,217.18.

Maine Shore Line First Mortgage Bonds.—Secured on the Mount Desert Branch, 41.13 miles. The amount authorized and issued is $750,000. Bonds amounting to $76,000 are outstanding in the hands of the public, $5,000 are owned by the Maine Central RR. Co. and $669,000 are deposited with the American Loan and Trust Co., Boston, Mass., as security for the collateral trust bonds.

Sinking Fund Bonds.—These bonds are a direct obligation of the Maine Central RR. Co. A sinking fund is provided for their retirement, at maturity, by a yearly deposit of $16,000 with the Portland Trust Co., Portland, Me., trustee. On July 1, 1902, the fund amounted to $401,570.43.

Improvement Bonds.—These bonds are a direct obligation of the Maine Central RR. Co. Series A bonds are payable, both principal and interest, in gold. It is not specified in Series B bonds that they are payable either principal or interest in gold. A sinking fund of 1½ p. c. a year is provided for the retirement of the bonds at maturity. On July 1, 1902, the sinking fund for Series A amounted to $66,509.06, and for Series B the amount was $76,592.93.

Penobscot Shore Line Bonds.—These are secured by first mortgage on the line from Bath to Rockland, Me. They were assumed by the Maine Central RR. Co. in the consolidation of Feb., 1901.

Knox and Lincoln Series A Bonds.—Assumed by the Maine Central RR. Co. in the consolidation of Feb., 1901. Secured on the entire property of the Knox and Lincoln Ry. Co., subject to the lien of the Penobscot Shore line bonds. The Maine Central RR. Co. owns $31,000 of the $400,000 issued. Additional bonds, to be designated series B, may be issued under the same mortgage, at the rate of $20,000 per mile for completed extensions.

10. Guaranteed Bonds.—The guaranty of the Maine Central RR. Co., both as to principal and interest, is endorsed upon the bonds of all leased lines except those of the Belfast and Moosehead Lake RR. The company also guarantees, jointly with the Boston and Maine RR., the bonds of the Portland Union Railway Station Co. The following is a detailed statement of the company's guaranties:

Dexter and Newport RR.—$175,000 1st 4s of Sept. 1, 1917, guaranteed as to principal and interest by the Maine Central RR. Co.

13. RAILROADS OWNED OR LEASED BY THE MAINE CENTRAL RR. CO.

BELFAST AND MOOSEHEAD LAKE RR.—Belfast to Burnham, Me., 33.13 miles. Steel rails.

HISTORY.—Chartered Feb. 28, 1867, and road completed about Nov. 1, 1870. Leased to the Maine Central RR. Co. for 50 years from May 10, 1871, at a rental of $36,000 a year.

INCOME ACCOUNT, June 30, 1902.—Rental, $36,000; other receipts, $20—total, $36,020. Deductions: Expenses and taxes, $131; interest on bonds, $4,740; sinking fund, $4,260; dividends (6 p. c. on preferred, $16,062; 2.84 p. c. on non-preferred, $10,803), $26,865—total, $35,865. Surplus, $24; deficit forward, $55; net deficit, $31.

BALANCE SHEET, June 30, 1902.—Capital stock ($267,700 preferred, $380,400 non-preferred), $648,100; funded debt (trust 4s of May 15, 1920), $110,000—total, representing cost of road, $758,000.

The preferred stock is entitled to 6 p. c. dividends, then the non-preferred is entitled to 6 p. c., after which both share equally. The road is controlled by the city of Belfast, which holds 3,604 shares of non-preferred and 1,396 shares of preferred stock. Individual stockholders own 1,281 shares of preferred stock, and the town of Brooks holds 200 shares of non-preferred. Since and including 1893 the sum of $9,000 a year has been set aside from rental for payment of interest and for redemption of bonds, not less than $3,000 of which are drawn and paid yearly; so that at the expiration of the lease all the bonds will have been paid. On June 30, 1902, the funded debt actually amounted to $114,500, but $4,500 of the bonds had been called for payment, leaving $110,000 outstanding as per balance sheet.

2. History.—Consolidation, Aug. 6, 1872, of the Hartford and New Haven RR. and the New York and New Haven RR. A sketch of the history of the company is in the Manual for 1901, on pages 21 and 22. The Stamford and New Canaan RR. was absorbed on Oct. 1, 1890; the Hartford and Connecticut Valley RR., on Dec. 21, 1892; the New York, Providence and Boston RR., on Feb. 3, 1893; the Shore Line RR., on March 18, 1897; the Housatonic RR., on March 28, 1898; and the Shepaug, Litchfield and Northern RR., on July 8, 1898. The Housatonic RR. was acquired by issuing one share of capital stock of this company in exchange for every eight shares of Housatonic preferred stock; the basis of exchange for the stocks of the other roads was share for share (see Manual for 1901, page 22). This company also offered shares of its capital stock in exchange for the shares of other of its leased lines on the terms stated in the Manual for 1894, on page 583, and in the Manual for 1899, on page 26. The following statement shows, as of June 30, 1902, the progress made in the acquisition of the stocks of the companies embraced in the latter offer and the amount of its capital stock issued by the "New Haven" company for such purpose:

Amounts paid New York and Harlem RR. Co. for tolls, not appearing in the earnings as above: In 1895, $402,637.42; 1896, $424,777.96; 1897, $420,458.45; 1898, $428,903.44; 1899, $457,459.66; 1900, $493,270.35; 1901, $505,845.01; 1902, $552,480.68.

3a. *Electric Lines Owned and Operated.*—Since 1895, when electric traction was substituted for steam power on the Nantasket Beach RR., the company has been gradually extending the use of electricity to such branch lines as could be advantageously operated thereby. Up to June 30, 1902, the following lines had been transformed into electric roads: Nantasket Beach RR., 6.95 miles; Plymouth Division of Old Colony RR., from Braintree to Cohasset, Mass., 11.7 miles; New Canaan Branch of N. Y., N. H. & H. RR., 7.66 miles; New England RR., from Hartford to Bristol, Conn., 17.9 miles; Providence, Warren and Bristol RR., 14.35 miles; and Berlin Branch of N. Y., N. H. & H. RR., 3.18 miles. The overhead trolley system is used on the Nantasket Beach RR., the Providence, Warren and Bristol RR., and the New Canaan Branch, while the third rail system is employed on the Berlin Branch and on the electric sections of the Old Colony and the New England RRs.

In addition to the electric roads it operates directly, the company controls the Meriden Electric RR. Co., whose line extends from Meriden to Wallingford, Conn., 18 miles, and the Stamford Street RR. Co., operating 10.77 miles of line in the city and town of Stamford, Conn.

Water Lines Owned and Controlled.—The company owns the Providence and Stonington Steamship Co., the New Haven Steamboat Co., and the New London Steamboat Co., and, through the leases, respectively, of the Old Colony RR. and the Norwich and Worcester RR., controls the Old Colony Steamboat Co. and the Norwich and New York Transportation Co. The company assumed the outstanding bonds of the New Haven Steamboat Co., amounting to $364,500 (see Sec. 13a), as part of the purchase price of that property. The New London Steamboat Co. was purchased in 1901. It operates two freight steamers between New London and New York, and also operates a line of steamers between New London, Watch Hill and Block Island. The steamboat lines are under the direct management of the company, but their earnings are not included in its income account (Section 6) except that the dividends received from them are included in the item "dividends on stocks owned."

Control of Bridgeport Steamboat Company Acquired.—In February, 1903, the company acquired control of the Bridgeport Steamboat Co., which operates a day and night line of passenger and freight steamers between New York City and Bridgeport, Conn.

In the cases of the New England, the Norwich and Worcester and the Boston and Providence, the cash rentals were disbursed direct by the lessee.

It must be understood that the obligations of the Boston and New York Air Line RR. Co., New England RR. Co., New Haven and Northampton RR. Co., and Old Colony RR. Co., on account of the lines leased by them, are assumed by the New York, New Haven and Hartford RR. Co. only during the continuance of its leases of the parent roads. The dates and terms of leases of such subordinate leased lines shown in the preceding statement refer to the agreements with the direct lessees.

The lease of the Attleborough Branch RR. to the Boston and Providence RR. Corpn. expired on Dec. 31, 1900, but the N. Y., N. H. & H. RR. Co. continued to operate the road, under a temporary arrangement, pending the construction of a branch of the Old Colony RR. from North Attleboro to Adamsdale, a distance of about 3.5 miles.

10. Capital Stock.—The total amount authorized is $100,000,000, the unissued shares being reserved for the retirement of the convertible debenture certificates (see Sec. 11), for the acquisition of leased line stocks, and for additions and betterments.

11. Convertible Debenture Certificates.—These are in denominations of $100 and $1,000, and are in coupon and registered forms. They are dated April 1, 1893, and were exchangeable for stock on April 1, 1903, or within 60 days thereafter; $16,211,900 of them have been thus converted into capital stock, leaving only $185,300 outstanding, which will become payable in cash on April 1, 1908. Interest at 4 p. c. per annum, payable April and Oct., in New York, N. Y. Registrar: Farmers' Loan and Trust Co., New York, N. Y.

12. Non-convertible Debenture Certificates, 4s.—These were authorized to the amount of $10,000,000, but authority to issue the remaining $5,000,000 has been revoked. The certificates are dated March 1 1897, matura March 1, 1947, the interest on them being payable March 1 and Sept. 1, in New York, N. Y.

13. Non-convertible Debenture Certificates, 3½s.—These are authorized to the amount of $10,000,000. They are dated March 1, 1901, mature March 1, 1947, the interest on them being payable on the 1st of March and Sept., in New York, N. Y.

14. Funded Debt.—The funded debt outstanding on June 30, 1902—total $6,139,000, as per general balance sheet—consisted of the following issues:

$2,000,000 *N. Y., N. H. & H. RR. 1st 4s of June* 1, 1903, part of an authorized issue of $5,000,000, secured on the line from Woodlawn Junction, N. Y., to Springfield, Mass., 122.44 miles.

$1,000,000 *N. Y., P. & B. RR. gen. 4s of April* 1, 1942, secured by first mortgage on the line from Providence, R. I., to New London, Conn., 62 miles. The authorized issue is $4,000,000, the unissued bonds being reserved for future needs of the company.

$200,000 *Shore Line Ry. 1st 4½s of March* 1, 1910, secured on the line from New Haven to New London, Conn., 49 miles.

$100,000 *Housatonic RR. 1st 4s of April* 1, 1910, secured on the line from Bridgeport, Conn., to Massachusetts State Line, 75 miles.

$2,839,000 *Housatonic RR. consol. gold 5s of Nov.* 1, 1937, secured by second mortgage on the line from Bridgeport, Conn., to Massachusetts State line, 75 miles, and by first mortgage on the branches from Botsford to Huntington, Conn., 9.79 miles, and from Brookfield Junction to Danbury, Conn., 5.36 miles.

15. New Haven Steamboat Bonds.—In the purchase of the New Haven Steamboat Line, the company assumed the following outstanding bonds, secured on the property: $139,500 1st mtge. 6 p. c. 10-yr. $500 and $1,000 gold bonds, due April 1, 1902, interest April and Oct.; and $225,000 mtge. 5 p. c. 20-yr. $500 and $1,000 gold bonds, due June 1, 1919, but subject to call after 1904, interest June and Dec. 2. History.—Reorganization, in July, 1867, of the Rutland and Burlington RR. Co. (see MANUAL for 1898, page 24.) The Rutland-Canadian RR. Co. was absorbed in January, 1901; the Bennington and Rutland Ry. Co., on July 30, 1901; the Ogdensburg and Lake Champlain Ry. Co., on September 27, 1901, and the Chatham and Lebanon Valley RR. Co., on December 21, 1901. (See MANUAL for 1902, page 33.) During the year ending June 30, 1902, the company acquired the entire capital stock, ($300,000) of the Ogdensburg Terminal Co., thereby securing the control of the terminal property. There are outstanding $140,000 mortgage bonds of the Ogdensburg Terminal Co., interest on which at 4 per cent. has been guaranteed by the Rutland RR. Co.

Through Passenger Line to Montreal.—Effective November 3, 1901, arrangements were made under which the passenger trains of this company are run through to Montreal, over the Quebec Southern Ry. from Noyan Junction to Quebec Southern Junction, and over the Canadian Pacific Ry. from Quebec Southern Junction to Montreal. A trackage arrangement has also been made with the Boston and Maine RR. and the New York Central and Hudson River RR. Co., by which passenger trains of the Rutland RR. may run to Troy and to Albany, thereby opening a through line from those points to Montreal.

Interests in Other Companies.—The Rutland RR. Co. operates under lease the Addison RR. and the Rutland and Noyan Ry., and controls the Rutland Transit Co., and the Ogdensburg Terminal Co., through ownership of their entire capital stocks. The Rutland RR. Co. also owns the capital stock of the Rutland and Noyan Ry. Co. and 99 per cent. of the capital stock of the Addison RR. Co. (See separate statements for the companies named, in Section 13.)

8. Capital Stock.—The common stock is being retired as fast as presented for conversion into preferred stock, the basis of exchange being one share of preferred for ten shares of common. The preferred stock is entitled to cumulative dividends at the rate of 7 p. c. per annum.

9. Funded Debt.—The funded debt on June 30, 1902—total, $11,162,000, as per general balance sheet—consisted of the following:

$1,059,100 *Rutland RR. 1st 6s of Nov.* 1, 1902, retired at maturity by issuing in exchange an equal amount of consol. gold 4½s of July 1, 1941.

$900 *Rutland RR. 2d mtge.* 5 *p. c. bonds* due and interest ceased on Aug. 1, 1898. On June 30, 1902, there were $800 of these bonds in the treasury of the Rutland RR. Co., leaving only $100 outstanding.

$2,440,000 *Rutland RR. consol. gold* 4½*s of* July 1, 1941. The authorized amount is $3,500,000, the unissued bonds being reserved for the retirement of prior liens. On Jan. 1, 1903, the amount outstanding was $3,499,100, the additional $1,059,100 having been issued to retire the 1st mtge. bonds matured Nov. 1, 1902. Secured on the line from Bellows Falls to Burlington, Vt., 119.7 miles.

$1,350,000 *Rutland-Canadian* 1*st gold* 4*s of July* 1, 1949. Secured on the line from Burlington to Rouse's Point and on the branch from Alburgh to the Canadian Boundary, a total of 41 miles.

$500,000 *Bennington and Rutland* 1*st gold* 4½*s of Nov.* 1, 1927. Secured on the line from Rutland to Bennington, N. Y., 57.01 miles, and on the branch from North Bennington to White Creek, 1.85 miles.

$500,000 *Bennington and Rutland 2d gold* 5*s of March* 1, 1920. The bonds are subject to redemption at par on any interest day after 60 days' notice. Secured on the same property as, but subject in lien to, the first mortgage bonds of 1927.

$4,400,000 *Ogdensburg and Lake Champlain* 1*st gold* 4*s of July* 1, 1948. The registered bondholders had the right to cast one vote for every $100 of their bonds at all meetings of the Ogdensburg and Lake Champlain Ry. Co., but their status under the consolidation is uncertain. Secured on the line from Ogdensburg to Rouse's Point and on branches to Point Airy and to Chateaugay Pulp Mills, a total of 121 miles.

$500,000 *Chatham and Lebanon Valley* 1*st gold* 4*s of July* 15, 1951. Secured on the line from Chatham, N. Y., to Bennington, Vt., 56 miles. Endorsed, guaranteed as to principal and interest by the Rutland RR. Co. The entire issue is held in the treasury of the company.

$412,000 Equipment 4½ p. c. bonds, payable $33,000 yearly. Secured on 600 box freight cars and 250 coal cars.

10. New Equipment Bonds.—As of the date of April 1, 1902, the company issued $1,500,000 of 4½ p. c. equipment bonds, the proceeds from the sale of which are to be applied to the purchase of 34 locomotives, 35 passenger cars, 705 freight cars and 10 service cars. Although the bonds are dated April 1, 1902, they were not taken up in the company's accounts for the year ending June 30, 1902, as final arrangements had not been made at the time the books were closed. They are to be retired in fifteen yearly installments. These are the same bonds referred to in the MANUAL for 1902, page 35, Sec. 12a, but the purchase of less equipment having been decided upon, the amount of the trust has been reduced $1,000,000.

11. Guaranteed Bonds.—The company guarantees the $100,000 1st mtge. 4 p. c. gold bonds of the Rutland and Noyan Ry. Co., both as to principal and interest, and guarantees the interest on $140,000 4 p. c. bonds of the Ogdensburg Terminal Co. (See Sec. 2.)

12. Stocks and Bonds Owned.—The securities in the treasury of the company on June 30, 1902, consisted of the following: Rutland RR. preferred stock, $103,100, and common stock, $500; Addison RR. stock, $451,000; Rutland Transit stock, $1,000,000; Rutland and Noyan Ry. stock, $100,000; Rutland and Noyan Ry. 1st mtge 4 p. c. bonds, $100,000; Rutland Transit 1st mtge. 5 p. c. bonds, $601,000; Rutland RR. 2d mtge. 5 p. c. bonds, $800; Chatham and Lebanon Valley 1st mtge. 4 p. c. bonds, $500,000; Ogdensburg Terminal Co., 4 p. c. bonds, $50,000—total par value, $2,906,400.

1. History.—The Baltimore and Ohio RR. Co. was chartered in Maryland on February 28, 1827, and in Virginia on March 8, 1827. The construction of the road was begun on July 4, 1828, and the main line was opened throughout on January 1, 1853. On March 1, 1896, the property was placed in the hands of receivers, by whom it was operated for more than three years. It was restored to the company on July 1, 1899, a reorganization having been effected, without foreclosure, under the terms of the plan outlined in the MANUAL for 1898, on page 1378 *et seq.* The story of the enlargement of the system since the reorganization, including an account of the financial developments connected with such enlargement, is in the MANUAL for 1902, on pages 46 and 47. A sketch of previous enlargements of the system is in the MANUAL for 1898, on page 298, and a review of the financial operations of the company, covering the period from Sept 30, 1884, to June 30, 1895, is in the MANUAL for 1896, page 376.

During the year ending June 30, 1902, the Snyder Avenue Branch of the Schuylkill River East Side RR. was extended from Snyder Avenue to Jackson Street in Philadelphia, a distance of 1 mile; the Patuxent Branch of the Baltimore and Ohio RR. was extended from Savage Factory to Guilford, Md., a distance of 3.03 miles; a branch was constructed, under the charter of the Paw Paw RR. Co., from Fairmont to Gray's Flat, W. Va., a distance of 7.3 miles, and the Niver Coal Fields Line was built from Berlin, Pa., to Niver Coal Mines, No. 1, a distance of 1.69 miles; a total of 13.02 miles added by construction to the mileage of B. & O. Lines.

At the date of the annual report the company was about finishing the construction of a new line under the charter of the *Patterson Creek and Potomac RR. of West Virginia*, leaving the present Cumberland Division at Patterson Creek, a station 7.1 miles east of Cumberland, intersecting the Cumberland Division again near Potomac Station, 10.3 miles west of Cumberland. The length of the cut-off line is 6.9 miles, the old line 17.4 miles, resulting in the saving in distance of 10.5 miles. The new line crosses the Knobley Mountains by a tunnel 4,120 feet in length. In addition to shortening the distance, the maximum east bound grade 26.4 feet is reduced to 15.8 feet, with degrees of central angle lowered from 1,188 to 380 degrees, and the maximum curvature reduced from 9 to 6 degrees. The line is double tracked, and will be used in the movement of coal and other business from the company's West Virginia and Southwestern lines.

Under the charter of the *Cherry Run and Potomac Valley RR. of West Virginia*, a new line was being constructed between Cherry Run and Wilsons, a distance of 9.64 miles, which, when completed, will furnish a line with maximum grades of 15.8 feet, and which improves the curvature between these points, besides eliminating the helper grade at the company's Paw Paw tunnel summit.

The system extends from Philadelphia, Pa., Baltimore, Md., and Washington, D. C., to Chicago, Ill., and to St. Louis, Mo., with branches to Mount Jewett, Pa., to Fairport, Cleveland, Lorain, and Sandusky, on Lake Erie, and to several points on the Ohio River. In connection with the Philadelphia and Reading Ry. and the Central RR. of New Jersey a through route is maintained between Washington, Philadelphia, and New York. By means of this line connection is made with the Baltimore and New York RR., the Arthur Kill Bridge, and the railroads and terminals of the system on Staten Island.

7. Capitalization of System.—The following statement shows the capitalization of the system as of June 30, 1902. The difference between the amounts afloat and the totals represent the stocks and bonds owned by companies of the system. The roads named in the group indicated by the letter **A** are covered by the prior lien and first mortgages; the Southwestern Division mortgage covers the Baltimore and Ohio Southwestern RR. **B**; group **C** is covered by the Pittsburgh, Lake Erie and West Virginia System mortgage, and partly by the Pittsburgh Junction and Middle Division mortgage; the roads named in group **D** are not covered by any of the B. & O. mortgages. Reference should be made to the remarks on the mortgages named, in Section 13 of this statement, for additional particulars:

11. Financial Changes, year ending June 30, 1902.—The general balance sheet shows an increase of $52,733,280 in capital liabilities issued, and an increase of $42,015,474.59 in cost of road. The increase in capital liabilities is made up as follows: Common stock allotted to the stockholders of the company as authorized by the directors on Nov. 14, 1901, $22,537,200; common stock issued for conversion of convertible debentures, at par, $8,459,000; Pittsburgh, Lake Erie and West Virginia System refunding bonds issued, $20,000,000; issued for improvements, betterments and extensions as provided in the respective mortgages (prior lien bonds, $1,000,000; 1st mtge. bonds, $1,500,000; Southwestern Division bonds, $1,000,000), $3,500,000—total, $54,496,200; less decrease in convertible debentures, $1,762,920; net increase in capital liabilities, $52,733,280. Of the $42,015,474.59 increase in cost of road, $39,385,186.98 is covered by stocks and bonds of sundry companies included under the provisions of the Pittsburgh, Lake Erie and West Virginia System refunding mortgage, which have been acquired or retired and placed with the trustee through the issue of bonds secured by that mortgage or of the additional common stock as before stated, and $2,630,287.61 represents construction expenditures for the year charged to cost of road, less some other adjustments. The total amount expended for construction work of the system during the year was $5,834,329.09, of which $3,334,329.09 was charged to capital account, the remaining $2,500,000 being appropriated from surplus income.

12. Capital Stock.—The amount of capital stock authorized as of June 30, 1902, was $160,000,000, consisting of $60,000,000 of preferred stock and $100,000,000 of common stock, in shares of $100 each. There had been issued, exclusive of fractional scrip, $59,227,000 of fully paid preferred stock and $75,996,200 of fully paid common stock, the common stock including about $101,300 held to redeem old securities not deposited under the B. & O. and the B. & O. Southwestern plans of reorganization. The remaining $773,000 of preferred stock was also reserved to redeem old securities or to take up the fractional scrip, and $136,300 of it has been issued since June 30, 1902. Of the $24,003,800 unissued common stock, $6,541,000 was reserved for the conversion of outstanding convertible debentures and $17,462,800 to acquire the outstanding stocks of roads covered by the Pittsburgh, Lake Erie and West Virginia System refunding mortgage, to discharge the balance of floating debts against those roads and to provide for necessary improvements. Since June 30, 1902, $5,949,000 common stock has been issued for the conversion of an equal amount of convertible debentures, and $42,316,900 (this amount including a new issue of $25,000,000 authorized in Sept., 1902) has been issued for the purposes regarding the Pittsburgh, Lake Erie and West Virginia System roads outlined above, and for equipment, betterments and additional property. On March 1, 1903, the amount of paid up capital stock was as follows:

Preferred stock		$60,000,000	
Less amount reserved to retire unpresented prior liens		637,700—	$59,362,300
Common stock		125,000,000	
Less reserved for retirement of outstanding convertible debentures	$592,000		
Held for future use	145,900—	737,900—	124,262,100
Total capital stock issued as fully paid			$183,624,400

The preferred stock has priority over the common stock for non-cumulative dividends at the rate of 4 p. c. per annum, but is not entitled to any further share of the yearly net profits.

13. Funded Debt.—The following statement shows as of June 30, 1902, the details of funded debt issued or assumed by the company. Additional particulars respecting any of the bonds will be found in the paragraph relating thereto appended to the statement.

Bonds Issued ($221,851,530).	
$71,000,000	prior lien gold 3½s of July 1, 1925.
67,500,000	1st mtge. gold 4s of July 1, 1948.
13,810,530	Middle Div. gold 3½s of Nov. 1, 1925.
43,000,000	Southwest. Div. gold 3½s of July 1, 1925.
20,000,000	P., L. E. & W. V. 4s of Nov. 1, 1941.

4,500,000	S. R. E. S. RR. 1st gold 5s of Dec. 1, 1935.

Prior Lien Gold Bonds.—Amount authorized, $75,000,000; amount issued to June 30, 1902, $71,000,000; issuable at the rate of $1,000,000 a year for the enlargement, betterment or extension of the property covered by the mortgage, $4,000,000. Amount outstanding on June 30, 1902, $69,953,397.50; in treasury, $1,046,602.50. Of the amount in the treasury, $907.50 represented an unsold fraction of surplus bonds, $229,397.50 was held to redeem old bonds not deposited under the plan of reorganization, and the balance was part of $1,000,000 issued Jan. 1, 1902, under plan for improvements. The bonds are secured on the lines owned absolutely by the B. & O. RR. Co., except the Philadelphia, Sparrows Point and Highlandtown Branches, but subject to the lien of the extended 4 p. c. bonds of Oct. 1, 1935, as to the property covered by those bonds. By deposit of underlying securities, as well as by actual mortgage, they are also secured on the railroads named in the following statement:

*Balance not deposited but held in B. & O. treasury. †Held in B. & O. treasury and included in cost of road. ‡Balance outstanding.

The prior lien mortgage also covers the lease of the Pittsburgh and Connellsville RR. and of the Fayette County RR. Claims against the Pittsburgh and Connellsville RR. Co. for about $10,500,000, against the Washington County RR. Co. for about $85,000 and against the Berkeley Springs and Potomac RR. Co. for about $125,000, together with two-thirds of the capital stock of the Washington Branch RR. Co., are deposited as further security for the mortgage. In the adjustment of the claim against the Berkeley Springs and Potomac RR. Co. the title to its property will probably be acquired by the B. & O. RR. Co. and subjected to the direct lien of the mortgage. The constructed section (2.25 miles) of the Metropolitan Southern RR., when the title to it is acquired by the B. & O. RR. Co., will also be subjected to the lien of this mortgage, although the securities of the Metropolitan Southern RR. Co. are deposited under the first mortgage (see next paragraph). The prior lien mortgage is also secured on all the equipment now owned or hereafter acquired by the company, except such as was or may be acquired with the proceeds of 1st mtge. bonds, Southwestern Division bonds, Middle Division bonds and Pittsburgh, Lake Erie and West Virginia System bonds.

First Mortgage Gold Bonds.—Authorized issue, $165,000,000; issued to June 30, 1902, $67,500,000; reserved for additions and betterments, $22,500,000; set apart to be used only for the retirement of the prior lien bonds, $75,000,000. Of the bonds reserved for additions and betterments, $1,500,000 are issuable during the year ending June 30, 1903, and the rest of them at not exceeding the rate of $1,000,000 a year thereafter. Included in the $67,500,000 issued to June 30, 1902, were unsold fractions amounting to $462.50 and $29,397.50 held to redeem old bonds not deposited under the plan of reorganization, the amount actually outstanding being $67,470,140. The bonds are secured by first mortgage on all equipment acquired or that may be acquired with the proceeds from the sale of any of them, and they may be said to be secured by first mortgage on the Philadelphia, Sparrows Point and Highlandtown Branches, 55.1 miles, and on the property formerly covered by the B. & O. terminal mortgage (see MANUAL for 1899, page 60), the Philadelphia Division bonds and the terminal mortgage bonds having been declared due and payable, and there being only $1,000 of the former and $500 of the latter outstanding. By deposit of underlying securities as well as by direct mortgage lien they are also practically a first mortgage on the proprietary and leased lines named in the following statement:

They also cover the following stocks and bonds deposited as security for the B. & O. terminal mortgage bonds: $1,199,500 of the capital stock and $1,200,000 1st mtge. bonds of the Metropolitan Southern RR. Co., $2,250,000 of the capital stock of the Schuylkill River East Side RR. Co., $99,500 capital stock of the Washington and Western Maryland RR. Co., and $24,250 capital stock of the Georgetown Barge, Dock, Elevator and Railway Co. Finally, they rank next to the prior lien bonds on the properties, securities and claims covered by the prior lien mortgage.

Pittsburgh Junction and Middle Division Gold Bonds.—Secured by a mortgage, dated Nov. 1, 1898, which it was contemplated should be ultimately a first lien on the properties of the Central Ohio RR. Co., Columbus and Cincinnati Midland RR. Co., Newark, Somerset and Straitsville RR. Co. (now Ohio Midland RR. Co.), Sandusky, Mansfield and Newark RR. Co., Pittsburgh Junction RR. Co. and Pittsburgh Junction Terminal Co., or upon the securities representing the ownership of such properties. Most of those securities have been deposited under the mortgage, as shown by the following statement:

The amount of bonds authorized by the mortgage is $20,000,000, of which $17,500,000 had been issued June 30, 1902, $3,689,470 of that amount being held for the redemption of undeposited underlying securities (see Sec. 15) and $13,810,530 being outstanding. Of the outstanding bonds $7,635,050 were held by the trustee of the Pittsburgh, Lake Erie and West Virginia System refunding mortgage, leaving only $6,175,480 in the hands of the public. In the mortgage securing the Pittsburgh, Lake Erie and West Virginia System refunding bonds (see remarks thereon below) provision is made for the retirement of the Pittsburgh Junction and Middle Division bonds and for including the properties and securities covered by those bonds in the security for the Pittsburgh, Lake Erie and West Virginia System refunding mortgage.

Southwestern Division Gold Bonds.—Secured by a mortgage which it is contemplated will be ultimately a first lien on the properties embraced in the Southwestern Division of the Baltimore and Ohio RR. The $4,000,000 capital stock and the $43,000,000 1st mtge. 3½ p. c. bonds of the Baltimore & Ohio Southwestern RR. Co. are deposited with the trustee under the mortgage pending the acquisition of full title to the properties. The amount of bonds authorized by the mortgage is $45,000,000, of which $43,000,000 had been issued June 30, 1902, that amount including $1,045,175 of bonds and scrip held in the treasury and $7,960 held to redeem undeposited old securities (see Sec. 15). The unissued bonds, $2,000,000, are available for betterments and additions to the property covered by the mortgage.

Pittsburgh, Lake Erie and West Virginia System Refunding Mortgage Gold Bonds.—Secured by a mortgage, dated Nov. 1, 1901, which it is contemplated will be ultimately the first lien on 1,639 miles of railroad. The following statement shows what railroads are covered by the mortgage, the total amount of their stocks and bonds, and the amount of such stocks and bonds deposited (as of June 30, 1902) with the trustees of the mortgage or of mortgages which it is to replace:

*$150,000 deposited under the P. & W. RR. first mortgage, and $200,000 under this mortgage.
†These are deposited under the Pittsburgh Junction and Middle Division mortgage, and when that is retired they will be deposited under this mortgage.

Common stock of the Baltimore and Ohio RR. Co. to the amount of $17,462,800, which was held in the treasury of the company to be used only to acquire the outstanding stocks of roads covered by this mortgage, discharge floating debts against those roads and provide for necessary improvements, has been issued since June 30, 1902, and the stocks, debts and properties against which it was issued have been or will be subjected to the lien of this mortgage. The mortgage will also cover all equipment, extensions and improvements acquired with the proceeds of bonds secured by it and all equipment acquired with the proceeds of Pittsburgh Junction and Middle Division bonds. It is now practically the first lien on the Pittsburgh and Northern RR., Trumbull and Mahoning RR., West Virginia Short Line RR. and Eastern Ohio RR. and may be said to be subject only to the *following outstanding underlying bonds on the properties they cover:*

$6,175,480 *Pittsburgh Junction and Middle Division bonds of the B. & O. RR. Co.,* due Nov. 1, 1925, and secured as shown in the paragraphs relating thereto on page 57.

$1,009,000 *Central Ohio RR. 1st 4½s of Sept.* 1, 1930, secured on 143.83 miles of road, from Bellaire to Columbus, O.

The Baltimore and Ohio RR. Co. agrees that all the underlying bonds shall be paid off at maturity or that they shall be deposited as security for the refunding bonds, and that as soon as practicable it will cause the property and franchises of the several companies, a majority of the shares of stock of which are pledged under the refunding mortgage, to be conveyed to the trustee under that mortgage, to the end that the refunding bonds may eventually become the first lien on all of said properties. The amount of bonds authorized by the mortgage is $75,000,000, of which $20,000,000 have been issued to pay for $23,919,150 of underlying bonds, which have been deposited under the mortgage; $40,000,000 are to be issued from time to time against further deposits of underlying bonds, and $15,000,000 are reserved for extensions, equipment and betterments. The entire issue outstanding on Nov. 1, 1925, but not any part of it, may be called for redemption at par and accrued interest on that day, or on any interest day thereafter, on three months' notice.

Gold Convertible Debentures.—The total issue of these bonds was $15,000,000, but $8,459,000 of them were converted into common stock prior to June 30, 1902, and $5,949,000 additional between that date and March 1, 1903, leaving only $592,000 outstanding. The company has the right to redeem the bonds on any interest day at par and accrued interest. Any debentures, whether called for redemption or not, may be converted into common stock at par, provided the company receives at least thirty days' written notice.

B. & O. Gold Extension Loan.—Secured by first mortgage on the main stem of the B. & O. RR. from Baltimore, Md., to Wheeling, W. Va., 379.80 miles. There are reserved for the redemption of the bonds outstanding, 102½ p. c. of their face in prior lien 3½ p. c. bonds, 12½ p. c. in 1st mtge. 4 p. c. bonds and 14 p. c. in preferred stock.

P. & C. Gold Extended Loan.—Secured by first mortgage on the main line and Hickman Run Branch of the Pittsburgh and Connellsville RR. There are reserved for the redemption of the $69,000 bonds outstanding, $70,725 in prior lien 3½ p. c. bonds, $8,625 in 1st mtge. 4 p. c. bonds and $2,760 in preferred stock of the B. & O. RR. Co. The B. & O. RR. Co. owns all except $142,351 of the capital stock of the P. & C. RR. Co., all of its funded debt except the $69,000 extended bonds, and holds claims against the company for about $10,500,000. The stock, bonds and claims thus owned are deposited under the prior lien and first mortgage, and the $69,000 outstanding bonds have been assumed. The P. & C. RR. is leased to the B. & O. RR. Co. for 50 years from Jan. 1, 1876.

Monongahela River First Mortgage Gold Bonds.—Secured on the line from Fairmont to Clarksburg, W. Va., 31.2 miles. Assumed by the B. & O. RR. Co. There are $1,000,000 real estate mortgages of the M. R. RR. Co. outstanding, which have not been assumed by the B. & O. RR. Co. The B. & O. RR. Co. owns the entire capital stock of the M. R. RR. Co. and has deposited it under the Pittsburgh, Lake Erie and West Virginia System refunding mortgage, and provision is made in that mortgage for the retirement of the $700,000 1st mtge. bonds.

West Virginia and Pittsburgh First Mortgage Gold Bonds.—Secured on the property of the W. V. & P. RR. Co., including 176.48 miles of railroad, as per Sec. 3, and 134,842 acres of timber, coal and mineral lands in West Virginia. The bonds have been assumed, and interest on them at the rate of 4 p. c. per annum is guaranteed by the B. & O. RR. Co. They are subject to redemption until April 1, 1904, at par and accrued interest. The B. & O. RR. Co. owns the entire capital stock of the W. V. & P. RR. Co. and has deposited it under the Pittsburgh, Lake Erie and West Virginia System refunding mortgage. Provision is made in that mortgage for retiring the bonds. The property is leased to the B. & O. RR. Co. for 999 years from Jan. 1, 1890.

Schuylkill River East Side First Mortgage Gold Bonds.—Secured on the property of the S. R. E. S. RR. Co., including 12 miles of road as per Sec. 3. The interest on the bonds at the rate of 5 p. c. per annum is guaranteed by the B. & O. RR. Co. That company has the right until Dec. 1, 1903, to purchase the entire issue of bonds at 110 p. c. and accrued interest, on 30 days' notice, and agrees to assume the payment of them when due if they are not so purchased. The B. & O. RR. Co. owns the entire capital stock of the S. R. E. S. RR. Co., one-half of it being held in the treasury and the other half deposited with the trustee of the prior lien mortgage.

14. Cost of Other Roads Owned by the B. & O. RR. Co.—Schuylkill River East Side RR., $5,433,045.19; West Virginia and Pittsburgh RR., $4,364,721.03; Monongahela River RR., $488,518.84; Baltimore and Ohio Connecting RR., $300,784.17; Winchester and Potomac RR., $429,794.28; Winchester and Strasburg RR., $106,638.84; Eastern Ohio RR., $1,336.14; Lancaster, Oxford and Southern RR., $64,511.21; Smithfield and Masontown RR., $183,198.45; Point Pleasant, Buckhannon and Tygarts Valley RR., $204,320.83; Fairmont, Shinnstown and Clarksburg RR., $44,672.35; Tylerdale Connecting RR., $38,313.43—total, $11,659,854.76. The decrease in cost of West Virginia and Pittsburgh RR., Monongahela River RR. and Eastern Ohio RR. is due to the transfer of the stock of those roads to the trustee of the P., L. E. & W. Va. refunding mortgage, carrying the value of them to "Cost of Road" on the general balance sheet.

15. Undeposited Old Securities.—The following statement shows in detail the old securities not deposited under the plan of reorganization of the Baltimore and Ohio RR. Co. and the supplements thereof, on June 30, 1902:

*It will be observed that the total amount not deposited under the B. & O. plan on June 30, 1902, is greater by $69,288 than the amount given in the general balance sheet. This difference is due to the fact that the $69,000 Pittsburgh and Connellsville bonds are not included in the balance sheet item and to the additional fact that £1,800 of sterling bonds valued in the preceding statement at five dollars to the pound sterling are included in the balance sheet item at their exchange value.

16. STOCKS AND BONDS INCLUDED IN COST OF ROADS TO B. & O. RR. CO.

In addition to the above the B. & O. RR. Co. owns the following securities, the cost of which is included in the cost of said lines to the B. & O. as shown in Sec. 14.

19. RAILROADS OWNED, LEASED OR OPERATED BY THE BALTIMORE & OHIO RR. CO.

The publication of separate statements for the following railroads is discontinued, for the reason that the Baltimore and Ohio RR. Co. owns practically all their capital stocks and has assumed such of their bonds as it does not own. They are virtually merged into the Baltimore and Ohio RR., as will be seen by referring to Secs. 7 *and* 13.

This company controls the Huntington and Big Sandy RR. Co. by ownership of its entire capital stock and the Ravenswood, Spencer and Glenville RR. Co. and Ripley and Mill Creek Valley RR. Co. by ownership of a majority of their capital stocks. This company is controlled by the B. & O. RR. Co. by ownership of more than 99 p. c. of its capital stock. The stock owned by the B. & O. is deposited under that company's Pittsburgh, Lake Erie and West Virginia System refunding mortgage.

FUNDED DEBT, June 30, 1902, consisted of $2,000,000 1st 5s of June 1, 1936; $2,941,000 ($3,000,000 auth.) gen. 5s of April 1, 1937, and $38,541 of which the details are not reported. The company guarantees, both as to principal and interest, the bonds of the Huntington and Big Sandy RR. Co., Ravenswood, Spencer and Glenville RR. Co., and Ripley and Mill Creek Valley RR. Co. In the mortgage securing the Pittsburgh, Lake Erie and West Virginia System refunding bonds of the B. & O. RR. Co., provision is made for the retirement of the funded debt of this company and of the companies it controls.

POOR'S BUREAU

OF

Information and Investigation,

Conducted in connection with and as an adjunct to

Poor's Manual of Railroads,

WILL FURNISH UPON ORDER

- **Detailed information relative to new or projected Railroads,**
- **Analyses of Railroad and other reports,**
- **Statistics of Steam, Electric, Cable and Horse Railways,**
- **Advance information relative to Railroad reports, etc.; or will make**
- **Full and comprehensive investigations into Railroad mortgages, bonds, leases or other contracts.**

In a word, we propose to furnish information of any character coming within the scope of this Bureau, but not contained in or within the province of our three annual publications, viz.:

POOR'S MANUAL OF RAILROADS,
POOR'S HAND-BOOK ON INVESTMENT SECURITIES,
POOR'S DIRECTORY OF RAILWAY OFFICIALS and
MANUAL OF AMERICAN STREET RAILWAYS.

Subscribers to any of the above-named works may address their inquiries to us, and a prompt reply will be mailed at a cost based upon the length of time occupied on the work.

Special attention will be given to the preparation of Historical Statements of existing or defunct corporations; to investigations into the value of old railroad bonds, and to the preparation of statistical exhibits designed to show the value of railroad securities. Besides this, investigations will be made at any time through official channels into the status of new projects, and reports made thereon. Proceedings in foreclosure or reorganization will be carefully followed, and all facts relating to such proceedings noted for reference.

It is believed that the establishment of this Bureau will prove of great benefit to the subscribers for our annual publications, as it will enable them at a nominal cost to avail of our unequalled facilities for the collection of news items relative to Railroad Investments or projects, besides securing the privilege of access to our Library, which contains all reports and documents issued during the past *half century*.

Annual subscribers to this Bureau may call for whatever information they desire during the period of their subscription. Terms upon application. Address

JOHN P. MEANY, Manager,

Gauge, 4 ft. 8½ in. Rail—iron (10 miles, in sidings, owned), 54 lbs; steel, 60 to 100 lbs.

2. Proprietary Interests.—The Johnsonburg and Bradford RR. is wholly owned by the Buffalo, Rochester and Pittsburgh Ry. Co., although a nominal corporate existence is maintained for it (see statement in Sec. 14). All of its stock and bonds are deposited in trust as part of the security for the B., R. & P. Ry. Co. general mortgage bonds. The Buffalo, Rochester and Pittsburgh Ry. Co. owns all the capital stock of the Rochester and Pittsburgh Coal and Iron Co., and through such ownership controls the Jefferson and Clearfield Coal and Iron Co. Statements for the coal and iron companies will be found elsewhere in the MANUAL (see GENERAL INDEX—MISCELLANEOUS CORPORATIONS).

MAP OF THE
BUFFALO, ROCHESTER
AND PITTSBURG
RAILWAY.

4. Trackage Rentals.—For the use of the line from Butler to New Castle the company pays a yearly rental equivalent to 5 per cent. on one-half the cost thereof, besides a wheelage proportion of the cost of maintenance and operation; and for the use of the line from Ribold Junction to Allegheny City it pays a fixed rate per car. For the use of the tracks of the Erie RR. between Mount Jewett and Clarion Junction the company pays a yearly rental of $30,169.43, besides a wheelage proportion of the cost of maintenance and operation.

5. History.—Consolidation, March 11, 1887, of the Buffalo, Rochester and Pittsburgh RR. Co. and the Pittsburgh and State Line RR. Co., corporations chartered respectively in New York and in Pennsylvania, in pursuance of the plan for the reorganization of the original Rochester and Pittsburgh Ry. Co. A sketch of the history of the system, brought down to the date of the consolidation, is in the MANUAL for 1887, on pages 125 and 126, and in subsequent editions later developments are recorded.

Indiana Branch.—By a circular, dated July 23, 1902, the stockholders were advised that, for the purpose of reaching coal lands which have been acquired and are being developed in the interest of the Rochester and Pittsburgh Coal and Iron Co. and of the Jefferson and Clearfield Coal and Iron Co., the board of directors had resolved to issue, at par, $1,300,000 additional common capital stock. The proceeds of $800,000 of this stock will be used to pay for the construction of a branch 28 miles long from a point on the main line near Punxsutawney to Ernest, Indiana County, Pa., leaving $500,000 for future extensions. Since then it has been thought advisable to further extend the system, about 34.6 miles, to reach coal lands near Vintondale, Pa., controlled by the Lackawanna Steel Co. of Buffalo. Of this additional extension, 16.6 miles, to Black Lick Station on the Indiana Branch of the Pennsylvania RR., are to be constructed by this company, at an estimated cost of $560,000; and an agreement has been entered into with the Pennsylvania RR. Co. for trackage over the remaining 18 miles, from Black Lick to Vintondale. It is expected that the branch will be completed in 1903.

Contract for Use of Beech Creek Extension.—By a traffic contract entered into in 1902, and to endure for 25 years, this company has the right to use the Beech Creek Extension RR. of the New York Central System as another outlet for the interchange of traffic of all kinds with the Reading System. The Beech Creek Extension is a line of easy grades from Clearfield via Keating, Pa., to a connection with the Philadelphia and Reading Ry.

First Mortgage Gold Bonds, R. & P. Ry.—Secured on the line from Rochester to Salamanca, N. Y., 108.41 miles.

Second Mtge. Bonds, R. & P. Ry.—Secured on the same property as the 1st mtge. bonds, but subject in lien thereto. The total amount of bonds is $1,870,000, of which the company holds $1,000 and the trustee $1,864,000. The lot held by the trustee was exchanged for consol. mtge. bonds, and further consol. mtge. bonds amounting to $3,000 are held for the $5,000 outstanding bonds and the $1,000 held by the company.

Consol. Mtge. Gold Bonds.—Limited in issue to $20,000 per mile of completed road. The mileage of the company would permit the issuing of $5,220,000, but bonds amounting to $1,300,000 are reserved for the retirement of $1,300,000 1st mtge. bonds, and $3,000 for the retirement of $6,000 2d mtge. income bonds outstanding on the Rochester Division.

General Mortgage Gold Bonds.—Secured upon the entire property of the company and by deposit of stock of R. & P. Coal & Iron Co. and stock and bonds of Johnsonburg & Bradford RR. Co. Total amount authorized, $10,000,000; of which bonds amounting to $1,300,000 are reserved for the retirement of R. & P. 1st mtge. bonds, due in 1921, and $3,920,000, for the retirement of consol. mtge. bonds, due in 1922—a total of $5,220,000 of gen. mtge. bonds reserved to retire prior bonds. The remaining $353,000 of gen. mtge. bonds (Nos. 9,648 to 10,000) are held to provide means for building a line from Mt. Jewett to Johnsonburg, Pa. The bonds reserved for the retirement of prior liens can be certified by the trust company, and issued only as an equal amount of the bonds to be retired are cancelled and delivered to the Union Trust Co. The present outstanding car trusts were created later than the date of the general mortgage, and are not provided for in that mortgage.

Debenture Bonds.—In 1897 debenture bonds to the amount of $3,000,000 were authorized, for the purpose of paying loans for construction and equipment, and to provide for similar requirements in the future. The $1,000,000 listed in the preceding statement were issued as of Jan. 1, 1897, and were to mature on Jan. 1, 1947. Originally the rate of interest was 6 p. c. per annum, but it was reduced to 5 p. c. per annum as from Jan. 1, 1901, and to 4 p. c. per annum as from Jan. 1, 1902, provision being made in connection with the last reduction for the conversion of the debentures into common stock at par. The conversion was made on July 1, 1902, and the $1,000,000 debentures were cancelled. The remaining $2,000,000, if issued, will bear interest at the rate of 4 p. c. per annum, and will be convertible into common stock at par. Or the company may redeem them on any Jan. 1 or July 1, upon twelve weeks' notice, at 102½ p. c. and accrued interest. It is provided that the debenture bonds shall be secured by any subsequent mortgage except if made for the purpose of retiring existing prior liens or of providing for extensions.

Car Trust Certificates.—These are in five series as follows: No. 10, $47,000, balance of $470,000 issued June 1, 1892, payable June 1, 1902; No. 11, $44,000, balance of $225,000 issued March 1, 1894, payable $22,000 yearly to March 1, 1904; No. 12, $80,000, balance of $200,000 issued March 1, 1895, payable $20,000 yearly to March 1, 1905; No. 13, $72,000, balance of $114,000 issued June 1, 1897, payable $12,000 yearly to June 1, 1907; and No. 14, $162,000, balance of $270,000 issued Dec. 1, 1897, payable $27,000 yearly to Dec. 1, 1907. Interest payable June 1 and Dec. 1, by A. Iselin & Co., 36 Wall St., New York, N. Y. Principal and interest payable in gold.

Equipment Bonds, Series A.—Secured on 500 wooden and 150 steel coal cars. There is a sinking fund of 5 p. c. per annum, payable May 1, to be invested in bonds of this series if they can be purchased at or under par, otherwise in the purchase of additional equipment as a further security for the bonds. All bonds purchased are to be immediately cancelled.

Equipment Bonds, Series B.—The bonds are secured on equipment of a value of 10 p. c. in excess of the amount of bonds issued. There is a sinking fund of 5 p. c. per annum, payable May 1, for the purchase for cancellation of bonds of this series if they can be bought at or under par and accrued interest, otherwise for the purchase of additional equipment as a further security for the bonds outstanding.

Equipment Bonds, Series C.—Secured on equipment of a value 10 p. c. in excess of the amount of bonds issued. Authorized issue, $1,000,000. There is provision for a sinking fund equal to 5 p. c. per annum on the bonds issued, to be paid over to the trustee on the 1st of each Nov. and to be invested in bonds of this series at or under par; otherwise this fund, or any unused balance, is to be applied to the purchase of rolling stock to be pledged as additional security for the bonds outstanding.

Lincoln Park and Charlotte Bonds.—Secured by first mortgage on the Lincoln Park and Charlotte RR., 10.3 miles. Principal and interest guaranteed by the B., R. & P. Ry. Co.

12. Guaranteed Bonds and Stocks.—The company guarantees by endorsement the payment of the principal and interest of $2,000,000 ($2,500,000 auth.) 1st mtge. 4 p. c. gold bonds of the Allegheny and Western Ry. Co., and of $650,000 1st mtge. 5 p. c. bonds of the Clearfield and Mahoning Ry. 6. Capital Stock.—A majority of the capital stock, consisting of $2,605,000 common stock and $700,000 preferred stock, is to be held in a voting trust for ten years, or until interest of 4 p. c. per annum is paid on the gen. mtge. bonds for two successive years, or until those bonds are made to bear a fixed rate of interest. The preferred stock is entitled to non-cumulative dividends at the rate of 4 p. c. per annum before any dividend can be paid on common stock.

7. Funded Debt.—The funded debt outstanding on June 30, 1902—total, $7,900,000 as per general balance sheet—consisted of the following issues:

$650,000 1st *gold 5s of Feb.* 1, 1919. The authorized issue is $1,250,000, but $600,000 of the bonds are to be issued only with the consent of the voting trustees, during the continuance of the voting trust, and thereafter only for the acquisition of new property. The bonds are redeemable at any time after Feb. 1, 1904, at 105 p. c. and accrued interest. The mortgage securing them is a prior lien upon all the property of the company. and has the additional security of the leases and stock of subsidiary lines and the securities of lines constructed from the proceeds of bonds secured by the same mortgage.

$7,250,000 *gen. gold 5s of Feb.* 1, 1949. The general mortgage is a second lien on the properties covered by the first mortgage. Interest on the bonds is payable only if earned, but it is provided that a fixed rate of interest may be established at the option of the company, with the consent of the voting trustees during the continuance of the voting trust, and thereafter with the consent of the holders of a majority of the bonds. The mortgage may be increased to $8,500,000, but, if so, the additional $1,250,000 must remain with the trustees, to be issued only on surrender of 1st mtge. bonds.

1. History.—The Delaware and Hudson Canal Co. was chartered by the New York Legislature, April 23, 1823, to construct a canal from the coal fields of Pennsylvania to the Hudson River at Rondout, N. Y. The canal, extending from Honesdale to Rondout, was completed in Oct., 1828. The Gravity Railroad was completed in 1829. On April 28, 1899, by authority of an act of the Legislature, the present name was adopted, the company being authorized at the same time to sell the canal and to purchase its own securities for sinking fund purposes. The canal was sold in June, 1899. The Gravity Railroad was broadened to standard gauge, made an ordinary steam railroad, and opened for regular passenger and freight business in Feb., 1900. The Adirondack Ry., from Saratoga to North Creek, N. Y., 56.97 miles, was formally absorbed by this company on Nov. 5, 1902. Its statistics are included in this statement for the six months ending Dec. 31, 1902.

Terms of Leases.—The Delaware and Hudson Co. leases the Albany and Susquehanna RR., the Rensselaer and Saratoga RR. and the New York and Canada RR. under the terms given in the respective statements therefor (see Sec. 17). The Delaware and Hudson Co. also leases the Rome and Clinton RR. and the Utica, Clinton and Binghamton RR., but they are sublet to the New York, Ontario and Western Ry. Co., for the term of 35 years from June 1, 1886, at a minimum rental of $70,000 per annum.

3. Coal Business.—The chief business of the company is the mining and transportation of coal. The amount of coal owned and controlled by it on Jan. 1, 1902, was estimated at 224,856,352 tons. The total output of anthracite coal in 1902 was 31,200,890 tons. This company produced 3,127,697.15 tons, of which 2,898,138.12 tons were from its own property, and 229,559.03 tons from the property of the Hudson Coal Co., which it controls. The amount of anthracite coal transported over the railroad lines owned and controlled by the company, during the year ending Dec. 31, 1902, was 4,640,772 tons.

4. Depreciation Sinking Fund.—There is a sinking fund, created in 1899, for the gradual retirement of the stock and bonds of the company contemporaneously with the mining and sale of its coal; a sum not less than 5 cents per ton of coal mined to be charged against the yearly net profits and applied to the retirement of the securities or stock of the company.

Gauge, 4 ft. 8½ in. Rail—iron, 50 to 66 lbs.; steel (owned, 2,033.07 miles), 36 to 90 lbs.

The single track railroads of this company and the Cleveland, Cincinnati, Chicago and St. Louis Ry. Co. parallel each other between Galion and Marion, O., a distance of about 20 miles. Under an agreement made in June, 1901, that section is operated jointly by the two companies as a double-track railroad, thereby greatly increasing the carrying capacity and the safety of operation of both railroads.

2. Interest in New York, Susquehanna and Western Railroad Company.—In addition to the controlled roads operated directly by it, the Erie RR. Co. controls the New York, Susquehanna and Western RR. Co. (statement for which see) by ownership of about 97 1-5 per cent. of its capital stock. The property is operated separately by its own organization.

3. Leased Lines.—The following is a statement of leased lines of the Erie RR. Co. on June 30, 1902, their terminal points and mileage, the dates and terms of the leases, and the annual rental charge. The Middletown and Crawford, the Elmira State Line, and the New York and Greenwood Lake are shown here as leased lines, although in the main statement of mileage they are classified as railroads controlled by ownership of a majority of the capital stock. This is done so as to show in one place the railroads which will sooner or later be consolidated into the Erie, and in the other the details of rentals for which the company is liable:

4. Trackage Contracts.—For the use of the New Jersey Junction RR. tracks, the company pays a yearly rental of $6,001; for the use of the Chicago and Western Indiana RR. tracks, a proportion of the cost of maintenance and operation, amounting to $181,020.22 for the year ending June 30, 1902; and for the other "rights," a percentage of earnings thereunder. By means of the Fall Brook Ry. tracks connection is made at Williamsport with the Philadelphia and Reading system, giving this company a through line under its own control to and from the West to the Reading territory. The Delaware and Hudson Co. uses this company's tracks between Jefferson Junction, near Susquehanna, and Carbondale, Pa., and the Wabash RR. Co. uses the tracks between the two Niagara River bridges and Buffalo, N. Y., together with the terminals in Buffalo.

5. History.—Reorganization, Nov. 30, 1895, of the New York, Lake Erie and Western RR. Co., whose property and franchises, including its leasehold of the New York, Pennsylvania and Ohio RR. and its ownership of the Chicago and Erie RR., were sold under foreclosure on November 6, 1895. A detailed history of the system will be found in the MANUAL for 1897, page 419 *et seq.* It was decided to vest the reorganized company, so far as practicable, with the direct ownership of the various properties comprised in the system, including the principal leased lines. In furtherance of this object the Buffalo and Southwestern RR. Co. was absorbed on Nov. 19, 1895; the Lockport and Buffalo Ry. Co. and the Erie International Ry. Co. on November 27, 1895. The securities of the Nypano RR. Co., a reorganization of the New York, Pennsylvania and Ohio RR. Co., were purchased in March, 1896. The Suspension Bridge and Erie Junction RR. Co. and the Buffalo, New York and Erie RR. Co. were absorbed on April 3, 1896; and a company formed on June 11, 1896, by the consolidation of the Union Steamboat Co. and the Union Dry Dock Co., was absorbed on June 30, 1896. It is intended to gradually absorb the rest of the subsidiary companies, and have the absolute title to the entire system vested ultimately in the Erie RR. Co.

Sale of Dry Dock.—An advantageous offer having been received for the Union Dry Dock plant at Buffalo, the machinery, fixtures, docks and good will were sold during the year ending June 30, 1901, and the land occupied by the plant was leased for a term of years at an annual rental of 4½ p. c. on its value, and all taxes and assessments, an option being given to the lessees to purchase at a fixed price.

Purchase of Coal, Iron and Railroad Properties.—In order to protect the company's coal tonnage, and for other reasons, the entire capital stocks of the Pennsylvania Coal Co., Erie and Wyoming Valley RR. Co., Dunmore Iron and Steel Co. and Delaware Valley and Kingston RR. Co. were purchased on January 10, 1901. The Delaware Valley and Kingston RR. is a projected road from the Wyoming coal fields to the Hudson River at Rondout, part of which is in course of construction. The purchased properties were paid for with the proceeds from the issue of $32,000,000 of Pennsylvania collateral trust 4 p. c. bonds and $5,000,000 of 1st preferred stock. The lease of the Hawley Branch of the Pennsylvania Coal Company's RR. at a rental of $50,000 per annum was cancelled as a result of the purchase. The Pennsylvania coal property was taken over by the Erie RR. Co. as of January 16, 1901, and the Erie and Wyoming Valley RR. as of March 1, 1901.

Erie Coal Companies.—With the exception of the directors' shares, the Erie RR. Co. owns the entire capital stock of the Pennsylvania Coal Co., Hillsdale Coal and Iron Co., Blossburg Coal Co. and Northwestern Mining and Exchange Co., comprising what are called the Erie Coal Companies. A consolidated general balance sheet of these companies will be found in Sec. 16, showing their financial condition on June 30, 1902. The income account of the Erie RR. Co. (Sec. 8) is credited with $1,702,490.90 as the net revenue received from the coal companies at the close of the fiscal year.

Capital Receipts and Expenditures since Reorganization.—Of the $2,750,655.22 of securities for construction purposes received from the Erie Reorganization Committee, all except $94,000 have been converted into cash as follows: Buffalo and Southwestern RR. 2d lien bonds, $115,200 sold for $126,720; Erie RR. prior lien bonds, $405,000 sold for $414,000; Erie RR. general lien bonds, $1,034,400 sold for $1,214,908.93;

New York and Greenwood Lake Ry. prior lien bonds, $364,055.22 sold for $385,570.22; Delaware and Hudson exclusive car trust certificates, $630,000, and car trust of New York certificates, $108,000, both sold at par—total, $2,656,655.22 sold for $2,879,199.15. In addition to these securities there have been certified by the trustee and delivered to the Erie RR. Co., to reimburse it for expenditures already made, $5,000,000 of the company's prior lien bonds and $2,000,000 of its general lien bonds. The $2,000,000 general lien bonds and $4,000,000 of the prior lien bonds have been converted into cash, the company realizing $1,634,111.11 from the sale of the former and $3,599,884.27 from the sale of the latter, or a total of $5,233,995.38. There remained in the treasury, applicable to construction purposes, $94,000 car trust of New York certificates and $1,000,000 Erie RR. prior lien bonds.

The Erie RR. Co. received cash from all sources for construction and equipment purposes from December 1, 1895, to June 30, 1902, as follows: From sale of Erie and Wyoming Valley RR. stock, $500,000; in settlement with the National Transit Co. on account of an old claim, $500,000; from Erie Reorganization Committee, $4,343,850.13; from sale of securities received from Erie Reorganization Committee, $2,879,199.15; from sale of securities received from trustee, $5,233,995.38; from sale of P. C. & Y. RR. bonds, turned over to the company by the receivers of the New York, Lake Erie and Western RR. Co., $2,500; from sale of capital stock of the Northern RR. Co. of New Jersey, originally paid for by the Erie Reorganization Committee from construction funds, and sold by the Erie RR. Co., $457,867.50; on account of the sale of the Union Dry Dock franchises, etc., $200,000; returned by the English Government on account of special tax deposit by the Erie Reorganization Committee, $107,989.22; received to purchase Erie and Wyoming Valley RR. equipment, $230,227.05—total, $14,455,628.43. During the same period expenditures were made as follows: For purchase of Northern RR. Co. of New Jersey stock, as explained before, $457,867.50; for new construction, $4,960,574.70; for new equipment, $9,001,887.15; for retirement of old New York, Lake Erie and Western car trusts, $1,729,611.68; for payment of mortgages on real estate, $65,000; disbursed on account of Union Steamboat Co. in liquidating its affairs and in building or acquiring additional property, $348,377.50; in liquidating the receivership of the New York, Lake Erie and Western RR., $124,972.43—total, $16,688,290.96. This shows that to June 30, 1902, the company had expended $2,232,662.53 from its current cash for construction and equipment purposes, for which it was entitled to be reimbursed in part from the proceeds of the sale of the $1,000,000 prior lien bonds in the treasury and from $1,000,000 general lien bonds, to which it was entitled, but which had not been obtained from the trustee.

In addition to the above, the company had expended for construction on the Erie and Wyoming Valley RR., and on account of the Pennsylvania Coal Co. and the Delaware Valley and Kingston RR. properties, $363,126.51, for which it was entitled to be reimbursed from the proceeds of the sale of its Pennsylvania collateral bonds in the treasury.

practice, a change has been made in the method of accounting, under which the earnings and expenses of the rail lines are now shown separately from those of water routes, shipping and coal storage plants, elevators, stock yards, etc. The plan also provides for a separate account of additions and improvements payable out of income, to be shown as a deduction from net earnings instead of being included in operating expenses. With this method of accounting it will be possible hereafter to show the actual cost of maintenance and operation, and the extent of improvements made to the property. For the purpose of making comparison with previous years the condensed income account in Sec. 11 has been prepared on the former basis.

The reorganized company commenced operations on Dec. 1, 1895, and its first report was for the seven months ending June 30, 1896. As the operations for such a period would be of little value in a comparison by fiscal years the operations for the entire year ending June 30, 1896, of practically the same mileage as was operated during the following fiscal years, are given in place of them.

11. Profit and Loss Account, June 30, 1902.—Credit balance, June 30, 1901, $6,278,030; surplus income for year, $2,947,905.01; miscellaneous credits, $352.89—total, $9,226,287.90. Deductions: Dividend No. 1 on 1st preferred stock, payable Aug. 30, 1901, declared out of the surplus for half year ending June 30, 1901, $718,386; various charges, account of bad debts, etc., $58,286.47—total, $776,672.47. Credit balance, June 30, 1902, $8,449,615.43.

successors, jointly, until the first preferred stock shall have received 4 p. c. cash dividends in one year, although the voting trustees may, in their discretion, deliver the stock at any earlier date. Dividends of 1½ p. c. each were paid on the 1st preferred stock on Aug. 30, 1901, Feb. 28, 1902, and Aug. 30, 1902. It is provided that no additional mortgage can be put upon the property, nor the amount of either class of preferred stock be increased, without the consent of a majority of the whole amount of each class of preferred stock and of such amount of common stock as shall be represented at any meetings of stockholders which may be called for the purpose of voting on these questions, the holders of each class of stock voting separately. The company reserves the right to redeem at any time either or both classes of its preferred stock at par in cash, if allowed by law.

14. Funded Debt.—The funded debt outstanding on June 30, 1902—total, $178,932,100, as per general balance sheet—consisted of the several issues of bonds listed in the following statement. The bonds are practically, either by mortgage or by collateral trust, a first lien upon the company's principal coal properties (except the Penna. Coal Co.) upon its water transportation lines, including valuable terminal properties appurtenant thereto, and upon a number of local lines in New Jersey and near Buffalo; a second lien (subject only to the mortgages securing some of the divisional bonds listed in the statement of funded debt) upon the remaining coal properties and the railroads leading to all the coal properties, upon the terminals at Jersey City, upon the Buffalo, New York and Erie RR. (the main line to Buffalo), and the terminal properties in Buffalo other than those upon which it is a first lien, and upon the line from Salamanca to Chicago; and a general lien upon the lines of the original Erie Ry., between Piermont and Dunkirk. The mortgage authorizes $175,000,000 of bonds, $35,000,000 of them being prior in lien to the rest, which are designated general lien bonds. All the prior lien bonds have been issued, but $1,000,000 of them were held in the treasury of the company on June 30, 1902. On the same date there remained unissued $104,115,000 of the general lien bonds, $15,000,000 of them to be issued only for new construction and at the rate of not more than $1,000,000 a year, and the rest only for the retirement of prior liens and the purchase of capital stock of subsidiary companies. (See MANUAL for 1896, page 532.) After the expiration of the voting trust under which the capital stock of the company is pooled, voting power will attach to these 1st consol. mtge. bonds at the rate of ten votes for every $1,000 of bonds.

Newburgh and New York RR. Gold Bonds.—Secured by first mortgage on the line from Arden Junction to Vail's Gate Junction, N. Y., 12.64 miles.

Buffalo, New York and Erie RR. Gold Bonds.—Secured by first mortgage on the line from Painted Post, near Corning, to Buffalo, N. Y., 140.25 miles.

Buffalo and Southwestern First Mortgage Gold Bonds.—Secured on the line from Buffalo Creek Junction, Buffalo, to Jamestown, N. Y., 66.36 miles.

Buffalo and Southwestern Division Second Lien Gold Bonds.—Issued by the Erie RR. Co. in the purchase of the Buffalo and Southwestern RR. Secured by a second mortgage on that line.

Pennsylvania Collateral Trust Gold Bonds.—These bonds are a direct obligation of the Erie RR. Co., and are secured by the deposit in trust of the capital stocks of the Pennsylvania Coal Co., Erie and Wyoming Valley RR. Co. and Delaware Valley and Kingston Ry. Co., and of 51 p. c. (66,300 shares of preferred and 66,300 shares of common) of the total outstanding capital stock of the New York, Susquehanna and Western RR. Co. As additional security it is provided in the trust indenture that the Erie RR. Co. shall appropriate and pay annually to a sinking fund the sum of ten cents for every ton of coal sold and delivered through the previous year from the mines of the Pennsylvania Coal Co. Such sinking fund is to be applied to the purchase of bonds of this issue at not exceeding 105 p. c. and accrued interest, bonds to be drawn by lot if not offered at the price stated. The bonds so purchased or called for the sinking fund will be kept alive, and the subsequently accruing interest thereon will be added to the amounts otherwise available for sinking fund purchases. Under this provision $222,000 of the bonds have been purchased, as shown by the general balance sheet. The total amount of bonds authorized by the indenture is $36,000,000, of which $3,000,000 of bonds are reserved to be issued only for the purpose of additions, betterments and improvements to the properties represented by the stocks pledged under the indenture.

Long Dock Co. Consolidated (now First) Mortgage Gold Bonds.—Secured on the Bergen Tunnel, 577 acres of land and land under water, docks, terminals, etc., of an assessed value in 1901 of $6,792,917. They are redeemable at any time at 110, but only from proceeds of sale of land not necessary for company's use. No land has ever been sold.

Honesdale Branch Bonds.—The 4½ p. c. bonds are secured by a first mortgage and the 6 p. c. bonds by a second mortgage on the Honesdale Branch of the Jefferson RR., from Hawley to Honesdale, Pa., 8.18 miles.

Jefferson Branch Gold Bonds.—Secured by a first mortgage on the Carbondale Branch of the Jefferson RR., from Lanesboro' to Carbondale, Pa., 36.51 miles.

Bergen County Bonds.—Secured by a first mortgage on the line from Rutherford Junction to Ridgewood Junction, N. J., 9.82 miles.

N. Y., L. E. & W. Docks and Improvement Co. Bonds.—Secured by first mortgage on the property of the company named. A description of this property is in the MANUAL for 1899, page 116. It is situated at Weehawken, N. J., and constitutes the main freight terminal of the Erie RR. system. The lease to the Erie RR. Co. and the rentals accruing thereunder are pledged as further security for the bonds. The total issue is $4,000,000, but $604,000 bonds (Nos. 1,001 to 1,604 inclusive) are pledged under the first consolidated mortgage of the Erie RR. Co.

N. Y., L. E. & W. Coal and Railroad Co. Bonds.—Part of an issue of $3,000,000, the residue being deposited under the 1st consolidated mortgage of the Erie RR. Co. Secured to the amount of $1,500,000 by a first lien on the railroad property, and to the full amount by a first lien on the company's lands (see MANUAL for 1899, page 116). They are guaranteed, both as to principal and interest, by the Erie RR. Co., and the guaranty is endorsed upon the face of each bond.

Tioga RR. Bonds.—The 1st mtge. bonds are secured on the line from Morris Run to Lawrenceville, Pa., 30.6 miles; the extension bonds on the line from Lawrenceville to the New York State Line, 12.23 miles.

Elmira State Line Bonds.—Secured on the line from State Line Junction, N. Y., to Penn. State Line, 6.51 miles.

N. Y., P. & O. Prior Lien Gold Bonds.—Secured by first mortgage on the property and franchises of the Nypano RR. Co. (See subjoined statement for that company.) Principal and interest payable in New York in United States gold coin, or in London in sterling money at the rate of four shillings to the dollar.

Chicago and Erie Gold Bonds.—Secured by first mortgage on the line from Marion Junction, O., to the Illinois State Line near Hammond, Ind., 249.57 miles, including franchises, equipment, and appurtenances. Also secured by pledge of the contract with, and 10,000 shares of the capital stock of, the Chicago and Western Indiana RR. Co. and 2,400 shares of the capital stock of the Belt Ry. Co. of Chicago.

Chicago and Atlantic Terminal Gold Bonds.—Secured by mortgage on certain station, shop, and other lands, and the buildings thereon, located in twelve of the fifteen counties through which the road runs.

14a. General Mortgage Convertible Gold Bonds.—For the purpose of completing and finishing or operating and improving its railroad, or for any other of its lawful purposes, including the acquisition of equipment or the funding or consolidation of existing obligations, the company executed a mortgage in favor of The Standard Trust Co. of New York, as trustee, to secure an issue of 4 p. c. 50-year gold bonds, dated April 1, 1903, with interest payable April 1 and Oct. 1, at its office or agency in the city of New York. The bonds are in coupon form, for $1,000 each, with privilege of registration as to principal alone or of conversion into fully registered bonds; and also in registered form, without coupons, for the principal sum of $500, $1,000 or such multiples of $1,000 as may be from time to time prescribed by the company. The amount of bonds authorized by the mortgage is $50,000,000, issuable as to $10,000,000 forthwith, and the balance from time to time after Dec. 31, 1903, but in amounts not exceeding $10,000,000 a year, and under carefully guarded restrictions, as stated in the mortgage. The bonds may be converted into common stock of the company at any time after April 1, 1905, and before April 1, 1915, the first issue of $10,000,000 at the price of $50 per share, and subsequent issues at prices to be fixed from time to time by the board of directors, the conversion price in any case to be not less than the market value of the common stock on Feb. 11, 1903, and to be stated in every bond. The mortgage covers the entire property of the company, including the securities deposited under the First Consolidated Mortgage Deed and the Pennsylvania Collateral Indenture, and including the entire outstanding capital stock, amounting to $6,000, of the Penhorn Creek RR. Co., but subject to the liens of prior mortgages or deeds of trust. Among the improvements to be provided for by issue of these bonds are the following: The construction of new and modern ferry houses at Chambers and Twenty-third Streets, New York City; the purchase of new ferryboats; the building of a new and modern depot and ferry houses at Jersey City and the rearrangement of tracks and terminals at that point; the construction of a new line through an open cut over Bergen Hill so as to avoid the use of the present tunnel for passenger trains; important improvements at stations along the suburban lines and various improvements along the road, including construction of second and third tracks; the provision of new machinery, tools and improvements for the shops, and the purchase of about 3,000 new freight cars, 50 new passenger coaches and 150 new locomotives.

15. Bonds Underlying the General Lien Bonds.—All issues of bonds listed in the statement of funded debt were issued or have been assumed by the Erie RR. Co., and all of them except the prior lien bonds and the general lien bonds issued under the 1st consolidated mortgage of 1895, and the Southwestern Division 2d lien bonds, which will continue as a separate lien on that division, will be replaced with equal amounts of general lien bonds reserved for that purpose, as will also the following: $400,000 Blossburg Coal Co. 1st 5s of Nov. 1, 1915; $130,000 Montgomery and Erie RR. 1st 5s of May 1, 1926; $40,500 Montgomery and Erie RR. 2d 5s of Oct. 1, 1927; $186,500 Goshen and Deckertown RR. 1st 6s of July 1, 1928; $60,000 Goshen and Deckertown RR. 2d 6s of Nov. 1, 1929; $8,800 Middletown and Crawford RR. 1st 4½s of April 1, 1921; $3,000,000 Cleveland and Mahoning Valley Ry. 1st consol. 5s of Jan. 1, 1938; $164,000 Sharon Ry. 1st 4½s of June 1, 1919; and $250,000 New Castle and Shenango Valley RR. 1st 6s of July 1, 1917—total, $4,239,800. The Blossburg Coal Co. bonds are secured on property situated at and near Blossburg, Pa. The capital stock of the company, $1,000,000, is deposited under the 1st consolidated mortgage of the Erie RR. Co. The Middletown and Crawford bonds are part of a total of $66,000, of which $57,200 are pledged under the 1st consolidated mortgage of the Erie RR. Co. Additional particulars respecting all of the bonds mentioned will be found in the appended statements for the respective companies and in the Ready Reference Bond List (see General Index).

NEW YORK, SUSQUEHANNA AND WESTERN RAILROAD COMPANY

(Controlled by Erie RR. Co.)

1. History.—Consolidation, April 5, 1893, of the N. Y., S. & W. RR. Co. and the Hudson River RR. and Terminal Co. (See MANUAL for 1893, page 849.) The company is controlled by the Erie RR. Co., but is operated as a separate corporation.

2. Rolling Stock, June 30, 1902.—Locomotives, 81. Cars—passenger, 39; combination, 18; baggage, mail, and express, 7; milk, 23; freight (box, 229; flat, 49; gondola, 3,544), 3,822; service, 49—total, 3,958. Included in the foregoing is the rolling stock owned by the Wilkesbarre and Eastern RR. Co. (see appended statement).

A change has been made in the company's system of accounting, under which the earnings and expenses of the railroad are shown separately from those of shipping and coal storage plants, and the cost of additions and improvements payable out of income is shown as a deduction from net earnings instead of being included in operating expenses. With this method of accounting it will be possible hereafter to show the actual cost of maintenance and operation, and the extent of improvements made to the property. For the purpose of making comparison with the previous year the condensed income account in Section 5 has been prepared on the former basis.

The Midland RR. bonds are secured by first mortgage on the line from Marion to Unionville, 71.6 miles. The Paterson Extension bonds are secured by first mortgage on the road and real estate in the city of Paterson. The N. Y., S. & W. firsts are a 1st lien on the line from Two Bridges to Gravel Place, and on the Winton, Delaware and Lackawanna Valley branches, in all 61.6 m., and a 2d lien on the main line and Paterson Extension. The refunding firsts are secured on the same property but are subject in lien to the firsts. The 2d mtge. bonds are exchangeable for gen. mtge. bonds on payment of an assessment. The authorized issue of gen. mtge. bonds is $3,000,000, but enough of the bonds are held by the Central Trust Co. of New York, trustee, for the retirement of the 2d mtge. bonds. The gen. mtge. bonds and all bonds prior thereto are in coupon form, with privilege of registration. The terminal mtge. bonds are secured on the property acquired from the Terminal Co., including 3 miles of railroad, a tunnel under the Palisades, and 62 acres of terminal property on the Hudson River. The collateral trust bonds, originally $500,000 in amount, are subject to call for sinking fund. The bonds of the proprietary companies are guaranteed by the N. Y., S. & W. RR. Co.

Michigan Central Railroad and Canada Southern Railway	1,635.05	"
Total mileage of the system, July 1, 1903	11,286.69	miles.

The Dunkirk, Allegheny Valley and Pittsburg RR. is leased to the New York Central and Hudson River RR. Co. for 501 years from Dec. 1, 1872, but is operated by the Lake

Shore and Michigan Southern Ry. Co. as agent for the lessee. Its operating and financial statistics are not included in the lessee's statement, although the rental paid under the lease is charged against net income in the statement in Sec. 5. The St. Lawrence and Adirondack Ry., the Fulton Chain Ry. and the Raquette Lake Ry. are operated by the New York Central and Hudson River RR. Co., as agent for the owners, but their statistics are not included in the accounts of the operating company. The Beech Creek Extension RR. was not taken over for operation by the New York Central and Hudson River RR. Co. until July 1, 1902. The other controlled railroads named in the mileage statement are operated by their own organizations.

The Lake Shore and Michigan Southern Ry. Co. and the Michigan Central RR. Co. are controlled directly by the New York Central and Hudson River RR. Co. through ownership of a large majority of their capital stocks. The Lake Shore and Michigan Southern Ry. Co. controls the Cleveland, Cincinnati, Chicago and St. Louis Ry. Co., the Indiana, Illinois and Iowa RR. Co., the Lake Erie and Western RR. Co., the New York, Chicago and St. Louis RR. Co. and the Pittsburgh and Lake Erie RR. Co.

The Toronto, Hamilton and Buffalo Ry. is controlled by the N. Y. C. & H. R. RR. Co., by virtue of the latter's ownership of the Michigan Central RR. and of the agreement between the Michigan Central RR. Co. and the Canada Southern Ry. Co. Of the five corporations which divide the control of the Toronto, Hamilton and Buffalo Ry., the New York Central, the Michigan Central and the Canada Southern are three.

NEW YORK CENTRAL AND HUDSON RIVER RAILROAD COMPANY.

1. History.—Consolidation, Nov. 1, 1869, of the New York Central RR. Co. and the Hudson River RR. Co. (see MANUAL for 1890, page 110). The lease of the Troy and Greenbush RR. was inherited from the Hudson River RR. Co.; the other leases have been acquired from time to time by the consolidated company. Their terms are outlined in the subjoined statements for the several leased roads. The Dunkirk, Allegheny Valley and Pittsburg RR. is leased for 501 years, from Dec. 1, 1872, but its mileage and operations are not included in this statement, as separate accounts have been kept and an independent statement prepared in its behalf. On Oct. 1, 1901, the operation of the Dunkirk, Allegheny Valley and Pittsburg RR. was assigned to the Lake Shore and Michigan Southern Ry. Co. as agent for the N. Y. C. & H. R. RR. Co., lessee.

The Terminal Ry. of Buffalo is owned jointly by this company and the Lake Shore and Michigan Southern Ry. Co., while the Pittsburgh and Eastern RR. is owned jointly by this company and the Pennsylvania RR. Co. This company controls the Lake Shore and Michigan Southern Ry. Co. and the Michigan Central RR. Co., through the ownership of more than 91 per cent. of the capital stock of the Lake Shore and of about 88 per cent. of the capital stock of the Michigan Central.

The Beech Creek Extension RR., from Keating to Clearfield, Pa., and with a branch from Elbell to Rossiter, Pa., a total of 58.6 miles, was taken over for operation by the New York Central and Hudson River RR. Co. on July 1, 1902. In connection with the lease of that line the company secured trackage rights over the Philadelphia and Erie RR.

from Keating to McElhattan, about 50 miles, affording an additional low grade outlet for coal shipments from the Clearfield district.

10a. Capital Stock.—At its meeting on Jan. 15, 1902, the board of directors voted to increase the capital stock of the company from $115,000,000 to $150,000,000, to provide $35,000,000 additional capital for such corporate purposes as may be determined. This action was ratified at a special meeting of the stockholders held on April 16, 1902. Of the additional capital stock so authorized, the stockholders of the company were given the privilege of subscribing for an amount equal to 15 p. c. of their holdings, or 172,500 shares, at $125 per share, the new issue to participate in the dividend payable out of the earnings of the June, 1902, quarter of the fiscal year. The stockholders availed themselves of this privilege to the extent of 169,129 shares, and paid into the treasury the sum of $21,141,125, of which $16,912,900 was for the par value of the stock and was the amount carried to the credit of capital stock account, and $4,228,225 was the premium of $25 per share, above par, which was carried to the credit of profit and loss. The capital stock outstanding on June 30, 1902, was $131,912,900, leaving a balance of $18,087,100 authorized but not issued. The amount outstanding included $4,900 of consolidation certificates not yet converted. Amount of capital stock issued per mile of road owned, $162,805.18. Cost of road per mile owned, $173,774.25; cost of equipment per mile of road owned, $56,653.79—total cost per mile, $230,428.04.

At the New York office the treasurer transfers stock, pays dividends on stock issued in America, transfers registered bonds, and pays interest on coupon and registered currency bonds. The Union Trust Co. of New York registers stock issued in America. The London agents, J. S. Morgan & Co., pay dividends on stock issued in England. The Union Bank registers stock issued in England, and pays interest on sterling bonds. Dividends on stock registered in London are payable in gold.

10b. Funded Debt.—The funded debt outstanding on June 30, 1902—total, $193,778,355.98 as per general balance sheet—consisted of the several issues of bonds listed in the following statement. Additional particulars respecting any issue will be found in the paragraph relating thereto subjoined to the statement:

$18,327,000.00	1st 7s of Jan. 1, 1903,	Retired at maturity.	$3,610,500.00	Ext. Debt gold 4s of May 1, 1905.

4,526,000.00	Deben. 5s of Sept. 1, 1904.		90,578,400.00	Lk. S. Coll. g. 3½s of Feb. 1, 1998.
649,000.00	Deben. 5s of Sept. 1, 1904.		19,336,445.00	Mich. Cen. Coll. g. 3½s of Feb. 1, 1998.
5,097,000.00	Gold Deben. 4s of June 1, 1905.		5,500,000.00	Deben. 3½s of July 1, 2000, int. J. & J.

Excluding the Lake Shore and Michigan Central collateral bonds and the debentures of 2,000, the amount of bonds outstanding per mile of road owned, 810.25 miles, amounted to $96,715.22 on June 30, 1902.

Debenture 5 p. c. Bonds.—Secured by the 3½ p. c. gold bond mortgage of 1897, but must be retired at maturity. The debentures of 1889 have a conversion privilege under which the holders may receive stock at par, instead of cash, for the bonds at maturity, in the event of the company replacing its 1st mtge. bonds with an issue of stock.

Debenture 4 p. c. Bonds.—Secured by the 3½ p. c. gold bond mortgage of 1897, but must be retired at maturity. Each certificate must be countersigned by the Union Trust Co. as registrar.

Extended Debt Certificates.—Originally dated Aug. 1, 1853, and fell due May 1, 1883, when they were extended for ten years with interest at the rate of 5 p. c. per annum. On May 1, 1893, they were extended to May 1, 1905, the rate of interest being reduced to 4 p. c., and both principal and interest made payable in gold.

Gold Mortgage Bonds of 1897.—Secured on the entire property of the company, whether now owned or hereafter acquired through issue of bonds secured by the same mortgage. The authorized issue is $100,000,000, of which $15,000,000 cannot be issued before Jan. 1, 1904, and then at not exceeding the cumulative rate of $1,000,000 yearly, for additions and betterments to the property. The remaining $85,000,000 were authorized for the purpose of retiring $70,377,333.33 of outstanding 1st mtge. bonds, extended debt certificates and debentures, at or before their maturity, $14,622,666.67 of such reserved bonds being intended to meet any premium necessary to retire the prior issues. The $40,426,916.32 bonds outstanding June 30, 1902, were issued as to $32,440,738.67 in exchange for an equal amount of prior lien bonds, as to $4,986,177.65 as part of the $14,622,666.67 reserved for premiums, and the remaining $3,000,000 for construction and betterments. Since June 30, 1902, the amount outstanding has been increased to $66,000,000, the additional bonds having been issued mainly for the retirement of the 1st mtge. bonds. Under the terms of the mortgage, the

1st mtge. 7 p. c. bonds and the 1st mtge. 6 p. c. sterling bonds, when received by the trustee, were stamped as not negotiable, and are held as additional security for the bonds issued under this mortgage, while extended debt certificates and all debenture certificates, when received by the trustee, are cancelled and surrendered to the company. The mortgage requires that the outstanding old bonds shall be paid as they mature, so that after June 1, 1905, this mortgage will be the first lien upon the property of the New York Central and Hudson River RR. Co.

Lake Shore Collateral Gold Bonds.—Authorized for the purpose of acquiring the capital stock of the Lake Shore and Michigan Southern Ry. Co., under the terms stated in the MANUAL for 1898, pages 567 and 568. The bonds outstanding are secured by deposit in trust of the shares against which they were issued. Coupon bonds are dated Feb. 1, 1898, while registered bonds are dated as of the several dates of their issue. The bonds are a direct obligation of the New York Central and Hudson River RR. Co., and it is provided that the company shall not hereafter make any mortgage upon its railroad or upon any substantial part thereof, without including therein the bonds of this issue.

Michigan Central Collateral Gold Bonds.—Authorized for the purpose of acquiring the capital stock of the Michigan Central RR. Co., and are similar in all respects to the Lake Shore bonds (see preceding paragraph), except that the coupon bonds are dated April 13, 1898. (See MANUAL for 1898, pages 567 and 568.)

Debenture 3½ p. c. Bonds of 1900.—Issued in payment for property of the Boston and Albany RR. Co. not conveyed in the lease of July 1, 1900.

11. Bonds and Interest Guaranteed.—The New York Central and Hudson River RR. HISTORY.—Consolidation, Dec. 28, 1870, of the Boston and Worcester RR. Co., Western RR. Co., Albany and West Stockbridge RR. Co. and Hudson and Boston RR. Co. (see Manual for 1885, page 43). The Grand Junction RR. was purchased in 1866, the Springfield and Northeastern RR. on July 8, 1880, and the Spencer RR. on April 29, 1889. The property is leased to the New York Central and Hudson River RR. Co. for 99 years, from July 1, 1900, the lessee agreeing to pay a cash rental of $2,000,000 a year (equivalent to 8 p. c. on the capital stock), in addition to interest on the bonds, rentals of leased lines, taxes and organization expenses. The last item is to be $10,000 a year for the first ten years, and thereafter such less sum as is reasonable and proper therefor. This company leased the North Brookfield RR., Pittsfield and North Adams RR. and Ware River RR., on the terms outlined in the statements for those roads appended hereto, and operated the Chester and Becket RR. and the Providence, Webster and Springfield RR. under contract other than lease. The liabilities of the company under the leases and under the operating contracts have been assumed by the New York Central and Hudson River RR. Co. For certain property not included in the lease (see Manual for 1901, page 131) the company received $5,500,000 in 3½ p. c. 100-yr. gold debenture bonds of the New York Central and Hudson River RR. Co.

Rome and Clinton RR.: Rome to Clinton, N. Y.	12.78	"
Wharton Valley Ry.: Junction New Berlin Branch to Edmeston, N. Y.	6.80	"
Ontario, Carbondale and Scranton Ry.: Cadosia to Scranton, Pa.	54.05	"
Pecksport Connecting Ry.: Peckport to Morrisville, N. Y.	3.69	"
C. TRACKAGE: *West Shore RR.*: Cornwall, N. Y., to Weehawken, N. J.	53.07	"

Total length of lines owned and leased, June 30, 1902............... 480.46 miles. Sidings (owned, 133.65 m.; leased, 68.67 m.), 202.32 miles. Gauge, 4 ft. 8½ in. Rail (steel), 50 to 95 lbs.

2. History.—Organized January 21,1880, as successor to the New York and Oswego Midland RR. Co. (see MANUAL for 1888, page 225). The terms under which the leased lines are operated are outlined in the separate statements for those roads, subjoined hereto. For the use of the West Shore RR. tracks from Cornwall to Weehawken the company pays its proportionate share of the cost of maintenance, based on train mileage, and a like proportion of the interest at 4 p. c. on $2,000,000 plus the amount expended for necessary improvements since January 1, 1886. Provision is made for cars of either company to be hauled by the trains of the other, in order to reduce expenses. The trackage agreement will expire by limitation on May 12, 2079, but may be terminated by this company after May 12, 1980. (See MANUAL for 1895, page 50.)

The Ellenville and Kingston RR. Co. was organized in March, 1900, to build an extension of the Ellenville Branch of this road from Ellenville to Kingston, N. Y., a distance of 27.14 miles. Construction was begun in July, 1901, and the road was opened throughout on Dec. 15, 1902.

The Port Jervis, Monticello and New York RR., the control of which was acquired in 1900, was sold under foreclosure on December 3, 1902, and was bid in for this company. On December 6, 1902, the *Port Jervis, Monticello and Summitville RR. Co.*, all of whose stock and bonds are owned by the New York, Ontario and Western Ry. Co., was organized to take title to the property. The road extends from Port Jervis to Monticello, N. Y., 23.75 miles, and from Huguenot to Summitville, N. Y., 17.3 miles. In connection with the Ellenville Branch and the Ellenville and Kingston RR., it forms a through line between Port Jervis and Kingston. It has been operated by the New York, Ontario and Western Ry. Co. since December 22, 1902. It is proposed to consolidate the Ellenville and Kingston RR. Co. with the Port Jervis, Monticello and Summitville RR. Co., and the entire amount of stock and bonds to be issued by the consolidated company will be owned by the New York, Ontario and Western Ry. Co.

3. Coal Traffic.—The output of anthracite coal mines tributary to this company is estimated at from 2,500,000 to 3,000,000 tons annually. The transportation of practically all this tonnage is secured to this railroad by contracts made with the Scranton Coal Co. and the Elk Hill Coal and Iron Co. The terms of these contracts are outlined in the MANUAL for 1901, on page 138.

The following statement shows the tonnage of anthracite coal hauled by the company, and the revenue derived from such traffic, in each fiscal year since the opening of the Scranton Division on July 1, 1890:

2. History.—Consolidation, August 1, 1899, of the Mill Creek Valley RR., Buffalo, St. Mary's and Southwestern RR., Mount Jewett, Clermont and Northern RR., Smethport and Olean RR., Central New York and Western RR., and Central New York and Northern RR. The Mt. Jewett Division was extended in 1900 from Smethport to Coryville, Pa., a distance of 7.47 miles. The gauge of the Olean Division was broadened to the standard on December 27, 1901. In March, 1903, construction was in progress on three new lines aggregating 33.23 miles in length (Bolivar to Angelica, 23.2 m.; Clermont to Kasson, 7.76 m.; State Line Junction to Olean Junction, 2.27 m.), to be completed in July, 1903. The main line as projected is to extend from the coal fields of Jefferson County, Pa., to Macedon, N. Y., about 250 miles. The company owns the capital stock of the Shawmut Mining Co., and of the Kersey Mining Co.

6. **Funded Debt.**—The funded debt of the company originally consisted of $6,000,000 1st gold 5s of Feb. 1, 1949. On Jan. 15, 1902, the company offered to the holders of those bonds the option of funding the interest due on them for two years ending Aug. 1, 1903, in new 4 p. c. 50-yr. gold bonds bearing interest from Feb. 1, 1902, and of exchanging their bonds at par for similar new 4 p. c. bonds bearing interest from Aug. 1, 1903. Up to March 1, 1903, the offer had been accepted by the holders of $5,836,000 of the bonds, leaving only $164,000 of them unassented. At the same time there had been issued, or provision had been made for issuing, $6,419,600 of the 4 p. c. bonds. The authorized issue of the 4 p. c. bonds is $15,000,000, of which $6,600,000 will be absorbed by the refunding of the 5s, while the balance will be used in completing and extending the railroad, acquiring additional coal lands and improving and developing the property generally. The bonds issued for refunding will be designated Series A, and those issued for other purposes Series B. It is provided that until the entire $6,000,000 of 5 p. c. bonds shall have been deposited under the agreement, such of them as are deposited shall be held by the trustee (Central Trust Co. of New York) as security for the outstanding 4 p. c. bonds, and in the event of a default on the latter the payment of the 5 p. c. bonds shall be enforced. The 5 p. c. bonds are secured on the property of the railroad company and on the property of the Shawmut Mining Co., including 13,814 acres of coal land in Elk County, Pa. In addition to the properties covered by the 5 p. c. bonds, the 4 p. c. bonds cover the Kersey RR. and the property of the Kersey Mining Co., including about 15,000 acres of coal land in Elk and Clearfield counties, Pa. Besides these properties in Elk and Clearfield counties, the company has caused to be acquired in its interest additional coal lands in Jefferson County, and it is the purpose of the management later to extend the road southward to these coal fields and northward from Wayland to Macedon on the New York Central System. The stock of the mining companies is owned by the railroad company and is deposited with the trustee as a further security for the railroad company's bonds.

*Years ending June 30; previously the fiscal years ended Nov. 30.

2. History.—Incorporated as Excelsior Enterprise Co., May 24, 1871. Name changed to National Company, January 18, 1873, and to Reading Company, December 7, 1893 (see MANUAL for 1898, page 710).

3. Permanent Investments.—The company owns practically the whole capital stock of the Philadelphia and Reading Ry. Co. and of the Philadelphia and Reading Coal and Iron Co. It also owns the $20,000,000 purchase money mortgage bonds issued by the Philadelphia and Reading Ry Co., together with the railway and marine equipment, and all the real estate of the old Philadelphia and Reading RR. Co., which was not appurtenant to the railroad itself. The equipment is leased to the Philadelphia and Reading Ry. Co., which agrees to keep unimpaired its carrying capacity and its working efficiency. An inventory of this equipment is given in the statement for the Philadelphia and Reading Ry. Co., Sections 5 and 6.

In addition to its interest in the stock and bonds of the P. & R. Ry. Co. and in the stock of the P. & R. C. & I. Co., the Reading Company is also interested in the securities of various other railroad companies closely identified with the Reading System, and owns practically all the stock of the Reading Iron Co.

The Reading Company owns more than 53¼ p. c. of the capital stock of the Central RR. Co. of New Jersey, and together with that company owns or controls about 63 p. c. of all the unmined anthracite coal in the State of Pennsylvania.

4. Norristown and Main Line Connecting RR. Co.—The connection between the main line of the Philadelphia and Reading Ry. and its Philadelphia, Germantown and Norristown Branch, in the vicinity of Norristown, has never been satisfactory, because it is made by means of a wooden bridge, which is constantly in danger of fire, and also because the passenger trains by way of the Philadelphia, Germantown and Norristown Branch for main line points do not pass through Norristown. Years ago land was acquired in Norristown with a view to making the connection at a point which would be more favorable for the traffic, but, for various reasons, the work of construction was from time to time postponed. During the year ending June 30, 1902, the Norristown and Main Line Connecting RR. Co. was organized to construct the connection upon the land provided and to build the necessary bridges. The work was commenced early in the present fiscal year (1902-03) and will be finished early in 1903. The capital stock of the Norristown and Main Line Connecting RR. Co., amounting to $50,000, has been subscribed for by Reading Company, and the balance of the money required to complete the work will be raised by an issue of $250,000 1st mortgage 4 per cent. bonds, to be guaranteed by Reading Company, which have been sold.

5. Consolidated Income Account.—The following is a consolidation of the income accounts of the Reading Co., Philadelphia and Reading Ry. Co., and Philadelphia and Reading Coal and Iron Co., for the year ending June 30, 1902, and comparison with the year ending June 30, 1901:

7. Capital Stock.—All of the capital stock (except 2,000 shares of common stock) is deposited with Messrs. J. Pierpont Morgan and Frederic P. Olcott, of New York, and C. S. W. Packard, of Philadelphia, as voting trustees, under an agreement which provides that it shall be held by them until the first preferred stock shall have received cash dividends of 4 p. c. per annum for two consecutive years, although the voting trustees may, in their discretion, deliver the stock at any earlier date. Seven semi-annual dividends have been paid on the first preferred stock, 1½ p. c. each in March and Sept., 1900; 2 p. c. each in March and Sept., 1901, and in March, 1902; 1 p. c. in Oct., 1902, and 2 p. c. in March, 1903.

It is provided that no additional mortgage shall be put upon the property acquired under the plan of reorganization, nor shall the amount of the first preferred stock authorized under said plan be increased, except with the consent, in each instance, of the holders of a majority of the whole amount of each class of preferred stock, given at a meeting of the stockholders called for that purpose, and with the consent of the holders of a majority of such part of the common stock as shall be represented at such meeting, the holders of each class of stock voting separately; also that the amount of the second preferred stock shall not be increased except with like consent by the holders of a majority thereof, and a majority of such part of the common stock as shall be represented at the meeting: except that at any time after dividends at the rate of 4 p. c. per annum shall have been paid for two consecutive years on the first preferred stock, the company may convert the second preferred stock at par, one-half into first preferred stock and one-half into common stock, and may increase said classes of stock by the necessary amounts. During the existence of the voting trust the consent of holders of like amounts of the respective classes of beneficial certificates is also necessary for any increase of stock other than for the purpose indicated. The Reading Co. reserves the right to redeem at any time either or both classes of its preferred stock at par in cash, if allowed by law.

9. Funded Debt.—The funded debt outstanding on June 30, 1902—total, $92,914,190.59, as per general balance sheet—consisted of the several issues of bonds in the following statement:

$67,639,000 00	gen. gold 4s of Jan. 1, 1997.
1,428,190 59	bonds and mtges. on real estate.
500,000 00	D. R. Term gold 5s of May 20, 1942.
809,000 00	D. R. T. Ext. gold 5s of July 1, 1942.
$1,295,000 00	W. & N. RR. stock trust certificates.
23,000,000 00	J. C. coll. gold 4s of April 1, 1951.
3,000,000 00	equip. trust (series B).
1,305,000 00	equip. trust (series C).

General Mortgage Loan.—This loan is secured by a joint mortgage of the Reading Co. and the Philadelphia and Reading Coal and Iron Co. to the Central Trust Co. of New York, as trustee. Excepting mortgages and ground rents of an aggregate value of $262,714.99, and excepting $7,789,960.94 par value of canal securities, valued at $1,000, the mortgage covers all the property, including stocks and bonds (except such few shares of stock as qualify directors, etc.), owned by the Reading Co., and all the property of the Coal and Iron Co., but subject to the prior liens referred to hereafter. It will also cover any property hereafter acquired through the use of gen. mtge. bonds. A list of the stocks and bonds of sundry companies deposited with the trustee under the mortgage will be found elsewhere in this statement (see Sec. 12). The amount of bonds authorized by the mortgage is $135,000,000, of which $68,906,000 had been issued June 30, 1902, but that amount included $1,267,000 of bonds retired and cancelled. Of the $67,639,000 listed in the statement of funded debt, $62,904,000 represented bonds actually outstanding, the remaining $4,735,000 being held in the treasury. It is provided that in any year in which dividends are declared or paid on either class of the capital stock a sum equal to 5 cents a ton on the anthracite coal mined during the preceding year from the lands of the Coal and Iron Co. shall be paid to the trustee under the mortgage, if the aggregate of dividends so declared shall be equal to or in excess of such sum, and otherwise such lesser sum as shall be equal to the aggregate of such dividends. The amounts thus received by the trustee are applied to the retirement of gen. mtge. bonds at a price not to exceed par and accrued interest, unless the Reading Company approves of the payment of a higher price. The trustee may also invest the amounts received under this provision in the securities in which the savings banks of the State of New York shall be at that time authorized to invest their funds. Of the $66,094,000 of gen. mtge. bonds unissued on June 30, 1902, a sufficient amount was reserved for the retirement of the several issues of underlying bonds and real estate mortgages of the Reading Company, the railway company and the coal and iron company, and $14,000,000 was reserved to be issued at not exceeding the rate of $1,500,000 a year for the following purposes: (*a*) For the acquisition of additional shares of stock, if issued by the P. & R. Ry. Co., and of additional bonds of said company to be issued under its mortgage dated Nov. 18, 1896, such stock and bonds to be pledged under the Reading Company's mortgage; and (*b*) for the acquisition of railway lines, extensions, terminal properties or rolling stock, etc., etc., or for the construction of betterments.

Wilmington and Northern Stock Trust Certificates.—Secured by $1,495,200 of the capital stock of the Wilmington and Northern RR. Co. deposited in trust with the Girard Trust Co., Philadelphia, Pa. The trust certificates are redeemable at 105 p. c. and accrued interest.

Jersey Central Collateral Trust Bonds.—Secured on $14,500,000 of the capital stock of the Central RR. of New Jersey; $1,495,000 of the capital stock of the Perkiomen RR. Co., and $440,000 of the capital stock of the Port Reading RR. Co., all of which are deposited in trust with the Pennsylvania Co. for Insurances on Lives and Granting Annuities, of Philadelphia, Pa. The authorized issue is $45,000,000, but the remainder can be issued only for the purpose of acquiring additional shares of the capital stock of the Central RR. Co. of New Jersey, which are to be likewise deposited under the mortgage. The bonds are subject to redemption at 105 p. c. and accrued interest, on any interest date after April 1, 1906, on six months' previous notice.

Equipment Trust Obligations.—Under date of Dec. 26, 1899, a car trust deed (now known as Series A) for $3,600,000 was executed with A. T. Stotesbury, of Philadelphia, as lessor and trustee. The trust runs to July 1, 1907, with interest at 4 p. c. per annum, payable Jan. and July, at the office of Drexel & Co., Philadelphia, Pa. The principal is to be paid in semi-annual installments of $252,000 each up to and including Jan. 1, 1907, and one payment of $324,000 on July 1, 1907. These payments will be made from the renewal fund. The trust covers 30 locomotives, 30 passenger cars, 500 box freight cars, 200 refrigerator cars, 2,500 wooden coal cars and 1,000 gondola cars. The series B trust certificates, originally $3,200,000 in amount, are payable $200,000 semi-annually from Sept. 1, 1902, to Sept. 1, 1909, with interest at the rate of 4½ p. c. per annum, payable March and Sept. at the office of Drexel & Co., Philadelphia, Pa. The series C trust certificates are payable $87,000 semi-annually from Nov. 1, 1902, to Nov. 1, 1909, with interest at the rate of 4½ p. c. per annum, payable May and Nov. The certificates are payable in gold, both principal and interest. Trustee: Girard Trust Co. of Philadelphia, Pa. The "series A" trust certificates do not appear on the general balance sheet of the Reading Co., or of the Philadelphia and Reading Ry. Co., as they were not issued by either company.

Car Trust Certificates, Series D.—The need for additional locomotives, box, coal, refrigerator and stock cars, and passenger coaches became apparent during the past year, and orders therefor were placed to the extent of $2,706,624. An issue of Car Trust Certificates, known as Series D, to the amount of $2,500,000 will be made towards the payment for this additional equipment.

4. Divisional Bonds.—The divisional coal land mtge. bonds are dated and due as follows: $52,000 dated 1882, due 1902; $206,000 dated 1884, due 1904; $16,500 dated 1893, due 1903.

These bonds bear interest at 5 p. c. and 6 p. c. per annum. General mtge. bonds of the Reading Co. to an equal amount will be issued in place of them as fast as they are retired.

5. Collateral Sinking Fund Bonds.—The collateral sinking fund loan was issued in 1892 by the Philadelphia and Reading RR. Co., and was assumed by this company in the reorganization of 1896. It matured on Feb. 1, 1902, but was extended to Feb. 1, 1932, the rate of interest being reduced to 4 p. c. per annum, and the sinking fund charge to the fixed sum of $30,000 per annum. The bonds are for $1,000 each, in coupon form, with privilege of registration. Principal and interest, free of all taxes, are payable in gold, at the Reading Terminal, Philadelphia, Pa.

6. Coal Trust Certificates.—The coal trust certificates ($1,000 each) are dated April 2, 1894, and mature April 1, 1904. They bear interest at the rate of 6 p. c. per annum, payable Jan., April, July and Oct., at the Pennsylvania Co. for Insurances on Lives and Granting Annuities, Philadelphia, Pa. Both principal and interest are payable in gold. The loan is secured by pledge with the Finance Co. of Pennsylvania of the coal and the coal accounts of the P. & R. Coal and Iron Co., the issue of securities being limited to an amount which will leave 25 p. c. of value in the hands of the Finance Co.

7. Stocks and Bonds Owned.—The company owns stocks and bonds of separate coal companies as follows: *Stocks*—Preston Coal and Improvement Co., $2,834,150; Fulton Coal Co., $244,617.45; Locust Gap Improvement Co., $468,335.80; Tremont Coal Co., $2,958,850; Mammoth Vein Coal and Iron Co., $604,990; Delaware Coal Co., $263,150; miscellaneous, $94,980—total, $7,469,073.25. *Bonds*—Preston Coal and Improvement 4 p. c. mtge. bonds, $1,087,000; Tremont Coal Co. 6 p. c. mtge. bonds, $900,000; Mammoth Vein Coal and Iron Co., $290,000—total, $2,277,000. Most of the stocks just named are subject to the P. & R. RR. Co.'s consol. mtge. of 1871-1911, and all of them are covered by the joint general mortgage executed by this company and the Reading Co. The bonds (except $81,000 Mammoth Vein Coal and Iron Co., which are held in the treasury) are deposited as collateral to the $1,410,000 sinking fund loan of 1892 issued by the P. & R. RR. Co. but assumed by this company, and they are also covered by the joint general mortgage of this company and the Reading Co.

8. Sinking Fund.—The joint general mortgage of this company and the Reading Co. requires a sinking fund of five cents a ton on coal mined from the lands of this company to be set aside before the payment of dividends. This company sets aside annually an additional five cents for each ton mined so as to make reasonable provision against the depletion of its estate. The total amount of interest-bearing securities and cash in this fund on June 30, 1902, was $1,626,516.21. The fund will be used from time to time for the acquisition of additional coal properties and the construction of collieries, whenever such acquisition or construction is considered essential to the business interests of the company, and for the several business necessities of the company not otherwise provided for.

The dates of merger and lease of the several roads are shown in a table corresponding with the preceding one in the MANUAL for 1898, on page 715. (See separate statements for leased lines, subjoined hereto—Sec. 12.)

2. History.—Organized Nov. 16, 1896, to take over the railroads (but not the equipments and other property) of the Philadelphia and Reading RR. Co., which were sold under foreclosure September 23, 1896. (See MANUAL for 1898, page 716.) The company controls the roads formerly leased to the Philadelphia and Reading RR. Co., either by transfer of the old leases or by new leases made since Nov. 30, 1896. It leases from the Reading Co. the railway and marine equipment which it uses in the conduct of its business, and a number of wharves and warehouses on the Delaware River, between South Street and Queen Street, Philadelphia.

The Reading Belt Ry. was opened for business on May 15, 1902. It has been leased to this company from July 1, 1902, at a rental sufficient to pay the interest on its bonds and dividends at the rate of 4 per cent. per annum on its capital stock.

3. Business, Terminal Facilities and Route of Road.—The chief business of this company is the transportation of coal from the first and second anthracite coal fields in Pennsylvania to tide-water in the Delaware River, at Port Richmond, Philadelphia, and in New York harbor at Port Reading, N. J. The Port Richmond terminals cover 140 acres of land and contain 24 wharves, extending from 300 to 800 feet into the river, with trestlework and chutes, allowing a direct discharge of coal from the cars into vessels. There is a grain elevator of 1,500,000 bushels storage capacity and a discharging capacity of 32,000 bushels an hour. More than 75 miles of track provide room for handling from 2,000 to 3,000 cars of freight, while the piers afford berths for 10 ocean steamships, with a water depth of 27 feet at mean low tide. The company's fleet of sea-going steamers and barges distributes a considerable quantity of coal to points along the coast. The main line of road winds through the Schuylkill Valley, numerous branches extending east and west into the two southern coal fields. The Broad Mountain, dividing the two coal fields, is crossed at four different points, three of which lead directly into the Mahanoy coal fields, and one into Lykens Valley.

4. Traffic Contracts.—A contract running for 900 years, from Feb. 4, 1882, between the New York Central and Hudson River RR. Co., the Fall Brook Coal Co., the Phila. and Reading Ry. Co. and companies controlled by these, provides for an interchange of through and local traffic and the formation of a through line between Philadelphia and Buffalo. (See MANUALS for 1883 and 1884.) The entire tonnage of the Beech Creek RR. to Philadelphia and New York, and all points south and east, is thrown upon the lines of the Philadelphia and Reading Ry. Co., under a contract for 900 years, which provides for a *pro rata* of joint charges between the several connecting lines. The Schuylkill River East Side RR. affords access to the traffic from the lines of the Baltimore and Ohio RR. Co., and its connections, and the Philadelphia, Harrisburg and Pittsburgh RR. enables the company to interchange business with the railroads of the South and of the Southwest.

First Mortgage Bonds.—Secured by a mortgage dated May 31, 1843, on the railroads and property of the P. & R. RR. Co.

Second Mortgage Bonds.—Secured on the same property as the 1st mtge. bonds, but subject in lien thereto.

Convertible Mortgage Bonds.—Secured by third mortgage on the railroads and property of the P. & R. RR. Co.

Gold Mortgage Bonds.—Secured by fourth mortgage on the railroads and property of the P. & R. RR. Co.

Consolidated Mortgage Bonds.—Secured by mortgage dated June 1, 1871, to the Fidelity Insurance, Trust and Safe Deposit Co. of Philadelphia, as trustee, on the main line, the Lebanon Valley Branch, 54 m., the Lebanon and Tremont Branch, 55 m., and the Mahanoy and Shamokin Branch, 55 miles. There is provision for a sinking fund of 1 p. c. to be applied to purchases at or under par of the 6 p. c. bonds, or at 107 p. c. of the 7 p. c. bonds; the sinking fund to be invested if bonds are not obtainable at those prices.

Improvement Bonds.—Secured by mortgage dated Oct. 1, 1873, to the Pennsylvania Co. for

Insurances on Lives and Granting Annuities of Philadelphia, as trustee, on the property covered by the consolidated mortgage of 1871. The Reading Co. joins with the P. & R. Ry. Co. in guaranteeing the interest on these bonds.

Consolidated Mortgage Bonds of 1882.—The consols of 1882, 1st Series, are secured on the property formerly of the Philadelphia and Reading RR. Co., and on the property of the Philadelphia and Reading Coal and Iron Co., but subject to prior liens. (See MANUAL for 1899, page 191.) Interest is payable in gold in Philadelphia or in London. Both principal and interest are guaranteed by the Reading Co.

Consolidated Mortgage Bonds of 1883.—The consols of 1883, 2d Series, have been all retired, there being outstanding only $1,535 of fractional certificates, upon which no interest is paid. (See MANUAL for 1899, page 191.)

Terminal Mortgage Bonds.—The Philadelphia and Reading Terminal RR. bonds are a first lien on all the property of the Terminal Co., and are further secured by deposit with the trustee of the entire capital stock of the Terminal Co. They were assumed by the P. & R. Ry. Co. in the reorganization of 1896.

Purchase Money Loan.—The purchase money mortgage 6 p. c. loan for $20,000,000 is in one bond, dated Nov. 18, 1896, and is held by the Reading Co. The mortgage securing that bond authorizes additional bonds up to $10,000,000, and an equal amount of additional capital stock, both of which may be issued from time to time to the Reading Co. to be deposited under the joint general mortgage of 1897.

History.—Consolidation, Feb. 22, 1849, of the Elizabeth and Somerville RR. Co. and the Somerville and Easton RR. Co. On various subsequent dates the company absorbed the Newark and New York RR. Co., the Perth Amboy and Elizabeth RR. Co., the Constable's Hook RR. Co., the Manufacturers' RR., the South Branch RR. Co., the High Bridge RR. Co., the Longwood Valley RR. Co. and the Lake Hopatcong RR. Co. The proprietary lines (see mileage statement) have also been practically absorbed, and separate statements for them are not published in the MANUAL. The latest report issued by the company was for the year ending Dec. 31, 1901, and an abstract of it is in the MANUAL for 1902, on page 156 *et seq.* The fiscal year of the company has been changed to end on the 30th of June, and the next report will be for the year ending June 30, 1903. As the company declines to furnish any statistics in advance of the publication of that report, recourse has been had to the Annual Report of the Secretary of Internal Affairs of Pennsylvania for most of the information given in this statement.

Equipment, June 30, 1902.—Locomotives, 448. Cars (passenger, baggage, etc., 473; freight, 18,495; service, 513), 19,481. The company also owns 3 steamboats, 7 ferryboats, 9 tug boats, 20 car floats, and 15 sea-going coal barges.

Operations, year ending June 30, 1902.—Train mileage—passenger, 3,492,120; freight, 2,874,296; other, 126,114—total, 6,492,530. Passengers carried, 14,674,725; carried one mile, 218,155,743. Tons freight moved, 17.319,650; moved one mile, 1,319,293,875. Earnings—passenger, $3,749,090; freight, $12,548,076; other, $229,232—total, $16 526,398. Operating expenses, $9,646,088. Net earnings, $6,880,310; other income, $1.535,758—total, $8.416.068. Charges and deductions (including dividends, $1,985,648), $7,349,848. Surplus for year, $1,066,220.

General Balance Sheet, June 30, 1902.

Funded Debt.—The funded debt outstanding on June 30, 1902, consisted of (1) $1,167,000 consol. 7s of Nov. 1, 1902; (2) $51,000 convertible debenture 6s of May 1, 1908; (3) $43,924,000 gen. 5s of July 1, 1987, and (4) $1,190,000 equipment 4 p. c. bonds, payable $170,000 yearly to 1910. Since June 30, 1902, $1,000 convertible debentures have been converted into capital stock, $1,167,000 gen. 5s have been issued to replace the consol. 7s matured Nov. 1, 1902, and $2,000,000 equipment trust bonds, designated series B, and payable $200,000 yearly to 1912, have been issued for additional equipment. The authorized issue of gen. mtge. bonds is $50,000,000. They are secured upon the entire property of the company and by deposit of stock of other companies as shown in the statement of securities owned.

Guaranties.—The Central RR. Co. of New Jersey guarantees, both as to principal and interest, $4,987,000 American Dock and Improvement Co. 1st 5s of July 1, 1921, and $12,175,000 Lehigh and Wilkes-Barre Coal Co. consol. gold 4½s of June 1, 1910. The Central RR. Co. of New Jersey and the Lehigh Coal and Navigation Co. guarantee by endorsement, jointly and severally, $1,062,000 Lehigh and Hudson River RR. gen. gold 5s of July 1, 1920, both as to principal and interest. The Central RR. Co. of New Jersey, and the Pennsylvania RR. Co. jointly guarantee the interest on the bonds of the New York and Long Branch RR. Co. ($192,000 5s and $1,500,000 4s), under the terms of the lease.

Securities Owned.—The book value of securities owned by the company as per general balance sheet of Dec. 31, 1901, was $26,143,275.43, being $22,650.94 in excess of the value of securities owned as per general balance sheet of June 30, 1902. The details of the securities owned on June 30, 1902, not being obtainable, and the difference in value as compared with Dec. 31, 1901, being so slight, the following list of securities owned as of the latter date is repeated from the MANUAL for 1902:

The leases and the trackage contract have been assigned to the Central RR. Co. of New Jersey.

Mauch Chunk, Summit Hill and Switchback RR.—Mauch Chunk, Pa., to Summit Hill, Pa., 9 miles. This gravity road was built in 1826 for the transportation of coal from Summit Hill to the Lehigh River at Mauch Chunk. The empty cars were hauled back by mules, brought down in a car for that purpose with the coal. For the return of the empty cars there were built in 1844 two inclined planes—Mt. Pisgah, 2,322 ft. long and 900 feet rise above Mauch Chunk and Mt. Jefferson, 2,070 ft. long and 462 ft. rise—making an entire circuit of 18 miles. It was abandoned for transportation of coal in 1870, and has been operated since exclusively as a pleasure road. It is leased from the owners, the C. RR. of N. J., by Alonzo P. and Asa P. Blakslee, of Mauch Chunk, and is operated from May 15 to Nov. 1, each year. 2. Trackage and Traffic Contracts.—The company has trackage rights over 2.7 miles of railroad in Baltimore (from Madison Street to Fulton Junction), owned jointly by the Northern Central Ry. Co. and the Baltimore and Potomac RR. Co. Under an arrangement effective March 12, 1899, this company and the Philadelphia and Reading Ry. Co. supply motive power for through freight service between Hagerstown, Md., and Harrisburg, Pa., in proportion to interested mileage, Western Maryland engines running through to Harrisburg and Philadelphia and Reading engines to Hagerstown. All interchanges of business made through the Cumberland Valley between the Philadelphia and Reading Ry., the Baltimore and Ohio RR. and the Norfolk and Western Ry. pass over this road.

3. History.—Chartered March 21, 1853; road opened Dec. 17, 1873. (See MANUAL for 1891, page 572.) On May 27, 1902, the entire interest of the city of Baltimore in this company was sold to a syndicate for the sum of $8,751,370.45. The ordinance under which the sale was made imposed upon the syndicate a contractual obligation to build terminals in the city of Baltimore costing not less than $3,000,000, this undertaking to be ultimately secured by the deposit of $3,000,000 bonds upon the railroad, the proceeds of which will be available for the construction and acquisition of terminals and terminal property.

Total length of lines operated, June 30, 1902	160.6 miles.

2d track, 6.4 m.; sidings (owned, 46.04 m.; leased, 13.56 m.), 59.60 miles. Gauge, 4 ft. 8½ in. Rail (steel), 56, 60, 70, and 85 lbs.

2. History.—Chartered February 23, 1881; road opened from Piedmont to Mineville, 11.5 m., October 19, 1881; extension to Gorman, 19.6 m., opened August 1, 1883; extension to Thomas and branch to Davis, a total of 24.1 m., opened November 1, 1884; Elk Garden Branch, 7 m., opened December 17, 1888; extension to Elkins, 36 m., opened August 18, 1889; Belington Branch, 17.6 m., and branch from Elkins Junction to Beverly, 5.56 m., opened May 1, 1892; extension from Beverly to Huttonsville, 10.94 m., opened Feb. 5, 1899. (See MANUAL for 1889, page 645.) The Piedmont and Cumberland Ry. was leased in 1894, for a term of years expiring in 1911, at a rental of 37 p. c. of its gross earnings; but that lease has been abrogated and a new one made, effective July 1, 1899, which provides for a rental equivalent to the interest on the lessor's bonded debt and dividends of 5 p. c. per annum on its capital stock. As this company owns 92.6 p. c. of such capital stock, the rental payable under the lease is reduced to the fixed amount of $35,202.50 per annum. The operating accounts of the Piedmont and Cumberland Ry. were kept separate from those of the West Virginia Central and Pittsburg Ry. prior to July 1, 1899, but for the purpose of comparison, the operations and income of both roads are combined in the tabular statement, Sec. 10.

3. Coal and Iron Ry. Co.—The Coal and Iron Ry. Co. has been organized in the interest of this company to build a connecting link between this road and the Chesapeake and Ohio Ry. Besides providing an outlet south for the West Virginia Central and Pittsburg, and giving it an additional feeder, the Coal and Iron Ry. will create a short and direct line through the State of West Virginia, connecting the trunk lines north and south of it, and will form a link in a through route from Pittsburg to Newport News. This company is constructing the road, which will extend from Elkins south, about 43 miles, to Durbin, W. Va., at the Forks of Greenbrier River, where connection will be made with the Greenbrier River Ry., of the Chesapeake and Ohio system. The West Virginia Central and Pittsburg Ry. Co. owns the entire capital stock of the Coal and Iron Ry. Co., and in consideration of such ownership has guaranteed, both as to principal and interest, $1,000,000 of 5 p. c. bonds secured by first mortgage on the property of the same company.

4. Coal Properties.—Effective Jan. 1, 1900, the company purchased the entire capital stock and acquired title to the properties of the Davis Coal and Coke Co., consisting of 49,952.79 acres of coal and timber lands owned in fee and a leasehold of 1,764.09 acres. Previously to this the company owned 39,635.41 acres of similar lands, making a total of 91,352.29 acres owned and leased on June 30, 1900. During the year ending June 30, 1901, there were purchased 12,500 acres additional of coal and timber lands. The company, therefore, now owns over one hundred thousand acres of these lands. It also has 750 dwelling houses for its miners and other employes. With the Davis purchase the company acquired, besides a large and well established business, ten or twelve mines in full operation and nearly 600 coke ovens. A large area of the coal lands of the company is covered with valuable timber, some of which is under lease. The organization of the Davis Coal and Coke Co. has been maintained as a medium through which to market the company's products.

5. Operating Divisions of Company.—The operations of the company are divided into three branches—the Railway Department, the Coal Department, and the Real Estate Department. The Coal Department dates from Jan. 1, 1900, when the properties and business of the Davis Coal and Coke Co. were acquired, and the revenue to the company therefrom, since that date, is reported separately. The Real Estate Department covers all the lands, houses, mining, and timber properties of the company. The revenue of the department comes from rent of houses, coal and timber royalties, and other like sources, and is stated separately in the General Income Account.

6. Rolling Stock, June 30, 1902.—Locomotives, 43. Cars—passenger, 12; combination passenger, 6; baggage and mail, 3; freight (box, 152; coal hoppers, 376; gondolas, 1,747; flat, 25; caboose, 17), 2,317; service, 7—total, 2,345. Also, 1 horse and carriage.

7. Floating Equipment.—The company owns 3 barges and 2 schooners. These vessels are employed in carrying the company's coal from Baltimore and Philadelphia to New England points.

8. Coal Mining Operations.—The first shipment from the company's mine was made on Oct. 20, 1881. The total shipments of coal from all mines on the line of the road from then until June 30, 1902, were as follows:

Increase of Capital Stock.—In a circular dated May 1, 1903, the company offered to sell to the stockholders of record on that date, $500,000 of capital stock at the price of $250 per $100 share. The purpose of the issue was not stated in the circular.

Certificates of Indebtedness.—The 5 p. c. certificates are authorized to the amount of $6,000,000, the $1,000,000 unissued being reserved for the general purposes of the company. They are irredeemable, save that they rank as a claim against the company in preference to the capital stock only. The 4 p. c. certificates are redeemable at the option of the company at any time after 20 years from Nov. 1, 1900, at 105 p. c. and accrued interest. The $11,000,000 of securities of controlled companies designated on the General Balance Sheet are deposited in trust with the Safe Deposit and Trust Co. of Baltimore, Md., to secure the principal and interest of both issues of certificates equally. Interest is payable (on 5s, J. & D.; on 4s, J. & J.), if earned in each half year, and is non-cumulative. It takes precedence of dividends on the stock only. The certificates are in denominations of $100 and multiples thereof. They are in registered form, but are transferable on the books of the company when an assignment is endorsed on them. It is provided that no mortgage can be made on the company's property without the consent of at least two-thirds in amount of the certificates then outstanding, given at the meeting of the stockholders at which such mortgage may be authorized, certificate holders to have the right of casting one vote for every $100 of certificates held by them. It is also provided that in case of any such mortgage being authorized the holders of the certificates of indebtedness are to have the option of exchanging their holdings at par in lots of $1,000 or multiples thereof for the bonds or other evidences of indebtedness secured by such mortgage, it being required, however, that the company shall be notified within sixty days after the date of the meeting at which the mortgage may be authorized, of any desire to make such an exchange.

Directors.—Henry Walters, W. G. Elliott, Baltimore, Md.; Warren Delano, Jr., East Orange, N. J.; Michael Jenkins, Baltimore, Md.; A. Brandegee, New London, Conn.

Control of L. & N. RR. Co.—In October, 1902, the company arranged for the purchase of $30,600,000, being a majority, of the capital stock of the Louisville & Nashville RR. Co., for the consideration of $50,000,000. The purchase was completed on February 14, 1903. Payment was made, $10,000,000 in cash, $5,000,000 in the company's common stock, and $35,000,000 in 4 per cent. 50-year gold bonds.

Absorption of Controlled Roads in Florida.—On March, 19, 1903, the properties of the Sanford and St. Petersburg RR. Co. and of the Florida Southern RR. Co. were conveyed by deed to the Atlantic Coast Line RR. Co. (see Sec. 10a, also separate statements for the companies named).

3. Leases and Trackage Contracts.—The Central RR. of South Carolina is leased for 99 years from Dec. 1, 1881, at an annual rental of $31,000. The South Carolina Pacific Ry. is leased for 30 years from Jan. 8, 1885, at an annual rental equal to the interest on $104,600 of 6 per cent. bonds. The Wilmington Street Ry. Co.'s dummy line is operated under a 40-year lease from Jan. 1, 1895, at an annual rental of $3,000. The lease of the Winston and Bone Valley RR. runs only from year to year, and the rental is $6,000 per annum. The tracks of the Seaboard and Roanoke RR. are used to reach the railroad shed at Weldon, N. C., the company paying as rental under the contract $5,250 a year and one-half the cost of maintenance. Under the contract with the Charleston and Western Carolina Ry. Co., this company has the use of the line from Robbins, S. C., to Augusta, Ga., and of terminal facilities in Augusta, at an annual charge of $11,060, in addition to a proportion of the cost of maintenance based on wheelage. For the use of the line from Archer to Morriston, Fla., the company pays to the Florida Central and Peninsular RR. Co. $4,292.54 per annum and a proportion of the cost of maintenance based on wheelage. For the use of Jacksonville Terminal property, including station and connecting tracks, the annual charge is $7,000 and a proportion of the cost of maintenance. The agreement with the Belt Ry. Co. of Montgomery is for the use of certain lines and terminals in Montgomery at an annual charge of $15,531.12.

4. Joint Interests.—This company and the Louisville and Nashville RR. Co. are joint lessees of the Georgia RR. and joint owners of the Atlanta Belt Line Co. This company owns a one-sixth interest in the Richmond-Washington Co. and a one-third interest in the Chesapeake Steamship Co. The Richmond-Washington Co. is a corporation formed for the purpose of operating the railroad connecting the south end of the Long Bridge, at Washington, D. C., with Richmond, Va. The Chesapeake Steamship Co. operates steamship lines between Baltimore and Norfolk, and between Baltimore and York River in Virginia. The Wilmington Ry. Bridge is owned by this company and the Seaboard Air Line RR., conjointly, and its bonds are guaranteed by the owners, each one-half. A joint passenger station at Columbia, S. C., has been constructed by this company and the Southern Ry. Co., and committees have in charge the erection of union passenger stations at Augusta, Ga., and at Charleston, S. C.

Capital Stock.—The capital stock outstanding on June 30, 1902, as shown by the general balance sheet of that date, consisted of $23,150,000 of common stock and $18,850,000 of 5 p. c. non-cumulative preferred stock, the common stock including $7,259,800, issued under the terms of the consolidation agreement with the Savannah, Florida and Western Ry. Co. At the time of that consolidation it was decided to retire the preferred stock, at the option of the individual holders of that stock, by offering in exchange for it 125 p. c. of its face in certificates of indebtedness bearing interest at the rate of 4 p. c. per annum. Up to March 1, 1903, $17,080,000 of the preferred stock was thus converted into certificates of indebtedness, leaving only $1,770,000 of it outstanding. The holders of the outstanding preferred stock have the privilege of converting their shares into certificates of indebtedness, at any time, under the stated terms. In connection with the agreement to purchase the control of the Louisville and Nashville RR. Co. (see Sec. 2) the authorized common stock was increased from $23,150,000 to $38,150,000. Of the $15,000,000 additional stock, $13,500,000 has been issued, $5,000,000 of it having been delivered in part payment for the shares of L. & N. stock purchased, while the remaining $8,500,000 was sold to the stockholders of the company, at the price of $125 per share, to produce the $10,000,000 cash required under the agreement. This increases the outstanding common stock of the company to $36,650,000 as of March 1, 1903. The common stock includes the $1,000,000 Class A stock of the Atlantic Coast Line RR. Co. of Virginia, which was issued on account of the original stock of the former Richmond and Petersburg RR. Co., and which is exempt from taxation in Virginia. The preferred stock has priority over the common stock for dividends at the rate of 5 p. c. per annum, non-cumulative, but is not entitled to any further share of the yearly net profits.

9. Certificates of Indebtedness.—On June 30, 1902, there were outstanding $2,500,000 of irredeemable 7 p. c. certificates and $380,000 of special trust 6 p. c. certificates of the Wilmington and Weldon RR. Co., and $3,000,000 of 4 p. c. certificates of the Atlantic Coast Line RR. Co. In the first consolidated mortgage dated June 16, 1902, provision was made for the retirement of all three issues, the Wilmington and Weldon 7s at 175, the Wilmington and Weldon 6s at 150 and the Atlantic Coast Line 4s at par. On March 1, 1903, there remained outstanding $844,800 of the Wilmington and Weldon 7s, $210,000 of the Wilmington and Weldon 6s and $980,300 of the Atlantic Coast Line 4s—a total of $2,035,000. At the same time there were outstanding $21,350,000 of the 4 p. c. certificates issued in exchange for the preferred stock retired as per Sec. 8. The Wilmington and Weldon 6s are redeemable in 1937; the other issues are irredeemable, except with the consent of the individual certificate-holders. Interest is payable in April and Oct. on the Wilmington and Weldon 7s; in May and Nov. on the Wilmington and Weldon 6s and on the Atlantic Coast Line new 4s; in Jan. and July on the Atlantic Coast Line old 4s. (See Sec. 10a.)

10. Funded Debt.—The funded debt as per general balance sheet of June 30, 1902, represented seventeen issues of bonds outstanding upon the property of the Atlantic Coast Line RR. Co. previous to that company's absorption of the Savannah, Florida and Western Ry. Co. Secured upon the property of the latter there were ten issues of bonds, aggregating $28,906,500 in amount, and these the Atlantic Coast Line RR. Co. assumed in the consolidation. Provision was made in the consolidation agreement for an issue of 1st consol. mtge. bonds to the amount of $80,000,000, of which bonds amounting to $28,760,300 have been issued, $10,638,000 of them in part payment for the Savannah, Florida and Western property, $12,451,000 for the retirement of an equal amount of consol. mtge. bonds of the Savannah, Florida and Western Ry. Co., $5,171,300 for the retirement of $3,844,900 of the $5,880,000 certificates of indebtedness of the Atlantic Coast Line RR. Co. that were outstanding on June 30, 1902, and $500,000 for new equipment. In part payment for the controlling interest acquired in the capital stock of the Louisville and Nashville RR. Co. (see Section 2), $35,000,000 of collateral trust bonds were issued in Nov., 1902. The funded debt outstanding on March 1, 1903, therefore, amounted to $98,822,000, as follows:

$28,760,300 1*st consol. gold* 4*s of July* 1, 1952, part of a total authorized of $80,000,000, issuable at not exceeding the rate of $20,000 per mile of completed road, including all underlying bonds. Of the $51,239,700 of unissued bonds, $35,102,000 are reserved for the retirement of $18,646,500 underlying bonds of the Atlantic Coast Line RR. Co. and of $16,455,500 underlying bonds of the Savannah, Florida and Western Ry. Co., $2,773,700 are reserved for the retirement of $2,035,100 certificates of indebtedness of the Atlantic Coast Line RR. Co., and the remaining $13,364,000, together with any bonds not needed for the other purposes specified, are to be issued from time to time for the acquisition of additional railways and railway property and for improvements and additional equipment. The bonds are secured, subject to prior liens, on the entire property of the company except lands not used nor intended to be used for railway purposes, and will be secured on any railways hereafter acquired by issue of bonds secured by the same mortgage. Mobile Division Bonds.—First lien on line from Columbus, Ga., to Andalusia, Ala., 137.96 miles. A direct obligation of the Central of Georgia Ry. Co.

Macon and Northern Division Bonds.—First lien on line from Macon Junction to Athens, Ga., 101.78 miles. A direct obligation of the Central of Georgia Ry. Co.

Middle Georgia and Atlantic Division Bonds.—First lien on section from Eatonton to Covington, 43.57 miles, and second lien on section from Eatonton to Milledgeville, 21 miles. For the retirement of $168,000 Eatonton Branch 1st mtge. bonds secured on the latter section, an equal amount of these bonds is reserved.

Eatonton Branch Bonds.—First lien on line from Eatonton to Milledgeville, 21 miles, being a part of the Middle Georgia and Atlantic Division. These bonds are to be retired at maturity by issue of an equal amount of Middle Georgia and Atlantic Division bonds. (See preceding paragraph.)

Oconee Division Bonds.—First lien on the Oconee Division, from Dover to Bruton, Ga., 77.02 miles.

Chattanooga, Rome and Southern RR. 1st Mtge. Bonds.—First lien on the section of the Chattanooga Division extending from Carrollton, Ga., to Chattanooga, Tenn., 137.57 miles. An equal amount of Chattanooga Division bonds (see next paragraph) is reserved for the retirement of this issue.

Chattanooga Division Bonds.—Secured by first mortgage on the Durham Branch, 17.54 miles, and by a lien subject to that of the Chattanooga, Rome and Southern RR. 1st mtge. bonds on the line from Carrollton, Ga., to Chattanooga, Tenn., 137.57 miles. The total amount authorized is $2,400,000, bonds amounting to $343,000 being reserved for the retirement of the Chattanooga, Rome and Southern RR. 1st mtge. bonds, while the remaining $217,000 are reserved for additional equipment and for improvements.

Consolidated Mortgage Bonds.—The total amount of these bonds authorized is $18,500,000, the unissued bonds being reserved for betterments and equipment for the property covered by the mortgage, not more than $500,000 thereof to be issued in any fiscal year. Of the $17,200,000 bonds issued to June 30, 1902, $16,700,000 were outstanding, $125,000 were held in the company's treasury and $375,000 were deposited with Blair & Co. under equipment trust agreement of Feb. 3, 1902. The bonds are a first lien on the lines from Savannah to Tybee, Ga., 17.7 m.; Meldrim to Lyons, Ga., 58.09 m.; Griffin to Carrollton, Ga., 60 m.; Covington to Porterdale, Ga., 4.05 m.; Americus to Columbus, Ga., 62.34 m.; Columbus to Greenville, Ga., 49.51 m.; Columbus, Ga., to Birmingham, Ala., 156.34 m.; Opelika to Roanoke, Ala., 36.12 m.; Montgomery to Eufaula, Ala., 79.65 m.; Eufaula to Ozark, Ala., 60 m.—total, 583.8 miles. They are a second lien on the main line (Savannah to Atlanta), Milledgeville Branch, Mobile Division, and Macon and Northern Division, a total of 551.79 miles. In addition they are secured by deposit in trust of $43,100 stock of the Atlanta and West Point RR., $34,941 stock of the Upson County RR., $70,000 preferred and $250 common stock of the Wrightsville and Tennille RR., $144,000 stock of the Southwestern RR., $499,500 stock of the New England and Savannah SS. Co., $160,000 stock of the Savannah and Ogeechee Canal Co., $10,000 bonds of the Sylvania RR., $25,000 bonds of the Louisville and Wadley RR., and $30,000 bonds of the Talbotton RR. They are also a third lien on the $1,995,000 stock of the Ocean Steamship Co., deposited under the collateral trust deed and a second lien on the other stocks pledged under that deed (see next paragraph). Finally, the bonds are secured by a consolidated mortgage on the entire property of the company, now owned or which may be acquired hereafter. (See MANUAL for 1896, page 425.) Since June 30, 1902, $500,000 additional of these bonds have been issued, of which $125,000 have been added to the amount in the treasury and $375,000 to the amount deposited with Blair & Co. The total amount issued to date (July 1, 1903) is $17,700,000, of which $1,000,000 has not been sold.

Collateral Trust Bonds.—These are a direct obligation of the company, and are additionally secured by deposit in trust of the following securities: $145,400 capital stock of the Atlanta and West Point RR. Co., $1,995,000 capital stock of the Ocean Steamship Co. of Savannah, $1,500,000 capital stock of the Western Ry. Co. of Alabama, and $1,589,000 income bonds of the Charleston and Western Carolina Ry. Co. The bonds are subject to redemption at 110 p. c. and accrued interest on six months' notice.

Preferred Income Bonds.—These three issues, in the order of their priority, cover the Savannah and Western, Columbus and Rome, and Savannah and Atlantic RRs., and their equipment, property, etc. They are also a third lien on the main line and a second lien on all leaseholds, securities, and equities of properties acquired by the Central Ry. of Georgia. Interest is payable only out of net earnings as declared, and is not to exceed the rate of 5 p. c. per annum, non-cumulative.

Contracts with Other Companies.—The company has contracts and agreements with other companies as follows: With Adams Express Co., from whom it receives 40 p. c. of earnings, same to be not less than $75,000 per annum; with Pullman's Palace Car Co., by which the latter maintains its own cars and retains all earnings under $7,500 per annum, the C. & O. Ry. Co. paying all running expenses except salaries; with Southern Ry. Co., lease for 99 years and one month from March 1, 1891, of the line from Gordonsville to Orange, Va., 9 m., for $6,000 per annum; with the same company for 99 years from April 1, 1891, for use of tracks from Orange to Alexandria, 77.8 m., the C. & O. to pay its proportion, based upon car and engine wheelage, of $125,000 (being interest at 5 p. c. upon valuation of said 77.8 m. of road and appurtenances), provided that proportion shall not in any year be less than $31,250, and of the further payment of its proportion upon the same basis of cost of maintenance of said 77.8 m. and salaries of employees; with the Washington Southern Ry. Co., securing right to run trains for 100 years from Sept. 17, 1901, from Alexandria to Long Bridge, in consideration of payment of its proportion upon car and engine wheelage, of cost of maintenance and salaries of employees, and interest at 4 p. c. upon $250,000, valuation of track; with Baltimore and Potomac RR. Co., securing right to run trains from south end of Long Bridge to Depot in Washington, in consideration of payment of proportion, based upon car and engine wheelage, of cost of maintenance of track and wages of employees; with Western Union Telegraph Co., owning lines on the Chesapeake and Ohio RR., and giving this company 25 p. c. of receipts from all commercial business done at C. & O. stations, and telegraphing to the extent of $14,500 per annum free, the Chesapeake and Ohio hauling freight free for the telegraph company to the extent of $1,200, each company maintaining its own lines; with Ashland Coal and Iron Ry. Co., leasing to C. & O. Ry. Co. its road and appurtenances from Ashland to Denton, 21.3 m., for $24,000 per annum.

3. History.—Consolidation, in August, 1868, of the Virginia Central RR. Co. and the Covington and Ohio RR. Co. (see MANUAL for 1878, page 424). Sold under foreclosure April 2, 1878, and reorganized without change of name July 1, 1878. Again reorganized, but without foreclosure, on Oct. 1, 1888 (see MANUAL for 1889, page 1006). An outline of the company's history down to July 1, 1901, is in the MANUAL for 1902, on page 208. In the same edition of the MANUAL, on pages 209 and 210, the purchase of the Kineon Coal Terminals at Cincinnati, on Oct. 15, 1901, and the opening of the Richmond Passenger Station (owned and used jointly by this company and the Seaboard Air Line Ry.), on Nov. 1, 1901, are also recorded. The Kanawha Ry., which has been operated as the Cabin Creek Branch of the Chesapeake and Ohio Ry. since

1890, has been purchased and transferred to the Chesapeake and Ohio Ry. Co. by persons desiring the development of certain coal lands, the Chesapeake and Ohio agreeing to cancel its mortgage of $100,000 on the property, and to pay the sum of $17,033.33, representing certain claims incurred while operating the road. The Greenbrier and New River RR., now known as the South Side Branch, and the Glen Jean, Lower Loop and Deep Water RR., now a part of the Loup Creek Branch, were absorbed by the Chesapeake and Ohio Ry. Co. on Oct. 26, 1901. In the absorption of the Greenbrier and New River RR. the Chesapeake and Ohio became liable for $550,000 bonds secured upon that road, but $216,000 of those bonds are held in the treasury. The road was completed Dec. 1, 1901, the cost of it amounting to $586,000. On Feb. 16, 1902, the Chesapeake and Ohio Ry. Co. completed the purchase of the $80,000 capital stock of the Alberene Ry. Co. by acquiring the $32,200 of outstanding shares, and has become duly vested with the title to that company's property. The Powellton and Pocahontas Ry., a line 8 miles long (see MANUAL for 1902, page 259), was purchased from the Mount Carbon Co., of Powellton, W. Va., on May 31, 1902, and was taken over for operation on Aug. 1, 1902.

Coal Branches Projected in West Virginia.—Arrangements have been made to build several coal branches in West Virginia, aggregating about 53 miles in length, for the purpose of developing additional coal tonnage. The cost of these extensions will amount to about $1,200,000. Valuable contributions have been made to the company by persons interested in their construction.

Interest in Richmond-Washington Company.—As of October 16, 1901, the company purchased 4,450 shares of the capital stock of the Richmond-Washington Co. at a cost of $445,000. This purchase represents a one-sixth ownership in the company owning the entire capital stock of the Washington Southern Ry. Co. and a controlling interest in the Richmond, Fredericksburg and Potomac RR. Co., and secures to this company an equal right with the other owners to the use of the line between Richmond and Washington.

Lexington and Big Sandy RR.—Taking effect July 1, 1902, the Elizabethtown, Lexington and Big Sandy RR., the Ohio and Big Sandy RR., the Ohio River and Charleston Ry. of Kentucky and the Kentucky and South Atlantic RR., all Kentucky lines, were consolidated under the title of Lexington and Big Sandy RR., preliminary to a further consolidation with the Chesapeake and Ohio Ry. Co. A few shares of the Elizabethtown, Lexington and Big Sandy River RR. are still outstanding.

Big Sandy Railway Company.—The Big Sandy Ry. Co. was organized June 10, 1902, to build a line from White House, the present terminus of the Big Sandy line, to the Breaks of Sandy, a distance of about 80 miles, at an estimated cost of $2,300,000. An issue of $4,000,000 of Big Sandy Ry. Co. 4½ p. c. bonds, principal and interest guaranteed by the Chesapeake and Ohio Ry. Co., has been authorized, and $2,000,000 thereof will be issued at the present time. The construction of this line will develop a valuable coal and timber territory, located in Eastern Kentucky and Southwestern Virginia. The grades will be favorable to the traffic, and in connection with the present Big Sandy line, which needs revision, and the river line from Ashland to Cincinnati, a low grade line about 280 miles in length will be established, capable of accommodating trains of the heaviest tonnage.

Steamship Properties.—The Chesapeake and Ohio Ry. Co. controls the Chesapeake and Ohio Steamship Co. by ownership of three-fifths of its capital stock, and controls the Coastwise Steamship Co. by ownership of all its securities. The Chesapeake and Ohio Steamship Co. is a British corporation operating a line from Liverpool and London to Newport News. The Coastwise Steamship Co. operates a coal-carrying line between Newport News and New England. Separate statements for the steamship companies will be found in Sec. 16.

4. Capitalization of System.—Statement showing the capitalization of the Chesapeake and Ohio Ry. Co. and its controlled companies on June 30, 1902. The amounts of stocks and bonds afloat represent the securities outstanding in the hands of the public, the difference between such amounts and the total issues being the amounts of stocks and bonds owned by the Chesapeake and Ohio Ry. Co.:

5. Rolling Stock, June 30, 1902.—Locomotives, 403. Cars—passenger, 120; combination, 40; dining, 7; parlor, 10; baggage, mail, and express, 58; freight (box, 6,640; stock, 425; flat, 681; coal, 5,683; coke, 188), 13,617; service cars, 775, total cars, 14,627. This equipment does not include 25 locomotives and 5,700 cars leased under equipment trust arrangements (see Sec. 6).

6. Equipment Contracts and Car Trusts.—In addition to the locomotives and freight cars owned by it, as per Section 5, the company has in its possession 25 locomotives, 1,300 box cars and 4,400 gondola cars, the ownership of which is vested in the building companies, or in trustees, pending final payment for them. The balance unpaid on this equipment, and which was represented by six series of equipment notes and one series of car trust obligations amounted to $2,669,116.88 on June 30, 1902, as follows: Equipment contracts (Series 4, covering 500 gondola cars, payable $3,333.33 monthly, $50,000; series 5, covering 800 gondola cars, payable $6,369.33 monthly, $152,863.92; series 6, covering 1,000 box cars, payable $9,116.67 monthly, $255,266.76; series 7, covering 1,500 gondola cars, payable $19,372.60 monthly, $716,786.20; series 8, covering 600 gondola cars, payable $8,100 monthly, $340,200; series 9, covering 300 gondola cars, payable $2,000 monthly, $154,000), $1,669,116.88; car trust series "A," covering 25 locomotives, 300 box cars and 700 gondola cars, payable $100,000 yearly with interest at 4 p. c., $1,000,000.

Car Trusts Series B and Series C.—A contract has been made with the Girard Trust Co. of Philadelphia for 25 freight locomotives and 2,210 freight cars, to be delivered between Aug. and Dec., 1902. A net cash payment of $255,774.20 was made on Aug. 15, 1902, and the balance of the cost, $2,000,000 was provided by issuing car trust series "B," payable $200,000 each Aug. 15 from 1903 to 1912, with interest at 4 p. c. per annum, title to the equipment to remain with the Girard Trust Co. until the final payment is made. A contract was also made with Blair & Co. of New York for 1,000 gondola cars, to be delivered in Sept., 1902. A net cash payment of $94,450 was made Sept. 1, 1902, and the balance of the cost, $1,000,000, was provided by issuing car trust series "C," payable $50,000 each 1st of March and Sept. to Sept. 1, 1912, title to the equipment to remain with Blair & Co. until the final payment is made.

7. Floating Equipment, June 30, 1902.—At Newport News—2 passenger steamers, 5 tugs, 3 car floats and 6 barges. On Ohio River—3 ferryboats and 1 car float.

11. Capital Stock.—The capital stock created in the reorganization consisted of $12,000,000 of 1st preferred stock, $12,000,000 of 2d preferred stock and $40,000,000 of common stock—a total of $64,000,000. When the Richmond and Allegheny RR. was purchased the 1st preferred stock was increased to $13,000,000 and the common stock to $46,000,000, making the total amount of the capital stock $71,000,000. In 1892, with the purpose of retiring the preferred stock, the holders of the 1st preferred were offered two-thirds of the face value of their shares in general mortgage bonds and one-third in common stock, and the holders of the 2d preferred were offered one-third of the face value of their shares in general mortgage bonds and two-thirds in common stock. In accordance with this offer $12,989,200 of the 1st preferred stock and $11,999,200 of the 2d preferred stock had been converted June 30, 1902. The converted shares are deposited in trust and held alive, to preclude any advantage to shares not converted.

12. Funded Debt.—The funded debt outstanding on June 30, 1902—total, $71,650,354.17, as per general balance sheet—consisted of the several issues of bonds, listed in the following statement. Additional particulars respecting any issue will be found in the paragraph relating thereto subjoined to the statement:

200,000.00	K. Coal Co. 1st gold 5s of Oct. 1, 1915.

First Mortgage Bonds.—The 1st mtge. bonds of 1908 (series A and B) are secured on the main line (Richmond to Huntington) and franchises of the old C. & O. Ry. Co. The bonds of series A were issued under the same mortgage as series B bonds, have equal security therewith, and, in addition, are specially secured by a lien, in common with the $2,000,000 6s of 1911, on the Newport News Extension and the Newport News terminal facilities.

Peninsula Extension Bonds.—Secured on the line from Newport News to Richmond, 75.10 miles.

Terminal Bonds.—Secured on the extension from Newport News to terminals, 7.8 miles.

First Consol. Mtge. Bonds.—The 1st consol. mtge. bonds cover the entire old line of the company, and also (by deposit with trustee of the stocks and bonds issued by the companies owning them and belonging to the C. & O. Ry. Co.) the extension from Ashland to Covington and the bridge across the Ohio River from Covington to Cincinnati; a total of 658.59 miles. Enough of the bonds are reserved for the retirement of the before described divisional liens.

Richmond and Allegheny Division Bonds.—The R. & A. Div. bonds are secured, in the order of their priority, on the line from Richmond to Clifton Forge, Va., with branch from Balcony Falls to Lexington, together 253.32 miles.

Craig Valley Branch Bonds.—Secured by first mortgage on the Craig Valley Extension, from Bessemer to Craig City, 26.06 miles.

Warm Springs Branch Bonds.—Secured by first mortgage on the line from Covington to Hot Springs, Va., 24.78 miles.

General Mortgage Bonds.—Secured on the entire property of the C. & O. Ry. Co., "whether now owned or hereafter acquired by use of bonds secured by the same mortgage." They are additionally secured by deposit with the Central Trust Co. of New York of $11,551,402.71 of stocks, bonds and obligations of subsidiary companies, as shown in detail in Sec. 14. The amount of bonds authorized by the mortgage is $70,000,000, but additional bonds, having equal pro rata security under the mortgage, may be issued from time to time to provide for the actual cost of double tracking the road. Such additional amount of bonds shall not exceed an average of $25,000 per mile of double track, however, nor be issued at a rate exceeding $1,500,000 in any calendar year; and no section of double track for which they may be issued shall be less than three miles in length, unless it be to connect two other sections. Sufficient bonds of the $70,000,000 are reserved for the retirement of all prior liens, except the R. & A. Div. bonds, and for the retirement of the first and second preferred stock; the balance may be issued at a rate not exceeding $2,000,000 a year, for the construction or acquisition of branch lines, for the acquisition of securities of companies owning such lines, or of steamship companies operating to or from Hampton Roads, or for the purchase of rolling stock, for new construction (other than double track) and betterments, or the purchase of additional property either upon, along or appurtenant to the railways owned or controlled by the C. & O. Ry. Co. In the case of additional lines of railway so acquired the mortgage is to be a first lien thereon, or if any prior liens are outstanding, a like amount of these bonds (out of the $70,000,000) is to be reserved for their retirement. *Since June* 30, 1902, *additional gen. mtge. bonds to the amount of* $2,001,000 *have been issued, making the total outstanding on March* 1, 1903, $34,833,000.

Greenbrier and New River RR. Bonds.—Assumed by the C. & O. Ry. Co. in the consolidation with the Greenbrier and New River RR. Co. Secured on the South Side Branch, from Hawk's Nest to Thurmond, W. Va., 18.3 miles. There are only $339,000 of the bonds actually outstanding, the remaining $216,000 being held in the treasury of the company.

Kineon Coal Co. Bonds.—Assumed by the C. & O. Ry. Co. in the purchase of the Kineon Coal Terminals at Cincinnati. Secured on the property formerly of the Kineon Coal Co. The bonds are subject to redemption on Oct. 1, 1905, or on any interest day thereafter.

13. **Guaranteed Bonds.**—The company is also liable as guarantor of the Norfolk Terminal and Transportation Co. 1st mtge., $500,000; C. & O. Grain Elevator Co. 1st mtge., $830,000; Greenbrier Ry. Co., 1st mtge., $2,000,000; Passenger & Belt Ry. Co., 1st mtge., $150,000; Louisville & Jeffersonville Bridge Co., 1st mtge. (C., C., C. & St. L. two-thirds; C. & O. one-third), $3,000,000; C. & O. Steamship Co., Ltd., 1st mtge., £70,000.

14. **Securities Owned.**—Statement of securities owned by the Chesapeake and Ohio Ry. Co. on June 30, 1902, showing the securities deposited as collateral to the consolidated and general mortgages and those held in the treasury of the company.

History.—Chartered as Georgia RR. Co. on Dec. 21, 1833; present name adopted under Act of Dec. 18, 1835 (see Manual for 1899, page 417). The banking business has been turned over to the Georgia RR. Bank, a separate corporation, a majority of whose capital stock is owned by this company. The railroad property was leased for 99 years on May 7, 1881, to William M. Wadley at a rental of $600,000 a year, payable September 30 and March 31. The Louisville and Nashville RR. Co. and the Atlantic Coast Line RR. Co. are now joint lessees. This company holds as security for the performance of the terms of the lease $500,000 5 p. c. gold bonds of the South and North Alabama RR. Co., and $500,000 1st mtge. 4 p. c. gold bonds of the Atlantic Coast Line RR. of South Carolina.

This company owns one-half interest in the Western Ry. of Ala. (the other half being owned by the Central of Georgia Ry. Co.), and owns more than a two-fifths interest in the Atlanta and West Point RR.

2. Surplus Account (*Lessor*), April 1, 1903.—Surplus, April, 1902, $782,678.72; receipts for year (rental), $600,000—total, $1,382,678.72. MONEY AND ITS LAWS:

EMBRACING

A HISTORY OF MONETARY THEORIES

AND

A HISTORY OF THE CURRENCIES

OF THE

UNITED STATES.

By HENRY V. POOR.

Poor's Railroad Manual Co., 68 William St., New York.

1 vol., royal octavo, cloth, pp. xl., 623.
Price, $5.00.

Sent, free of postage, upon receipt of price, by the publishers, and for sale by all booksellers.

Of the excellence and completeness of the work the publishers present the following testimonial:

"The undersigned, having carefully examined the work recently published by Mr. HENRY V. POOR upon the subject of MONEY, hereby express their conviction that he has unfolded its NATURE and LAWS with an amplitude and clearness which have all the force of demonstration. His assumption of treating money as a subject coming within the range of the exact sciences has been well sustained. The application of the principles laid down in the first part of his work cannot fail to restore order in the place of the chaos of opinion which now prevails, and to point out, unmistakably, the conditions necessary to a restoration of the currency of the country to the standard of coin. We commend the work to the public as an able, scholarly, painstaking, and exhaustive treatise upon a subject in which is involved, more than in any other now engaging their attention, the welfare of the people of the United States."

8. Capital Stock.—The authorized issue is $2,000,000 in $50 shares. The balance unissued on June 30, 1902, was issued in March, 1903, to provide the necessary funds for additional equipment, etc., and for such other improvements as may be needed from time to time. Under a traffic agreement with the Pennsylvania RR. Co. it is provided that the company named or the Philadelphia, Wilmington and Baltimore RR. Co., or both of them, shall have the option to purchase the capital stock of this company at any time during the continuance of the traffic contract at a price to be determined by capitalizing, at the rate of 6 p. c. per annum, the average annual net earnings applicable to dividends for the three years prior to the exercise of the option, added to the pro rata value per share of any accumulated and undivided earnings, represented by cash or securities at their market value, in excess of the sum of $100,000, which amount shall be held to be required for working capital. To insure and secure this option, the capital stock is deposited in trust, and in lieu thereof there have been issued to the share owners negotiable trust certificates entitling the holders to vote at any meeting of the company and to receive any dividends declared upon the stock.

9. Funded Debt.—The funded debt on June 30, 1902, consisted of $2,600,000 1st gold 4s of Jan. 1, 1939, and $1,000,000 2d income gold 4s of Jan. 1, 1939. The authorized amount of 1st mtge. bonds is $3,000,000, of which $400,000 is reserved for betterments.

1a. Trackage Rights.—The company uses the track of the Richmond and Petersburg RR. to gain entrance into Richmond, and leases to the Norfolk and Southern RR. Co. trackage and terminal facilities at Norfolk.

2. History.—Reorganization, Sept. 24, 1896, of the N. & W. RR. Co. (see MANUAL for 1898, page 591). The Belt RR. of Durham, N. C., 2.18 miles, was purchased on Oct. 16, 1899, and the entire capital stock of the Cincinnati, Portsmouth and Virginia RR. Co. on Jan. 22, 1901. The bonded debt of the Cincinnati, Portsmouth and Virginia RR. Co., including that of the former Cincinnati Connecting Belt RR. Co., was paid off on July 1, 1901, and the property of the company was deeded to the Norfolk and Western Ry. Co. on Oct. 11, 1901. The ownership of the Hillsboro Branch (see MANUAL for 1901, page 357) was acquired at the same time, but that line was not taken over for operation until July 1, 1902. The operation of the Cincinnati, Portsmouth and Virginia RR. and Cincinnati Connecting Belt RR. was assumed as of July 1, 1901. There has been no formal merger, however, the separate organization of the Cincinnati, Portsmouth and Virginia RR. Co. still being maintained (see statement in Sec. 13).

Tug Fork Branch.—The construction of this branch, about 10 miles in length, was undertaken during the year ending June 30, 1902, and on it will be located the coal and coke operations of the United States Coal and Coke Co. At the close of the year the branch was nearly completed and the United States Co. had large forces at work opening mines and constructing ovens.

Iaeger and Southern Ry. Co.—At the time of the acquisition of its interests in the Pocahontas Coal Field, the company also acquired the control of the property and franchises of the Iaeger and Southern Ry. Co. and of the South West Virginia RR. Co., lines projected to penetrate the western portion of the Pocahontas Coal Field, and of which about 6 miles were completed and in operation, and some 4 miles additional graded. The line of railway as now projected forms a junction with the main line at Iaeger Station, and extends thence, mostly through the Pocahontas Coal Field, to a connection with the company's line near the southern limit of the Pocahontas Field, the distance being about 50 miles. Upon and tributary to this line are about 27,000 acres of coal land owned by the Berwind-White Coal Mining Co., of Philadelphia, an equal area owned by the Farraday Coal and Coke Co., of Pittsburgh, and about 32,000 acres of the lands belonging to the Pocahontas Coal and Coke Co., leased to the United States Coal and Coke Co. Surveys and negotiations preparatory to the construction of this feeder were in progress at the date of the annual report.

Kenova and Big Sandy RR. and Naugatuck Branch.—The industrial developments on the company's line, and especially in the Pocahontas Coal Field, render it essential that increased facilities be provided. To meet the growth of the western traffic numerous long double passing sidings are being constructed between Vivian and Naugatuck, a distance of 93 miles, the alignment being improved by reducing curvature, and eventually these long sidings will be connected and form a second track. Between Naugatuck and Kenova the distance by the present line is 83 miles, included in which are some 15 miles of grade against the traffic. Instead of building a second track along the present line it has been decided to construct a new single-track line following the waters of the Big Sandy River from Naugatuck to Kenova, the distance by this line being about 60 miles. About 35 miles will be constructed as the Naugatuck Branch of this company's Ohio Extension and the remainder will be constructed under the charter of the Kenova and Big Sandy RR. Co. This new line will be used for the heavy west-bound traffic, the lighter east-bound traffic and empty cars using the old line. With this new line completed the company will have a line from the Pocahontas, Tug River, and Thacker Coal Fields to Portsmouth, O., a distance of about 230 miles, without adverse grades. From Portsmouth to Columbus, O., a distance of 100 miles, there will be no grades against the traffic exceeding 26 feet to the mile when the improvements to that portion of the line now in progress are completed.

Radford Southern RR.—This railroad, projected to connect with the Norfolk and Western Ry. at Radford and to extend in a southerly direction to limestone quarries and ore mines on the New and Little Rivers, has been graded and prepared for the rails for a distance of about 5 miles. Its control has been acquired by the Norfolk and Western Ry. Co.

Proposed Consolidations.—The stockholders of the Norfolk and Western Ry. Co., at the annual meeting held on the 9th of Oct., 1902, authorized the acquisition, by purchase or consolidation, of the property and franchises of the Iaeger and Southern Ry. Co., the Southwest Virginia RR. Co. and the Kenova and Big Sandy RR. Co., and also approved the location and construction of the Naugatuck Branch. None of the properties thus authorized to be acquired are covered by any existing mortgage.

3. Pocahontas Coal and Coke Co.—The Norfolk and Western Ry. Co. owns the entire capital stock of the Pocahontas Coal and Coke Co. (except qualifying shares owned by directors), owner of an extensive area of coal and other lands in West Virginia, and of mineral rights, leases, royalties and other property. This property has been made the basis of a joint and several mortgage executed by the Pocahontas Coal and Coke Co. and the Norfolk and Western Ry. Co. in favor of the Girard Trust Co., Philadelphia, Pa., as trustee, to secure an issue of purchase money first mortgage bonds to the amount of $20,000,000 (see Sec. 13).

5b. Equipment Leased from Virginia Co.—On March 1, 1902, the company leased from the Virginia Co., for ten years from that date, 53 locomotives, 25 passenger coaches, 6 baggage, mail and express cars, and 5,000 freight cars (3,500 gondola, 1,000 box, and 500 flat), deliveries of such equipment to begin in July, 1902. Upon the execution and delivery of the lease the Norfolk and Western Ry. Co. paid to the Virginia Co. the sum of $1,500,000, and will pay further, on each 31st of August, from 1905 to 1911, inclusive, the sum of $500,000, making a total principal sum of $5,000,000; interest to be paid on the deferred amounts (aggregating $3,500,000) at the rate of 4 p. c. per annum from the date of the lease. Upon the completion of these payments the equipment will become the property of the Norfolk and Western Ry. Co.

7. Capital Stock.—Preferred stock has priority over common stock for dividends up to 4 p. c. per annum, non-cumulative, out of surplus net profits; and in case of liquidation or distribution of the capital, the holders of preferred stock are entitled to receive the par amount of their shares out of the company's assets before any payment can be made on the common stock. All shares, whether common or preferred, have equal voting power. It is provided that no additional mortgages shall be placed upon the property, nor the amount of the preferred stock be increased or decreased, without the consent of the holders of two-thirds of the outstanding preferred stock, given at a meeting called for that purpose, and the consent of a majority of such part of the common stock as shall be represented at the meeting, the holders of each class of stock voting separately.

9. Funded Debt.—The funded debt as per general balance sheet includes $19,750 of 1st consol. mtge. bonds held in the treasury of the company, the funded debt actually outstanding on June 30, 1902, amounting to $53,079,750, as follows:

$6,000	Old past-due Bonds.	$5,000,000	S. V. & N. E. 1st gold 4s of Nov. 1, 1989.
7,283,000	N. & W. RR. gen. gold 6s of May 1, 1931.	600,000	C. C. & T. RR. 1st gold 5s of Jan. 1, 1922.
2,000,000	New Riv. Div. 1st gold 6s of April 1, 1932.	30,633,750	1st consol. coupon 4s of Oct. 1, 1996.
5,000,000	Improvem't & ext. gold 6s of Feb. 1, 1934.	2,557,000	1st consol. reg'd 4s of Oct. 1, 1996.

Old Past-due Bonds.—These consist of a $1,000 consol. mtge. 3d preference bond of the Southside RR. Co., matured Jan. 1, 1896, and five $1,000 enlarged mtge. bonds of the Virginia and Tennessee RR. Co., matured June 30, 1884.

General Mtge. Bonds, N. & W. RR.—Secured on the main line, Norfolk, Va., to Bristol, Tenn., 408.38 miles, and on the City Point and Saltville Branches, 19.33 miles, a total of 427.71 miles. Average per mile, $17,028.

New River Division Bonds.—These are a first lien on the New River Division, from Radford to Kyle, W. Va., 85.22 m.; branches to coal mines, 26.69 m.; the Cripple Creek Extension, 30.40 m.; and branches to ore mines, 23.08 m., aggregating $165.39 m.; and upon all other branches and extensions hereafter constructed under the privileges derived from the companies consolidated to form the New River Division; all of such branches or extensions come under the lien of the same mortgage without increasing the present issue of bonds. The bonds (limited to $2,000,000) represent a first lien at the rate of $12,093 per mile.

Improvement and Extension Bonds.—By agreement with the trustee the maximum amount of these bonds which can be issued is $5,000,000. The bonds are a lien upon the main line and upon the City Point and Saltville Branches, subject to the lien of the general mortgage. They are a second lien upon the New River Division and the Flat Top and Cripple Creek Extensions thereof. (See MANUAL for 1891, page 810.)

Scioto Valley and New England RR. Bonds.—These are a first lien upon the line, from Columbus to Coal Grove, O., 128.6 miles. Under supplemental mortgage of July 22, 1890, the maximum amount of these bonds which may be issued is $5,000,000.

Columbus Connecting and Terminal RR. Bonds.—These are a first lien upon the Columbus terminals, including real estate in Columbus, O., costing $568,304, and on 3.51 miles of railroad. They have been assumed by the Norfolk and Western Ry. Co.

First Consol. Mtge. Bonds.—Secured by first mortgage on 845.91 miles of railroad, as follows: Norfolk Terminal Division, 6.3 m.; Clinch Valley Division, 112.87 m.; Lynchburg and Durham Division, 117.58 m.; Roanoke and Southern Division, 121.5 m.; Maryland and Washington Division, 250.07 m.; Ohio Extension, 212.01 m.; and North Carolina Extension, 25.58 m. They are also a first lien on the terminals at Lambert's Point, Va., and on the shops at Roanoke, Va., and are further secured by pledge of the capital stock of the Columbus Connecting and Terminal RR. Co., of $3,499,200 of old divisional lien bonds and of $7,091,929.90 equipment obligations of the Norfolk and Western RR. Co. They are also a lien upon the railroad property of every nature, and upon the franchises of the company, but subject to the lien of previous mortgages; and they will be a lien on any property hereafter acquired by issue of the bonds reserved for improvements and additions. The authorized issue is $62,500,000, of which a total of $33,210,500 was issued prior to June 30, 1902, that amount including $19,750 in the company's treasury. The remainder is reserved for the following purposes: $22,098,889 to acquire or redeem $19,889,000 of outstanding underlying bonds; $3,500,000 to purchase or pay car trust obligations and other charges upon the property, to create a reserve fund for special improvements, and to provide for other necessary purposes; and $3,690,611 for new construction and acquisitions and for betterments and improvements, such bonds to be issued under carefully guarded restrictions at an average rate not exceeding $1,000,000 per annum. It was provided in the mortgage that a prior lien mortgage might be created to secure not exceeding $3,500,000 of prior lien bonds for use instead of the $3,500,000 1st consol. mtge. bonds reserved as above; but under a supplemental deed dated Feb. 27, 1901, the company waives the right to issue such prior lien bonds. It is provided in the mortgage that the amount of the outstanding underlying bonds cannot be increased, but that such bonds may be extended at a rate of interest not in excess of that now payable on them.

Between June 30, 1902, and June 30, 1903, the amount of 1st consol. mtge. bonds issued, and listed at the New York Stock Exchange, was increased to $36,210,500. Against the several issues of these bonds are set the following outlays: For purposes of incorporation, $23,322,500; retirement of prior issues, $3,888,000; retirement of car trust obligations, N. & W. RR., $718,199.14; equipment, $3,688,623.99; real estate, $14,729.11; second track, $1,456,108.36; yards, sidings and terminals, $1,557,517.19; improvements and additions to roadway and tracks, $459,202.80; replacing and strengthening bridges, $519,578.63; office, station and shop buildings,

$496,080.28; branches and extensions, $915,994.12—total, $37,036,533.62. This leaves a balance of $826,033.62 of expenditures for which no bonds have been issued.

10. Company's Securities in Treasury.—Adjustment preferred stock, $247,200; common stock, $1,530,800; 1st consol. mtge. bonds, $19,750—total, $1,797,750.

11. Pocahontas Coal Land Purchase Money First Mortgage.—The Pocahontas Coal & Coke Co. and the Norfolk and Western Ry. Co. executed a joint and several mortgage covering the property of the former (see Sec. 3) to secure an issue of 1st mtge. 4 p. c. 40-yr. gold bonds to the amount of $20,000,000; but as between the two companies this debt is to be paid by the Coal and Coke Co. and appears on its balance sheet. As further security for the bonds the Pocahontas Coal and Coke Co. has deposited under the mortgage 900 shares of $1,000 each of the Trans-Flat-Top Land Association, 29,995 shares of common stock and 2,300 shares of preferred stock of the Pocahontas Fuel Co., 2,495 shares of the stock of the Pocahontas Coal Land Co., and 5 shares of the stock of the Philadelphia Coal Land Co. The bonds are redeemable as a whole or in part at 105 p. c. and accrued interest on any interest day after two months' notice. There is provision for a sinking fund of 2½ cents per ton of coal mined in each year commencing April 1, 1906, to be applied to the purchase of bonds at not exceeding 105 p. c. and accrued interest, drawings to be made if bonds are not voluntarily presented for redemption.

HISTORY.—Reorganization June 24, 1891, of the Ohio and Northwestern RR. Co. (see MANUAL for 1891, page 407). The Hillsboro Branch was acquired in 1900 by merger of the Columbus and Maysville Ry. Co., and the branch to Ivorydale, on April 9, 1901, by merger of the Cincinnati Connecting Belt Ry. Co. The funded debt of the Cincinnati, Portsmouth and Virginia RR. Co., and the funded debt of the Cincinnati Connecting Belt Ry. Co. were retired on July 1, 1901, the Norfolk and Western Ry. Co., which had previously acquired the entire capital stock of this company, supplying the means for their redemption. Under date of Oct. 11, 1901, the property of the company was deeded to the Norfolk and Western Ry. Co., but the separate organization of this company is still maintained. The main line and the Ivorydale Branch have been operated as a division of the Norfolk and Western Ry. since Oct. 1, 1901; the operation of the Hillsboro Branch was not assumed by the N. & W. Ry. Co. until July 1, 1902.

FINANCIAL STATEMENT.—Capital stock (common, $1,566,000; preferred, $594,000), $2,160,000. The Norfolk and Western Ry. Co. owns all of this stock, except the shares necessary to qualify directors.

CORPORATE OFFICERS.—Henry Fink, Pres., New York, N. Y.; Thomas Hunt, Sec., Cincinnati, O.; Wm. G. Macdowell, Treas., Philadelphia, Pa. Office, Roanoke, Va.

COLUMBUS CONNECTING AND TERMINAL RR.—At Columbus, O., 3.51 miles.

HISTORY.—Chartered in 1892 in the interest of the N. & W. RR. Co., to which it is leased. Put in operation July 1, 1893. The property is used jointly with the N. & W. Ry. Co. the Columbus, Sandusky and Hocking RR. Co. and the Cleveland, Akron and Columbus RR. Co.

FINANCIAL STATEMENT.—Capital stock ($600,600 auth.), $390,176; funded debt (see bond statement, N. & W. Ry. Co.), $600,000—total, $990,176. Contra: Cost of road, etc., $990,161. The capital stock is owned by the N. & W. Ry. Co. and is pledged under that company's 1st consol. mtge.

CORPORATE OFFICERS.—F. J. Kimball, Pres.; A. J. Hemphill, Sec.; W. G. Macdowell, Treas., Philadelphia, Pa.

POCAHONTAS COAL AND COKE CO.—This company is the owner of lands and interests in lands in Montgomery, Giles, Pulaski, Tazewell, and Buchanan Counties, Virginia, and in Mercer, McDowell, Wyoming, Raleigh, Boone, Logan, and Monroe Counties, West Virginia, aggregating about 295,000 acres, and comprising about four-fifths of what is known as the Pocahontas Flat-top Coal Field. The Norfolk and Western Ry. Co. is the owner of all the shares of capital stock of this company, except qualifying shares held by the directors. The company was incorporated under the laws of New Jersey by certificate filed Oct. 11, 1901, and amended Dec. 31, 1901. The company does not engage directly or indirectly in the buying or selling of coal or coke, its principal purpose being to make leases on royalties to operating companies. On leases now made the royalties are 10 cents per ton on coal and 15 cents per ton on coke. The number of acres of land leased from the company are as follows: Pocahontas Collieries Co., 8,348.61; Mill Creek Coal and Coke Co., 2,139.73; Illinois Steel Co., 50,000; other companies, 29,426.31.

BALANCE SHEET, June 30, 1902.—Capital stock (common, $900,000; preferred, $100,000), $1,000,000; funded debt (see Norfolk and Western statement, Sec. 11), $20,000,000; bills payable, $890; accrued interest on bonds, $5,506; vouchers and accounts payable, $6,490; interest on funded debt accrued but unpaid, $86,587; bond interest, loan account (N. & W. Ry. Co., $161,230; Pennsylvania Lines, $80,615), $241,845; N. & W. Ry. Co., cash advances for additional real estate, $170,908—total, $21,512,226. Contra: Real estate (coal lands, $20,967,978; additional real estate purchased, $175,400), $21,143,379; investments, $51,848; cash and current assets, $121,294; profit and loss, $195,705—total, $21,512,226.

CAPITAL STOCK.—Under the amended certificate of incorporation filed Dec. 31, 1901, the $1,-

000,000 capital stock was divided into common and preferred stock as above, but by a later amendment it was made all common stock.

CORPORATE OFFICERS.—F. J. Kimball, Pres.; M. J. Caples, Treas.; O. Lynn Bottomley, Sec., Philadelphia, Pa.

POCAHONTAS COAL CO.—From Jan. 1, 1885, until April 1, 1895, this company acted as selling agent for the coal produced upon the lines of the Norfolk and Western RR., and its earnings were currently included in the earnings of the railroad company and paid over to it. On April 1, 1895, the Pocahontas Coal Co. withdrew from the selling of coal, and since then the operations of that company have been confined to the management of its wharves, lighters, and other property. At the same time the capital stock was reduced from $200,000 to $60,000, and afterwards to $1,000.

CORPORATE OFFICERS.—L. E. Johnson, Pres., Roanoke, Va.; A. J. Hemphill, Sec.; W. G. Macdowell, Treas., Philadelphia, Pa. Office, Roanoke, Va.

VIRGINIA CO.—Incorporated March 6, 1882, as the Iron Belt Land, Mining and Development Co. of Virginia; charter amended changing name to Virginia Co., March 5, 1888. Under its charter this company has acquired and holds real estate at important points on the line of the N. & W. Ry. Co. The latter owns $99,300 of the capital stock.

BALANCE SHEET, June 30, 1902.—Capital stock, $100,000; equipment contracts for N. & W. Ry. Co. equipment trust, $5,000,478; taxes accrued, $1,170; accounts payable, $3,655; surplus income, $143,494—total, $5,248,797. Contra: Real estate, houses, etc., $246,160; prepaid insurance, $359; accounts receivable and assets, $1,800; N. & W. Ry. Co. account of discount on equipment trust certificates, $41,902; N. & W. Ry. Co. equipment trust certificates undelivered, $1,500,000; cash in hands of trustee N. & W. Ry. Co. equipment trust, $3,458,576—total, $5,248,797.

CORPORATE OFFICERS.—F. J. Kimball, Pres.; Wm. G. Macdowell, Treas.; A. J. Hemphill, Sec., Philadelphia, Pa. Office, Roanoke, Va.

Savannah Terminal tracks, 8.3 m.; sidings, etc., 332.93 miles. Gauge, 4 ft. 8½ in. Rail (steel, 2,692.88 m.), 56 to 85 lbs.

2. History.—Organized on April 10, 1900, as successor to the Richmond, Petersburg and Carolina RR. Co., which owned the line from Richmond, Va., to Norlina, N. C. 102.10 miles. On July 1, 1900, the company assumed the operation of the several railroads embraced in the so-called Seaboard Air Line system (see MANUAL for 1901, page 770 *et seq.*), together with the Georgia and Alabama Ry., the Florida Central and Peninsular RR. and the Atlantic, Suwanee River and Gulf RR. As shown in the MANUAL for 1902, on page 763, eleven of the subsidiary roads were absorbed in Nov., 1901, and two more of them on Feb. 8, 1902. This left, of the railroads taken over by the company on July 1, 1900, only four—the Seaboard and Roanoke RR., the Roanoke and Tar River RR., the Florida Central and Peninsular RR. and the Atlantic Suwanee River and Gulf RR.—not actually merged with the Seaboard Air Line Ry. on June 30, 1902, and of these the Florida Central and Peninsular RR. was absorbed on June 30, 1903. The Georgia and Alabama Terminal Co. is practically merged with the Seaboard Air Line Ry., although it still maintains a nominal corporate existence. A description of its property will be found in the remarks on the Georgia and Alabama Terminal bonds in Section 9. The Seaboard and Roanoke RR. Co. is controlled through ownership of more than 99 per cent. of its capital stock; the Roanoke and Tar River RR. and the Atlantic, Suwanee River and Gulf RR. Co., through ownership of their entire capital stocks. The Lyons Branch of the Central of Georgia Ry. is leased in perpetuity at a rental of $43,500 a year.

Birmingham Extension.—In May, 1902, the company acquired the control of the East and West RR., extending from Pell City, Ala., to Cartersville, Ga., a distance of 116.7 miles, its object being to secure a line of its own between Atlanta, Ga., and Birmingham, Ala. Extensive terminals have been secured in Birmingham, Ala., and arrangements have been made for the construction of a line therefrom to a point near Coal City, Ala., on the East and West RR., a distance of 39 miles, and of a line from Rockmart, Ga., on the East and West RR., to Howell Junction, Ga., on the Seaboard Air Line Ry., a distance of about 43 miles. About 90 miles of the East and West RR., between Rockmart, Ga., and Coal City, Ala., will be thoroughly revised and improved and will be used as a part of the Atlanta-Birmingham Line. It is expected that the entire road will be completed and in operation at about the end of the present year, 1903.

Other Interests.—The Seaboard Air Line Ry., in conjunction with one of its proprietary companies, owns the entire capital stock of the Baltimore Steam Packet Co., which operates the principal fleet of steamers on Chesapeake Bay between Baltimore and Old Point Comfort, Norfolk and Portsmouth. The Seaboard Air Line Ry. owns a one-sixth interest in the Richmond-Washington Co. (see GENERAL INDEX), a one-half interest in the Union Passenger Station at Richmond, Va., and in the Wilmington Ry. Bridge (see Section 11), and a one-third interest in the Union Passenger Station at Savannah, Ga. All of these properties are operated under separate management.

8. Capital Stock.—The authorized capital stock is at present $75,000,000 in $100 shares, $25,000,000 thereof being preferred stock and $50,000,000 being common stock. On June 30, 1903, there were outstanding $19,400,000 of the preferred stock and $29,000,000 of the common stock, the remaining $5,600,000 of preferred stock and the remaining $21,000,000 of common stock—a total of $26,600,000 of both classes—being held in the treasury of the company. The preferred stock has priority over the common stock for dividends at the rate of 4 p. c. per annum, non-cumulative, and is entitled to 2 p. c. additional (making 6 p. c. in all) after the common stock receives 4 p. c.; thereafter all surplus of net earnings goes to common stock. All the preferred stock and all except 50 shares of the common stock are deposited in a voting trust until April 1, 1910, although the voting trustees may in their discretion deliver the shares before then. The voting trustees are: J. Wm. Middendorf, James H. Dooley, C. Sidney Shepard, Robert C. Davidson, Wm. A. Marburg, S. Davies Warfield, and John Skelton Williams.

The capital stock may be increased under certain conditions from $75,000,000 to $100,000,000, the increase being either preferred or common stock as the company may elect; but no preferred stock can be issued in addition to the $25,000,000 now authorized, without the consent of a majority of all the present holders of preferred stock, given at a meeting to be called for the purpose.

9. Funded Debt.—The funded debt outstanding on June 30, 1902—total, $52,495,000 as per general balance sheet—consisted of the several issues of bonds listed in the following statement. Durham & Northern RR., out of $150,000 1st mtge. bonds	50,000
Richmond-Washington Co., one-sixth of the capital stock	445,000

The total amount of 1st mtge. bonds authorized is $75,000,000, of which $12,500,000 can be issued only after July 1, 1903, at the rate of $1,500,000 a year for the first four years, and at the rate of $1,000,000 a year thereafter, for the acquisition of new railroads and for construction, betterments, equipment, etc. Of the remaining $62,500,000 of bonds, $29,725,000 are reserved for the retirement of the outstanding divisional bonds; $20,000,000 are deposited as collateral security for the two issues of collateral trust bonds, and $12,775,000 are outstanding in the hands of the public.

Collateral Trust Gold Bonds.—The $1,323,000 collateral trust gold bonds matured Oct. 1, 1902, and were duly paid off, a like amount of collateral trust refunding gold bonds being issued in their stead. The $4,000,000 1st mtge. 4 p. c. gold bonds of April 1, 1950, that were deposited as collateral to the collateral trust gold bonds are now held as security for the collateral trust refunding gold bonds.

Collateral Trust Refunding Gold Bonds.—Amount authorized, $10,000,000; outstanding at the close of the fiscal year ending June 30, 1902, $8,677,000; issued upon the redemption of the collateral trust gold bonds that matured Oct. 1, 1902, $1,323,000; total now outstanding, $10,000,000. The bonds are redeemable at 105 and accrued interest on any interest day, after three months' notice. They are secured by deposit of $20,000,000 of the 1st mtge. gold bonds of April 1, 1950.

Seaboard and Roanoke RR. Bonds.—The 1st mtge. bonds are secured on the property of the Seaboard and Roanoke RR. (see statement therefor in Sec. 13). The registered bonds are debentures. They are payable after Aug. 1, 1916, either as a whole or in 10 p. c. installments. The total issue of the debentures is $690,000, of which the Seaboard Air-Line Ry. owns $405,000.

Roanoke and Tar River RR. Bonds.—Secured on the line from Lewiston, N. C., to the Virginia State Line, 32.3 miles.

Raleigh and Gaston RR. Bonds.—Secured by 1st mortgage on the line from Raleigh to Weldon, N. C., and branch to Roanoke Rapids, a total of 98.74 miles.

Durham and Northern RR. Bonds.—Secured by first mortgage on the line from Henderson to Durham, N. C., 41.4 miles. The total issue is $150,000, but $50,000 of the bonds are owned by the S. A.-L. Ry.

Raleigh and Augusta Air-Line RR. Bonds.—Secured by first mortgage on the line from Raleigh to Gibson, N. C., 106.73 miles.

Carolina Central RR. Bonds.—Secured by first mortgage on the line from Wilmington to Rutherfordton, N. C. (less Wilmington Ry. Bridge, 2.4 m.), 264.63 miles, and branches to Henrietta and Caroleen, 6.4 miles. The bonds are guaranteed, both principal and interest, by the Seaboard and Roanoke RR. Co. and the Raleigh and Gaston RR. Co., jointly and severally, the guaranty being endorsed on each bond.

Georgia, Carolina and Northern RR. Bonds.—Secured by first mortgage on the line from Monroe, N. C., to Atlanta, Ga., 266.10 miles. The bonds are guaranteed, both principal and interest, by the Seaboard and Roanoke RR. Co. and the Raleigh and Gaston RR. Co., jointly and severally, the guaranty being endorsed on each bond.

Georgia and Alabama Ry. Bonds.—Secured by first mortgage on the lines from Montgomery, Ala., to Lyons, Ga., from Savannah to Meldrim, Ga., from Columbus to Albany, Ga., from Abbeville to Ocilla, Ga., and branch to Savannah River, a total of 400.86 miles; on terminals at Montgomery, Americus, etc., and on the lease of 57.65 miles of the Central of Georgia Ry.

Georgia and Alabama Terminal Bonds.—Secured on extensive terminal property on the Savannah River, directly opposite the city of Savannah, with which it is connected by the steel bridge of the Seaboard Air-Line Ry. The property embraces about 1,200 acres of land, including more than three miles of water front, with wharves, piers, warehouses, 8.3 miles of railroad tracks, etc. The entire capital stock of the Georgia and Alabama Terminal Co. is owned by the Seaboard Air-Line Ry.

Florida Central and Peninsular RR. Bonds.—The 1st mtge. bonds of 1918 are secured on the lines from Fernandina to Cedar Keys, from Harts Road to Jacksonville, from Jacksonville to Chattahoochee River, from Drifton to Monticello, from Tallahassee to St. Marks, from Waldo to Plant City, from Wildwood to Tavares, and from Panasoffkee Lake to Sumterville—a total of 573.5 miles. The 1st mtge. land grant extension bonds are secured by first mortgage on lands referred to hereafter and on the lines from Plant City to Tampa, from Tavares to Orlando, from Archer to the Eagle, Early Bird and other phosphate mines, and from Turkey Creek Station to the Alafia River—a total of 91.77 miles; also secured by second mortgage on the lines covered by the 1st mtge. bonds of 1918. The F. C. & P. RR. Co. acquired by building the extension to Tampa, a grant of 67,000 acres of land valued at $121,000, and is entitled to receive from the State of Florida 122,880 acres, for constructing the extension from Tavares to Orlando. As yet only 5,000 acres of the latter grant have been received. The lands are covered by the extension mortgage, and the proceeds of their sale are to be applied to the purchase of land grant extension bonds at the market price thereof, such purchased bonds to be cancelled. The 1st consol. mtge. bonds are secured by first mortgage on the line from Harts Road, Fla., to Savannah, Ga., 113.32 miles, and by general mortgage on the rest of the F. C. & P. RR.

South Bound RR. Bonds.—Secured by first mortgage on the line from Columbia, S. C., to Savannah, Ga., 138.53 miles. Authorized issue, $2,100,000; originally 6 p. c. bonds, but rate of interest was reduced.

10. Equipment Obligations.—During the year ending June 30, 1902, there was paid off car trust and equipment obligations of the Seaboard Air-Line Ry. and its constituent companies, amounting to $708,330.76. This represented $597,429.99 principal and $110,900.77 interest.

There were issued during the year $700,000 of 4½ p. c. car trust notes, dated Feb. 1, 1902, principal payable in quarterly installments during the next ten years. The amount of car trust and equipment obligations outstanding on June 30, 1902, amounted to $2,519,813.38. The car trust obligations issued during the fiscal year were secured upon 20 locomotives, 10 passenger cars, and 500 box and 300 flat cars, of which 20 locomotives and 300 flat cars were delivered up to June 30, 1902.

11. **Wilmington Ry. Bridge Bonds.**—The Seaboard Air-Line Ry. and the Atlantic Coast Line RR. Co., jointly own and operate the bridge from Hilton to Navassa, N. C., 2.4 miles, and guarantee the bonds of the bridge company, each one-half (see statement for Wilmington Ry. Bridge in Sec. 13).

3. **History.**—Chartered Feb. 20, 1894, as successor to the Richmond and West Point Terminal Railway and Warehouse Co., and for the purpose of consolidating the various interests controlled by that company. A sketch of the history of the system from the incorporation of the Richmond and Danville RR. Co. on March 9, 1847, down to the beginning of the present management, is in the MANUAL for 1897, pages 763 to 767. In later editions, the subsequent history of the company down to June 30, 1901, is recorded. Effective January 1, 1902, the branch line extending from Belton to Anderson; S. C., 9.98 miles, known as the Anderson Branch of the Columbia and Greenville RR., was leased to the Blue Ridge Ry. Co. for a term of one year, and thereafter until the lease is terminated upon thirty days' notice. During the year ending June 30, 1902, there were added to the lines operated by the company two sections of the Ensley Southern Ry., aggregating 28.46 miles (see Sec. 2) and an extension of the former Knoxville and Augusta RR. from Maryville to Walland, Tenn., 10.21 miles. The Ensley Southern Ry. Co. is controlled by the Southern Ry. Co., through ownership of its securities. Its line is under construction and will extend from Ensley to Parrish, Ala.

Joint Control of Monon.—On May 20, 1902, the Southern Ry. Co. and the Louisville and Nashville RR. Co. offered to purchase for joint account not less than 51 per cent. of the capital stock of the Chicago, Indianapolis and Louisville Ry. Co. at the price of 90 per cent. of par for the preferred shares and 78 per cent. of par for the common shares, payment to be made in joint 4 per cent. bonds, secured by deposit of the shares acquired. It was provided that the amount of capital stock (51 per cent.) called for in the offer should be deposited not later than July 1, 1902. Up to March 1, 1903, $9,696,900 of the common stock and $3,800,000 of the preferred stock of the Chicago, Indianapolis and Louisville Ry. Co. were acquired and $11,682,582 of the joint bonds issued in payment therefor.

Southern Ry., Carolina Division.—Effective July 1, 1902, the Southern Ry. Co. took a lease of the Southern Railway-Carolina Division, a consolidation of four of its proprietary roads—the Asheville and Spartanburg RR., the Carolina Midland Ry., the South Carolina and Georgia RR., and the South Carolina and Georgia Extension RR. (the control of the last named having been acquired after June 30, 1902). A statement for the Southern Railway-Carolina Division will be found in Section 22.

Jacksonville Extension.—Effective July 1, 1902, the Southern Ry. Co. purchased the securities of the Atlantic, Valdosta and Western Ry. Co. and of the St. Johns River Ter-

*There is no *separate* consideration paid for the use of the Alabama Great Southern track from Central Passenger Station to Louisa Street, Chattanooga, the use of that track being granted under the agreement for use of the N., C. & St. L. tracks between Chattanooga, Tenn., and Stevenson, Ala.

† The use of the L. & N. RR. Co.'s track at Mobile, Ala., between Lipscomb Street and the Passenger Station (0.75 mile) is covered by agreements for the use and exchange of various terminal facilities at Mobile, so that the consideration for the use of that particular track cannot be stated separately. The rental paid for these tracks, both at Chattanooga and Mobile, is included in operating expenses and is not stated as a part of the company's fixed charges.

5. Controlled Companies.—The Southern Ry. Co. controls the Alabama Great Southern RR., through ownership of a majority of each class of the capital stock of the Alabama Great Southern Ry. Co., Limited. The Southern Ry. Co. also controls the Mobile and Ohio RR. Co. through ownership of more than 64 per cent. of its capital stock and about 84 per cent. of its general mortgage bonds. Those railroads are operated as independent properties, and separate statements for them will be found elsewhere in the MANUAL (see GENERAL INDEX). The Southern Ry. Co. owns all the securities of the Blue Ridge Ry. Co. and of the Hartwell Ry. Co., all the stock and practically all the bonds of the Danville and Western Ry. Co. and a majority of the stock of the Augusta Southern RR. Co. It also has a controlling interest in the Northern Alabama Ry. Co. Statements for these four companies will be found appended hereto. In addition to and as an adjunct

of its railroad system the Southern Ry. Co. controls the Chesapeake Steamship Co. (successor to the Baltimore, Chesapeake and Richmond Steamboat Co.), operating about 200 miles of water lines on Chesapeake Bay and James River. The reports of that company are not available.

8. Joint Control.—The Southern Ry. Co. and the Cincinnati, Hamilton and Dayton Ry. Co. jointly control the Cincinnati, New Orleans and Texas Pacific Ry. Co., lessee of the Cincinnati Southern Ry. The Southern Ry. Co. and the Louisville and Nashville RR. Co. jointly control the Chicago, Indianapolis and Louisville Ry. Co. The same companies control the Birmingham Southern RR. Co., through ownership of its capital stock, each one-half. The Southern Ry. Co., the Baltimore and Ohio Southwestern RR. Co. and the Chicago, Indianapolis and Louisville Ry. Co. jointly control the Kentucky and Indiana Bridge and Railroad Co., owner of the railroad and bridge from New Albany, Ind., to Louisville, Ky. The Southern Ry. Co. owns one-eighth of the capital stock of the Norfolk and Portsmouth Belt Line RR. Co., the remaining seven-eighths being owned equally by the seven other railroad companies having terminals on the Elizabeth River. The several companies named are operated as independent organizations, and separate statements for them will be found elsewhere in the MANUAL (see GENERAL INDEX). The Southern Ry. Co. and the Atlantic Coast Line RR. Co. own and use jointly the Union Passenger Station at

Columbia, S. C., constructed by the Columbia Union Station Co., and opened for operation Jan. 15, 1902. The Union Passenger Station at Savannah, Ga., opened for operation May 25, 1902, is owned and used jointly by the Southern Ry. Co., the Atlantic Coast Line RR. Co. and the Seaboard Air Line RR.

10a. Dividends.—Dividend No. 9 on preferred stock, 2½ p. c., was paid in April, 1902, from the net profits of the half year ending Dec. 31, 1901. Dividend No. 10 on preferred stock, also 2½ p. c. (making 5 p. c. for the year) was paid on Oct. 31, 1902, from the net profits of the half year ending June 30, 1902.

11. Capital Stock.—The amount of capital stock authorized is as shown on the General Balance Sheet. Preferred stock is entitled to dividends at the rate of 5 p. c. a year, non-cumulative. No additional mortgage can be put upon the property, nor can the authorized amount of the preferred stock be increased, without the consent in either case of a majority in amount of the preferred stockholders. By act of the Legislature of Virginia, effective Jan. 23, 1900, the company may at any time, by majority vote, reduce its common stock to $60,000,000.

12. Voting Trust.—In the plan of reorganization it was provided that both classes of the capital stock, except enough shares to qualify directors, should be deposited in a voting trust until the company should have paid in one year, in cash, dividends of 5 p. c. on the preferred stock. That rate was paid in 1902 (2½ p. c. in April and 2½ p. c. in Oct.), but before the latter half yearly payment was made the owners of a majority of each class of the capital stock assented to an extension of the voting trust until Oct. 15, 1907, or until such day thereafter as the owners of a majority of the assented stock shall, by vote on the date of any annual election for directors of the company, fix as the date for the termination of the agreement; without prejudice, however, to the continuing right of the voting trustees, in their discretion, to terminate the trust at any time. Certificates of beneficial interest, representing the ownership of the shares and entitling the holders to any dividends declared, are outstanding in lieu of the stock deposited. The voting trustees are J. P. Morgan, Charles Lanier and George F. Baker.

13. Funded Debt.—The funded debt on June 30, 1902—total, $129,231,900 as per general balance sheet—consisted of the several issues of bonds listed in the following statement. Additional particulars respecting any issue will be found in the paragraphs relating thereto appended to the statement:

First Consol. Mtge. Bonds.—These are authorized to the amount of $120,000,000, and of the $83,535,000 of bonds unissued on June 30, 1902, $11,942,300 were held for extensions, additions, and betterments; $68,870,700 for the retirement of prior liens; $5,700,000 for the acquisition of the stocks of the North Carolina RR. Co., and the Atlanta and Charlotte Air-Line Ry. Co., and the remainder for the retirement of equipment obligations and for other purposes. Of the $36,465,000 issued up to June 30, 1902, $2,790,000 represented bonds free in the treasury, the amount actually outstanding being $33,675,000. The bonds are secured by a direct mortgage on all lines owned by the company, as well as on its leasehold estates, etc., and by pledge of bonds and stocks of the par value of $19,148,825, the details of which are shown in Sec. 18. The mortgage securing these bonds is now a direct first lien on 609.34 miles of road, as follows: Clarksville to Durham, N. C., 56.8 m.; Oxford to Henderson, N. C., 12.72 m.; Greensboro to Wilkesboro, N. C., 100.15 m.; Statesville to Taylorsville, N. C., 20 m.; Atlanta to Fort Valley, Ga., 102.3 m.; Mobile Junc. to Birmingham Junc., Ala., 34 m.; Gurnee Junc. to Blocton, Ala., 14.30 m.; Rome to Attalla, Ala., 61.3 m.; Marion Junc. to Akron, Ala., 53 m.; Knoxville to Maryville, Tenn., 16 m.; Clinton to Harriman Junc., Tenn., 30.6 m.; Briceville to Panola, Tenn., 3.7 m.; Oliver Springs to Big Mountain, Tenn., 3.26 m.; Rogersville Junc. to Rogersville, Tenn., 16 m.; Johnson City to Embreeville, Tenn., 13 m.; Knoxville, Tenn., to Cumberland Gap, Ky., 62.36 m.; the Knoxville Belt Line, 5.85 m.; and extension from Round Hill to Bluemont, Va., 4 m. It is also practically a first lien on the following-named railroads by virtue of the pledge of all of the mortgage bonds outstanding secured by first liens thereon; Danville and Western Ry., 75 m.; Elberton Air-Line RR., 50.6 m.; High Point, Randleman, Asheboro and Southern RR., 26.8 m.; North Carolina Midland RR., 53.55 m.; Southern Ry. in Ky., 123.2 m.; Yadkin RR., 41 m.—total, 370.15 miles.

East Tennessee Reorganization Bonds.—Secured by a lien on certain parts of the lines of railway formerly of the East Tennessee, Virginia and Georgia Ry. Co., identical in terms with but less in amount than the lien of $6,000,000 former Improvement and Equipment bonds of the East Tennessee, Virginia and Georgia Ry. Co., for which they were substituted pursuant to the plan of reorganization. They also constitute a lien prior to that of the Southern Ry. 1st consolidated mortgage on $561,200 of the capital stock of the Knoxville and Ohio RR. Co. and on the $2,656,525 capital stock of the Memphis and Charleston RR. (See statement of securities deposited under the 1st consolidated mortgage.)

Memphis Division First Mtge. Bonds.—Secured by first mortgage on the 257 miles of the old Memphis and Charleston RR. in Alabama and Tennessee, together with appurtenances, etc., and by pledge of a separate bond of $900,000, resting as a first lien on the 35 miles within the State of Mississippi, together with 1,000 shares of the capital stock of the Memphis and Charleston Ry. Co. (in Mississippi), the direct owner of that section of the line. The amount of bonds authorized to be issued under this mortgage is $8,000,000, of which $1,417,000 are reserved to be issued at a rate not exceeding $100,000 per annum for future improvements upon the Memphis Division ($100,000 of these bonds have been issued since June 30, 1902, increasing the amount outstanding to $5,183,000) and $1,500,000 are reserved solely for the construction, if determined upon, of a line of railway between Stevenson, Ala., and Chattanooga, Tenn., replacing the trackage now used over the Nashville, Chattanooga and St. Louis Ry. If not used for this purpose, the $1,500,000 of bonds can not be issued. All of the bonds are to bear interest at the rate of 4½ p. c. per annum until July 1, 1906, and 5 p. c. per annum thereafter.

Memphis Division Second Mtge. Bonds.—Secured on the same property as the 1st mtge. bonds, but subject in lien thereto. The total authorized issue is $2,500,000, bonds amounting to $1,000,000 being reserved for improvements or for the purchase of additional property. The $1,500,000 shown in the statement of funded debt have not been sold, but are pledged as security for the $1,000,000 certificates of indebtedness issued on account of the purchase of the Memphis and Charleston RR. (See General Balance Sheet.)

Aiken Branch Bonds.—These bonds are secured by mortgage upon the line from Aiken to Edgefield, S. C., 23.58 miles.

St. Louis Division Bonds.—Secured by first mortgage on the railway, real estate, and franchises of the St. Louis Division lying within the State of Illinois, and on the equipment and personal property formerly of the Louisville, Evansville and St. Louis Consolidated RR. Co., also by deposit of $999,300 capital stock and a $5,000,000 1st mtge. bond of the Southern Ry. Co. of Indiana. The amount of bonds authorized to be issued under this mortgage is $15,000,000, of which $2,750,000 are reserved for additions and improvements or for the construction or acquisition of branches or extensions, not more than $500,000 thereof to be issued in any one year. The remaining $1,000,000 bonds are to be issued only for the construction of a line or portions of a line to overcome the high grades of the line for about 75 miles west from New Albany, Ind.

Mobile and Ohio Collateral Bonds.—Secured by the deposit of an equal amount of gen. mtge. bonds of the Mobile and Ohio RR. The balance of the authorized issue of $9,500,000 is reserved for the acquisition of the outstanding balance of gen. mtge. bonds of the Mobile and Ohio RR. Co. Provision is made in the trust indenture for a sinking fund under which the bonds may be retired before their maturity, but only whenever and to the same extent as Mobile and Ohio gen. mtge. 4 p. c. bonds (which may have been pledged as security under the trust indenture) are retired under the sinking fund provision in the general mortgage of the Mobile and Ohio RR. Co.

R. & D. RR. Consol. Mtge. Bonds.—Secured on the line from Richmond to Danville, Va., and branches, 146 miles. The trustee holds as collateral security for these bonds, $500,000 1st mtge. bonds and $500,000 2d mtge. bonds of the Piedmont RR. Co.

R. & D. RR. Debenture Mtge. Bonds.—These are a lien subsequent to the consolidated mortgage of 1915 on the main line and branches of the R. & D. RR.

R. & D. RR. Equipment Mtge. Bonds.—It is provided that the company shall pay to the trustee on each interest day a sum equal to 4½ p. c. of the principal of bonds previously issued, whether any shall have been redeemed or not, and so much of this sum as is not required to pay interest is to be used in redeeming outstanding bonds at par and accrued interest.

Washington, Ohio and Western First Mtge. Bonds.—Secured on the line from Alexandria to Round Hill, Va., 50 miles. The amount shown in the statement of funded debt, $1,025,000, does not include $221,000 owned by the Southern Ry. Co. and pledged under the 1st consolidated mortgage (see Sec. 18).

Richmond, York River and Chesapeake Bonds.—These are secured in the order of their priority on the line from Richmond to West Point, Va., 39 miles, and constitute liens prior to that of the Southern Ry. 1st consolidated mortgage on $125,100 of the capital stock of the Chesapeake Steamship Co. (see Sec. 18).

Atlantic, Tennessee and Ohio Bonds.—Secured by first mortgage on the line from Charlotte to Statesville, N. C., 45.91 miles.

Western North Carolina Bonds.—Secured by first mortgage on the line from Salisbury to Paint Rock, N. C., 184.9 miles.

Charlotte, Columbia and Augusta Bonds.—Secured in the order of their priority on the line from Charlotte, N. C., to Augusta, Ga., 190.53 miles. Interest is payable in gold. Respecting the due date of the Charlotte, Columbia and Augusta 2d mtge. bonds, referred to in the MANUAL for 1900, page 392, it is authoritatively stated that the Southern Ry. Co. will recognize as the due date of the bonds, Oct. 1, 1910, as shown on the face of the bonds and by the coupons, instead of Oct. 1, 1902, as stated in the recorded mortgage.

Columbia and Greenville Bonds.—Secured on the line from Columbia to Greenville, S. C., 143.50 miles, and branches, 21.48 miles—total, 164.98 miles.

East Tenn., Virginia and Georgia First Mtge. Bonds.—Secured by first mortgage on the line from Bristol, Tenn., via. Chattanooga, Tenn., and Rome, Ga., to Selma, Ala., about 550 miles.

East Tenn., Virginia and Georgia Consol. Mtge. Bonds.—Secured on the entire property of the old E. T., V. & G. Ry. Co., including its interest in the Knoxville and Ohio and Memphis and Charleston RR. Cos. (see Sec. 22).

Alabama Central Bonds.—Secured by first mortgage on the line from Lauderdale, Miss., to Selma, Ala., 95 miles.

Georgia Pacific Bonds.—The 1st mtge. 6s are secured on the line from Greenville, Miss., to Atlanta, Ga., and branches, a total of about 555 miles. The equipment sinking fund bonds have been called for redemption since the close of the fiscal year.

Knoxville and Ohio Bonds.—Secured by first mortgage on the line from Knoxville to Jellico, Tenn., 65.3 miles.

Spartanburg, Union and Columbia Bonds.—Secured by first mortgage on the Asheville and Spartanburg Ry., 133.9 miles. The Southern Ry. Co. guarantees the interest but not the principal of these bonds.

Virginia Midland Serial Bonds.—The 1st series is secured by a 1st lien on all lines between Alexandria and Gordonsville, including the lease of the Charlottesville and Rapidan RR.; the 2d series by a 2d lien on the same lines, and a 1st lien on the line between Charlottesville and Lynchburg; the 3d series by a 3d lien on lines between Alexandria and Gordonsville, and a 2d lien between Charlottesville and Lynchburg; the 4th series by a 4th lien on lines between Alexandria and Gordonsville, and a 3d lien between Charlottesville and Lynchburg; the 5th series by a 5th lien on lines between Alexandria and Gordonsville, a 4th lien between Charlottesville and Lynchburg, and a 1st lien on the road from Manassas Junc. to Harrisonburg; the 6th series by a 1st lien on the road between Lynchburg and Danville, including Pittsville Branch and lease of Franklin and Pittsylvania RR., and a 6th lien on the lease of the Charlottesville and Rapidan RR.

Virginia Midland Gen. Mtge. Bonds.—Secured on the entire property formerly of the Virginia Midland Ry. Co. These bonds are a direct obligation of the Southern Ry. Co. A sufficient amount of them is reserved for the retirement of the serial bonds.

Charlottesville and Rapidan Bonds.—Secured by 1st mortgage on 28.22 miles of the Alexandria-Greensboro line, from Charlottesville to Orange, Va. The road is leased by the Southern Ry. Co. at a rental of $35,300 per annum. Part of this rental is annually applied to the retirement of the bonds, the capital stock being retired simultaneously therewith. On Jan. 1, 1914, the bonds and the stock will have been retired and the road will be merged into the Southern Ry. In the meantime it is necessary to preserve the corporate existence of the C. & R. RR. Co.

Atlantic and Yadkin Bonds.—Secured by first mortgage on the Atlantic and Yadkin Ry., 166.22 miles. The bonds are guaranteed, principal and interest, by the Southern Ry. Co., the guaranty being endorsed on each bond.

14. Southern-Louisville & Nashville, Monon Collateral, Joint Gold Bonds.—After June 30, 1902, $11,683,000 of 4 p. c. 50-year joint bonds of this company and the Louisville and Nashville RR. Co. were issued in payment for $3,800,000 of the preferred stock and $9,696,900 of the common stock of the Chicago, Indianapolis and Louisville Ry. Co. on the terms stated in Sec. 4. The authorized issue of these joint bonds is $15,500,000, of which bonds amounting to $13,390,000 were set aside to acquire the $5,000,000 preferred stock and the $10,500,000 common stock of the Chicago, Indianapolis and Louisville Ry. Co., while the remaining $2,110,000 were reserved for the betterment, improvement and enlargement of that company's property. The bonds reserved for betterments, etc., are to be issued under carefully guarded restrictions and at not exceeding the rate of $500,000 a year. The bonds are secured by deposit of the shares against which they were issued, those shares being owned one-half each by the Southern Ry. Co. and the Louisville and Nashville RR. Co. Each of the companies named is liable for one-half of the bonds, principal and interest, and each of them must bear one-half of all other obligations imposed by the indenture under which the bonds were issued. Should either company default in its obligations to the other in respect of the bonds, the deposited stock belonging to the defaulting company shall become the property of the company not in default, which thenceforth shall become liable in severalty upon all covenants contained in the bonds. It is provided that the C., I. & L. Ry. Co. shall not execute or issue any bonds except for the refunding of its existing obligations, or for the acquisition of additional property, or for betterments, improvements or other lawful purposes, and that no proceeds of any bonds to be issued by the C., I. & L. Ry. Co. shall be used to pay any part of the joint bonds unless all such joint bonds shall then be paid. The bonds may be called for redemption on any 1st of Jan. or 1st of July after Jan. 1, 1907, at 105 p. c. and accrued interest; but not less than $1,000,000 shall be called at any one time, nor shall any of the registered bonds be called until all the coupon bonds have been redeemed or called for redemption. The bonds may be issued either in coupon or registered form, coupon bonds to be of the denomination of $1,000, and registered bonds in denominations of $1,000, $5,000, $10,000 or multiples of $10,000. Coupon bonds may be registered as to principal alone or may be exchanged for fully registered bonds. Principal and interest are payable in gold, free of all taxes. Trustee and registrar of bonds: Standard Trust Co., New York, N. Y.

15. Sinking Funds.—After the retirement of the Georgia Pacific equipment bonds there remain only two issues with sinking fund features—the Richmond and Danville RR. equipment sinking fund 5 p. c. mtge. bonds and the Charlottesville and Rapidan RR. 1st mtge. 6 p. c. bonds. The operations of the sinking funds, it is expected, will retire the former in 1905 and the latter in 1913.

16. Outstanding Securities of Leasehold Estates.—The following is a statement in detail of the $25,140,000 outstanding on June 30, 1902, as per general balance sheet (additional particulars are in the separate statements for the respective leased lines and in the Ready Reference Bond List—see General Index):

17. Equipment Obligations of Southern Ry. Co.—The outstanding equipment obligations created by the Southern Ry. Co. represent unmatured balances on contracts covering the following equipment: 3,481 freight cars received during fiscal year 1900, 3,469 freight cars received during fiscal year 1901, 3,083 freight cars received during fiscal year 1902, 292 freight cars due this fiscal year not yet delivered, 50 passenger cars received during fiscal year 1901, 43 passenger cars received during fiscal year 1902, 83 locomotives received during fiscal year 1901 and 35 locomotives received during fiscal year 1902. The contract cost of this equipment was $9,683,827.69, of which there had been paid June 30, 1902, $4,632,952.81, leaving an unmatured balance of $5,050,874.88, as per general balance sheet. Equipment trust, series B, dated Oct. 1, 1901, covers

10 passenger locomotives, 25 freight locomotives and 3,375 freight cars. The total cost of this equipment was $3,002,336.50, of which $602,336.50 was paid in cash; equipment trust obligations were issued for the remaining $2,400,000. These obligations bear interest at the rate of 4 p. c. per annum and are payable in semi-annual installments, the last one due Sept. 30, 1908.

17a. Late Equipment Trusts.—Since June 30, 1902, two equipment trust agreements have been made with Blair & Co., of New York, N. Y., one of them, designated Series "C," covering 89 locomotives, 2,500 drop-bottom gondola cars, 500 ventilated box cars, and 200 ballast cars, and the other one, designated Series "D," covering 147 locomotives, 500 ventilated box cars, and 200 drop-bottom gondola cars. The consideration named in agreement Series "C," is $4,144,396, of which $944,396 to be paid in cash and $3,500,000 in fourteen semi-annual installments, the first installment to be $223,000, and the rest, $229,000 each. Each installment is evidenced by promissory notes of $1,000 each, dated Dec. 1, 1902, and bearing interest at the rate of 4 p. c. per annum to the date of payment thereof, such interest being payable on the 1st of June and Dec. The consideration in agreement Series "D" is $3,235,175, of which $757,175 is to be paid in cash and the balance, $2,478,000 in $1,000 bonds, to be paid in fourteen semi-annual installments of $177,000 each, with interest at the rate of 4 p. c. per annum from the date of the bonds, May 1, 1903, to the date of their payment, such interest being payable on the 1st of May and Nov.
